**Steven Frye**

## **From Hopalong To Hud Thoughts On Western Fiction:**

**From Hopalong to Hud** Charles Leland Sonnichsen,1978 Many books and innumerable articles have been published on the subject of Westerns since 1960 but the emphasis has been almost entirely on Western movies Not much attention has been paid to the fiction of and about the American West     **Critical Essays on the Western American Novel** William T. Pilkington,1980     Gunfighter Nation Richard Slotkin,1998 Examines the ways in which the frontier myth influences American culture and politics drawing on fiction western films and political writing     The Modern Cowboy John R. Erickson,2004 What does it take to raise cattle in the 21st century Ask John Erickson For any aspiring cowboy this is an essential guide     **A Literary History of the American West** Western Literature Association (U.S.),1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance     The Cambridge Companion to the Literature of the American West Steven Frye,2016-04-26 This Companion provides a comprehensive introduction to one of the most vibrant and expansive traditions in world literature The American West occupies a unique place in the global imagination and the literature it produced transcends the category of region in theme and form Written by prominent international scholars the essays cover a diverse group of key texts and authors including major figures in the Native American Hispanic Asian American and African American movements Treatments range from environmental and ecopoetic to transnational and transcultural reflecting the richness of the field This volume places the literature in deep historical context and features a chronology and a bibliography for further reading It will be an essential guide for students of literature of the American West and of American literature generally     The Mythic West in Twentieth-century America Robert G. Athearn,1986 Briefly describes life in the West and discusses the ephemeral nature of the region western towns the tourist industry agriculture fiction and the ecology movement     **A Companion to the Modern American Novel, 1900 - 1950** John T. Matthews,2013-06-10 This cutting edge Companion is a comprehensive resource for the study of the modern American novel Published at a time when literary modernism is being thoroughly reassessed it reflects current investigations into the origins and character of the movement as a whole Brings together 28 original essays from leading scholars Allows readers to orient individual works and authors in their principal cultural and social contexts Contributes to efforts to recover minority voices such as those of African American novelists and popular subgenres such as detective fiction Directs students to major relevant scholarship for further inquiry Suggests the many ways that modern American and fiction carry new meanings in the twenty first century     **Western American Literature** ,1979     *Larry McMurtry and the West* Mark Busby,1995 This is the first major single authored book in almost twenty years

to examine the life and work of Texas foremost novelist and to develop coherent patterns of theme structure symbol imagery and influence in Larry McMurtry's work The study focuses on the novelist's relationship to the Southwest theorizing that his writing exhibits a deep ambivalence toward his home territory The course of his career demonstrates shifting attitudes that have led him toward away from and then back again to his home place and the cowboy god that dominates its mythology The book utilizes original materials from five library special collections as well as interviews with McMurtry his family and his friends such as Ken Kesey Historical Dictionary of Westerns in Literature Paul Varner, 2010-09-20 When in 1902 Owen Wister a member of the Eastern blueblood aristocracy and friend of novelist Henry James became a best selling novelist with the publication of *The Virginian* few readers would have guessed that a new kind of American literature was being born While Owen Wister was enjoying his success Edwin S Porter in New Jersey was filming the first cinema Western *The Great Train Robbery* which would usher in a new era both of movies in general and of Western movies in particular Both events would lead to a century of cultural fascination with stories of the old West The *Historical Dictionary of Westerns in Literature* tells the story of the Western through a chronology a bibliography an introductory essay and hundreds of cross referenced dictionary entries on authors such as Owen Wister Zane Grey Max Brand Clarence Mulford Ernest Haycox Luke Short Dorothy Johnson Louis L Amour and Cormac McCarthy Western Heritage Paul Andrew Hutton, 2013-04-17 The enduring fascination of the American West marks this collection of essays by distinguished historians investigative reporters a novelist and a celebrated screenwriter All of these articles have won Wrangler Awards the western equivalent of the Oscars presented annually by the National Cowboy Western Heritage Museum in Oklahoma City Exciting storytelling a hallmark of western writing shapes every selection C L Sonnichsen's 1986 revisionist account of Geronimo's life foreshadows the work of younger historians who continue to deepen our understanding of American Indian history Jeffrey Pearson's story of the death of Crazy Horse and Greg Michno's novelistic rendering of the Lakota view of the Battle of the Little Bighorn represent history as practiced by scholars who are also powerful writers Journalist screenwriter William Broyles's narrative of the King family and ranch is a Texas saga as captivating as anything by Larry McMurtry The renowned novelist Oakley Hall writes with a historian's precision about Wyoming setting for *The Virginian* and site of the Teapot Dome scandal and the Johnson County range war Focusing on Charles M Russell Raphael Cristy establishes the western artist's importance as a writer who overturned stereotypes about American Indians Environmental studies are showcased in Dan Flores's essays on the demise of the great buffalo herds and the history of the horse trade And no overview of the West would be complete without military and law enforcement history amply represented by Robert M Utley's work on the Texas Rangers Paul Hutton's panoramic recounting of the Alamo and Sally Denton's new look at the controversial Mountain Meadows Massacre incorporating the latest forensic evidence In what serves as a fitting coda to the violent yet inspiring history of the American West Hutton offers a stirring account of Teddy Roosevelt's leadership at the Battle of San Juan Hill This is a collection as pleasurable to

read as it is rich with great and significant stories about one of the most enduring national epochs the history of the great American West     Acts of Rebellion Ward Churchill,2003-12-16 What could be more American than Columbus Day Or the Washington Redskins For Native Americans they are bitter reminders that they live in a world where their identity is still fodder for white society The law has always been used as toilet paper by the status quo where American Indians are concerned writes Ward Churchill in Acts of Rebellion a collection of his most important writings from the past twenty years Vocal and incisive Churchill stands at the forefront of American Indian concerns from land issues to the American Indian Movement from government repression to the history of genocide Churchill one of the most respected writers on Native American issues lends a strong and radical voice to the American Indian cause Acts of Rebellion shows how the most basic civil rights laws put into place to aid all Americans failed miserably and continue to fail when put into practice for our indigenous brothers and sisters Seeking to convey what has been done to Native North America Churchill skillfully dissects Native Americans struggles for property and freedom their resistance and repression cultural issues and radical Indian ideologies     **Reading the West** Michael Kowalewski,1996-02-23 The American West of myth and legend has always exerted a strong hold on the popular imagination and the essays in Reading the West examine some of the basis of that fascination Reading the West first published in 1996 is a collection of critical essays by writers independent scholars and critics on the literature of the American West in the last two centuries It showcases new ways of reading and understanding western writing Arguing for the importance of place in literature these essays explore what makes representative literary works western They also explore the multicultural and ecological dimensions of western writing This volume helps enrich our understanding of a distinguished body of literary work which has sometimes been unjustly ignored It deals not only with literature but with the changing conception of the West in the American imagination     **Genreflecting** Betty Rosenberg,1986     **Genreflecting** Diana Tixier Herald,1995 A guide for understanding popular reading tastes organized to define each genre and its subgenres     **Six-Gun in Cheek** Bill Pronzini,2017-10-18 Hilarious and informative study of alternative Westerns takes aim at sub par cowboy fiction surveying 20th century pulp magazines and paperbacks to provide laughably awful dialogue humorous plot summaries anecdotes and historical background     *The Invention of the Western Film* Scott Simmon,2003-06-30 Table of contents     Savages and Saints Bob Herzberg,2014-01-10 The history of American Indians on screen can be compared to a light shining through a prism We may have seen bits and pieces of the genuine culture portrayed but rarely did we see a satisfying and informative whole picture Savages and Saints deals with the changing image of the American Indian in the Western film genre contrasting the fictionalized images of native Americans portrayed in classic films against the historical reality of life on the American frontier The book tells the stories of frontier warriors Indian and white revealing how their stories were often drastically altered on screen according to the times the films were made the stars involved in the film s production and the social political beliefs of the filmmakers Studio

correspondence letters from government files and passages from western novels adapted for the screen are used to illustrate the various points. Instructors considering this book for use in a course may request an examination copy here [Hollywood Dreams and Biblical Stories](#). Bernard Brandon Scott, An accomplished biblical scholar here juxtaposes movies and New Testament themes to uncover the mythic dimensions of each and to explore the primary conflicts in American society.
