Sliver Gravemother

Legendary Creature — Sliver

The "legend rule" doesn't apply to Slivers you control.

Each Sliver creature card in your graveyard has **encore X**, where **X** is its mana value.

Encore X (**X**, *Exile this card from your graveyard. For each opponent, create a token copy that attacks that opponent this turn if able. They gain haste. Sacrifice them at the beginning of the next end step. Activate only as a sorcery.*)

problems of probability and induction This is an authoritative and up to date treatment of the subject and yet it is relatively brief and nontechnical Hume's skeptical arguments regarding the justification of induction are taken as a point of departure and a variety of traditional and contemporary ways of dealing with this problem are considered The author then sets forth his own criteria of adequacy for interpretations of probability Utilizing these criteria he analyzes contemporary theories of probability as well as the older classical and subjective interpretations *The Development of Judgment and Decision Making in Children and Adolescents* Janis E.
