Stitching Freedom Gary Tyler, 2025-10-07 In the tradition of books by Albert Woodfox and Angela Davis this gripping memoir of a wrongful conviction and time spent on death row in Angola prison shows how incarcerated people care for each other and fight for justice In 1975 seventeen year old Gary Tyler was sent to Angola prison to die A year earlier he

had been wrongfully charged with the killing of a white teenager and found guilty by an all white jury making Gary the youngest prisoner on death row in the United States Following his conviction Amnesty International and investigative reporters documented the brutal treatment fabricated evidence recanted testimony and repeated injustices that led to his sentencing Three times Gary was recommended for a pardon three times Louisiana governors refused to accept the political risk After more than four decades in prison Tyler was released in 2016 but he was never exonerated This is not a story of mistaken identity or circumstantial evidence but one of systemic injustice from an institution hard wired into a legacy of slavery in effect this was a legal lynching While detailing the injustice Gary s memoir is also a remarkable story of pride forgiveness community and triumph With insight and heart he shows how he learned to reject bitterness and fight for freedom helped by activists such as Albert Woodfox and Herman Wallace on the inside and relentless support from a mass movement on the outside *Stitching Freedom* is the page turning narrative with which Gary reclaims his power

Freedom Reclaimed John E. Schwarz,2005-01-02 A political scientist examines how the meaning of freedom has changed in American discourse and how we can reclaim our most treasured value The vision of American freedom that the Founders enshrined in the Declaration of Independence is very different from the free market idea of freedom that is ascendant today In *Freedom Reclaimed* John E Schwarz examines the profound implications of this shift in political rhetoric Schwarz shows how the three decade shift toward free market freedom has brought economic hardship to the majority of Americans and suffering to the political life of the nation As the nation moves further away from its impelling original commitment most Americans now have only limited access to the freedom the Founders envisioned In policy discussions on employment education social issues and health care Schwarz recasts our understanding of what freedom means and involves He then sets forth a program that can help America return to its ennobling vision and resume its historic journey

We Want Freedom Mumia Abu-Jamal,2004 In his youth Mumia Abu

Jamal helped found the Philadelphia branch of the Black Panther Party wrote for the national newspaper and began his life long work of exposing the violence of the state as it manifests in entrenched poverty endemic racism and unending police brutality and celebrating a people's unending quest for freedom In *We Want Freedom* Mumia combines personal experience with extensive research to provide a compelling history of the Black Panther Party what it was where it came from and what rose from its ashes Mumia also pays special attention to the U S government's disruption of the organization through COINTELPRO and similar operations While Abu Jamal is a prolific writer and probably the world's most famous political prisoner this book is unlike any of Mumia's previous works In *We Want Freedom* Abu Jamal applies his sharp critical faculties to an examination of one of the U S's most revolutionary and most misrepresented groups A subject previously explored by various historians and forever ripe for insider accounts the Black Panther Party has not yet been addressed by a writer with the well earned international acclaim of Abu Jamal nor with his unique combination of a powerful even poetic voice and an unsparing critical gaze Abu Jamal is able to make his own Black Panther Party days come alive as well as help situate the organization within its historical context a context that included both great revolutionary fervor and hope and great repression In this era when the US PATRIOT Act dismantles some of the same rights and freedoms violated by the FBI in their attack on the Black Panther Party the story of how the Party grew and matured while combating such invasions is a welcome and essential lesson

Smoke But No Fire Jessica S. Henry, 2021-10-05 2020 Foreword INDIES Book of the Year Awards Winner Silver Political and Social Sciences Winner of the Montaigne Medal awarded to the most thought provoking books The first book to explore a shocking yet all too common type of wrongful conviction one that locks away innocent people for crimes that never actually happened

Rodricus Crawford was convicted and sentenced to die for the murder by suffocation of his beautiful baby boy. After years on death row, evidence confirmed what Crawford had claimed all along: he was innocent and his son had died from an undiagnosed illness. Crawford is not alone. A full one third of all known exonerations stem from no crime, wrongful convictions. The first book to explore this common but previously undocumented type of wrongful conviction, *Smoke but No Fire*, tells the heartbreaking stories of innocent people convicted of crimes that simply never happened. A suicide is mislabeled a homicide. An accidental fire is mislabeled an arson. Corrupt police plant drugs on an innocent suspect. A false allegation of assault is invented to resolve a custody dispute. With this book, former New York City public defender Jessica S. Henry sheds essential light on a deeply flawed criminal justice system that allows even encourages these convictions to regularly occur. *Smoke but No Fire* promises to be eye-opening reading for legal professionals, students, activists, and the general public alike, as it grapples with the chilling reality that far too many innocent people spend real years behind bars for fictional crimes.

Odyssey to Freedom George Bizos, 2011-12-02. In October 1941, a young boy and his father disembarked at Durban harbour from a large liner commissioned into emergency service by the Allies. They were Greek refugees from their German-occupied motherland. They spoke no English. They had little money and no prospects. They were heroes, but no one knew that. Some months earlier, father and son together with two other Greek men and seven New Zealand soldiers had set off in an open boat in an attempt to escape the German invaders. For two days and nights sailing by instinct and the stars, battered by fierce winds, their food stocks running low, their water bottles almost empty, they ploughed across the Mediterranean towards Crete, little knowing that the island was soon to capitulate to the Germans. Fortunately, the escapees sailed into an Allied fleet while it was still light and were rescued. Had they encountered the fleet in darkness, their fate might have been dire. As sometimes in the horrors of war, no prisoners were taken. A reality the young boy discovered not many nights later. The boy who stood on the Durban docks, appalled at the sight of Zulu men doing the work of animals by pulling rickshaws, would become one of the leading human rights lawyers in the country that his father had chosen because the pavements were allegedly paved with gold. The boy was George Bizos. Today, George Bizos is a legendary name renowned throughout the legal profession and beyond. More than that, he is a figure recognised in townships across South Africa. For as an advocate, Bizos is associated with the Treason Trial of the late 1950s, the subsequent Rivonia Trial where his colleague, client and friend Nelson Mandela was sentenced to life imprisonment, the trial of Bram Fischer, that of the Namibian Toivo ja Toivo, a host of major human rights trials through the 1970s and 1980s right up to the amnesty hearings of the Truth and Reconciliation Commission, and in 2004 with the treason trial of the Zimbabwean opposition leader Morgan Tsvangirai in that country. A consummate lawyer, a self-styled street fighter with a quiet tone of voice and a beguiling smile, who in cross-examination would slice through the evidence of security police and apartheid apologists alike, Bizos haunted the courtrooms of the apartheid regime. For four decades, he exposed State lies and hypocrisy, State brutality and murder. In response, the State

badgered and threatened him bugged his phone obstructed his hearings But the advocate was not to be intimidated In this compelling and long awaited autobiography George Bizos reveals the drama the heartache and the moments of triumph the fears and the frustrations of his long career as an advocate He writes moreover about himself and his family and the domestic moments that made bearable the brutal years He revels in his return to his beloved Greece his joy at the Athens Olympic Games and his love of modern Greek poetry Above all his is a warm and compassionate account related by a raconteur of note It is history told from the inside
