## **From Motherhood To Mothering The Legacy Of Adrienne Rich's Of Woman Born:**

From Motherhood to Mothering Andrea O'Reilly, 2012-02-01 In the years since the publication of Adrienne Rich's *Of Woman Born* the topic of motherhood has emerged as a central issue in feminist scholarship. Arguably still the best feminist book on mothering and motherhood, *Of Woman Born* is not only a wide-ranging far-reaching meditation on the meaning and experience of motherhood that draws from the disciplines of anthropology, feminist theory, psychology, and literature, but it also narrates Rich's personal reflections on her experiences of mothering. Andrea O'Reilly gathers feminist scholars from diverse disciplines such as literature, women's studies, law, sociology, anthropology, creative writing, and critical theory, and examines how *Of Woman Born* has informed and influenced the way feminist scholarship thinks and talks about motherhood. The contributors explore the many ways in which Rich provides the analytical tools to study and report upon the meaning and experience of motherhood.

Toni Morrison and Motherhood Andrea O'Reilly, 2004-04-08 Traces Morrison's theory of African American mothering as it is articulated in her novels, essays, speeches, and interviews. Mothering is a central issue for feminist theory, and motherhood is also a persistent presence in the work of Toni Morrison. Examining Morrison's novels, essays, speeches, and interviews, Andrea O'Reilly illustrates how Morrison builds upon black women's experiences of and perspectives on motherhood to develop a view of black motherhood that is in terms of both maternal identity and role, radically different from motherhood as practiced and prescribed in the dominant culture. Motherhood in Morrison's view is fundamentally and profoundly an act of resistance, essential and integral to black women's fight against racism and sexism, and their ability to achieve well-being for themselves and their culture. The power of motherhood and the empowerment of mothering are what make possible the better world we seek for ourselves and for our children. This argues O'Reilly is Morrison's maternal theory, a politics of the heart. As an advocate of a politics of the heart, O'Reilly has an acute insight into discerning any threat to the preservation and continuation of traditional African American womanhood and values. Above all, *Toni Morrison and Motherhood*, based on Andrea O'Reilly's methodical research on Morrison's works as well as feminist critical resources, proffers a useful basis for understanding Toni Morrison's works. It certainly contributes to exploring in detail Morrison's rich and complex works, notable from the perspectives of nurturing and sustaining African American maternal tradition. *African American Review*: O'Reilly boldly reconfigures hegemonic western notions of motherhood while maintaining dialogues across cultural differences. *Journal of the Association for Research on Mothering*: Andrea O'Reilly examines Morrison's complex presentations of and theories about motherhood with admirable rigor and a refusal to simplify, and the result is one of the most penetrating and insightful studies of Morrison yet to appear, a book that will prove invaluable to any scholar, teacher, or reader of Morrison. *South Atlantic Review*: it serves as a sort of annotated bibliography of nearly all the major theoretical work on motherhood and on Morrison as an author; anyone conducting serious study of either Toni Morrison or motherhood, not to mention the combination, should read this book. O'Reilly's exhaustive research, her facility

with theories of Anglo American and Black feminism and her penetrating analyses of Morrison's works result in a highly useful scholarly read *Literary Mama* By tracing both the metaphor and literal practice of mothering in Morrison's literary world O'Reilly conveys Morrison's vision of motherhood as an act of resistance American Literature Motherhood is critically important as a recurring theme in Toni Morrison's oeuvre and within black feminist and feminist scholarship An in depth analysis of this central concern is necessary in order to explore the complex disjunction between Morrison's interviews which praise black mothering and the fiction which presents mothers in various destructive and self destructive modes Kudos to Andrea O'Reilly for illuminating Morrison's maternal standpoint and helping readers and critics understand this difficult terrain Toni Morrison and Motherhood is also valuable as a resource that addresses and synthesizes a huge body of secondary literature Nancy Gerber author of *Portrait of the Mother Artist* Class and Creativity in Contemporary American Fiction In addition to presenting a penetrating and original reading of Toni Morrison O'Reilly integrates the evolving scholarship on motherhood in dominant and minority cultures in a review that is both a composite of commonalities and a clear representation of differences Elizabeth Bourque Johnson University of Minnesota Andrea O'Reilly is Associate Professor in the School of Women's Studies at York University and President of the Association for Research on Mothering She is the author and editor of several books on mothering including with Sharon Abbey *Mothers and Daughters Connection* *Empowerment and Transformation* and *Mothers and Sons* *Feminism Masculinity and the Struggle to Raise Our Sons*
