Wirsing, 2016-09-16 This timely study examines the Indian Pakistani conflict over Kashmir as this long standing confrontation between regional rivals became inflamed It focuses on the period from the effective nuclearization of the dispute in 1998 to the introduction of U S troops into the region in connection with the war in Afghanistan Four chapters take on key problems illustrated by this case Regional rivalry Intervention Religious conflicts Conflict resolution The author is an advocate of international intervention in regional conflicts and does not think that leaving the contesting parties to settle their dispute a sort of benign neglect is a responsible U S policy **Nationalism in International Relations** D. V. Paul, 1994-03-10 This

book examines a question generally neglected in the study of international relations why does a militarily and economically less powerful state initiate conflict against a relatively strong state T V Paul analyses this phenomenon by focusing on the strategic and political considerations domestic and international which influence a weaker state to initiate war against a more powerful adversary The key argument of deterrence theory is that the military superiority of the status quo power coupled with a credible retaliatory threat will prevent attack by challengers The author challenges this assumption by examining six twentieth century asymmetric wars from the Japanese offensive against Russia in 1904 to the Argentine invasion of the Falkland Islands in 1982 The book's findings have wide implications for the study of war power deterrence coercive diplomacy strategy arms races and alliances

Beyond Caste Sumit Guha, 2013-09-12 Caste is today almost universally perceived as an ancient and unchanging Hindu institution preserved solely by a deep seated religious ideology Yet the word itself is an importation from sixteenth century Europe This book tracks the long history of the practices amalgamated under this label and shows their connection to changing patterns of social and political power down to the present It frames caste as an involuted and complex form of ethnicity and explains why it persisted under non Hindu rulers and in non Hindu communities across South Asia

Paradoxes of War Zeev Maoz, 2020-12-22 Why do reasonable people lead their nations into the tremendously destructive traps of international conflict Why do nations then deepen their involvement and make it harder to escape from these traps In *Paradoxes of War* originally published in 1990 Zeev Maoz addresses these and other paradoxical questions about the war process Using a unique approach to the study of war he demonstrates that wars may often break out because states wish to prevent them and continue despite the desperate efforts of the combatants to end them *Paradoxes of War* is organized around the various stages of war The first part discusses the causes of war the second the management of war and the third the short and long term implications of war In each chapter Maoz explores a different paradox as a contradiction between reasonable expectations and the outcomes of motivated behaviour based on those expectations He documents these paradoxes in twentieth century wars including the Korean War the Six Day War and the Vietnam War Maoz then invokes cognitive and rational choice theories to explain why these paradoxes arise *Paradoxes of War* is essential reading for students and scholars of international politics war and peace studies international relations theory and political science in general

Colonial and Postcolonial South Asia Catherine Ellis, 2016-12-16 **The Process Of Priority Formulation** Dan Haendel, 2019-07-16 How are foreign policy objectives and priorities formulated by decision makers in the U S government

Dan Haendel answers this question by examining the decision making process during the Indo Pakistani War focusing on the behavior of government institutions and individuals as they attempted to cope with the events of 1971 After a discussion of post World War II U S foreign policy in South Asia the area s importance to the United States during the Cold War and the internal crisis in Pakistan leading up to its war with India the author considers the U S government s response to the Indo Pakistani clash He discusses the organizational structure for the conduct of U S foreign policy the relative importance of the various governmental decision making units and the impact of an individual such as Kissinger within the organization Using as his basic source information gathered in interviews with the participants he provides an account of deliberations with the U S government This work introduces to the field of foreign policy analysis the concept of priority formulation Examining the argument that a decision maker establishes a subjective and personal scale the author points out that beliefs and values are likely to determine the approach used by the decision maker in coping with complex stimuli and in structuring problems

Courting Constitutionalism Moeen Cheema,2021-12-16 Over the last decade the Supreme Court of Pakistan has emerged as a powerful and overtly political institution While the strong form of judicial review adopted by the Supreme Court has fostered the perception of a sudden and ahistorical judicialisation of politics the judiciary s prominent role in adjudicating issues of governance and statecraft was long in the making This book presents a deeply contextualised account of law in Pakistan and situates the judicial review jurisprudence of the superior courts in the context of historical developments in constitutional politics evolution of state structures and broader social transformations This book highlights that the bedrock of judicial review has remained in administrative law it is through the consistent development of the Writ jurisdiction and the judicial review of administrative action that Pakistan s superior courts have progressively carved an expansive institutional role and aggrandised themselves to the status of the regulator of the state **The Return of Faraz Ali** Aamina

Ahmad,2022-04-05 NAMED A BEST BOOK OF THE YEAR BY THE NEW YORK TIMES AND NPR WINNER OF THE 2023 L A TIMES BOOK PRIZE ART SEIDENBAUM AWARD FOR FIRST FICTION Stunning not only on account of the author s talent of which there is clearly plenty but also in its humanity New York Times Book Review cover Sent back to his birthplace Lahore s notorious red light district to hush up the murder of a girl a man finds himself in an unexpected reckoning with his past Not since childhood has Faraz returned to the Mohalla in Lahore s walled inner city where women continue to pass down the art of courtesan from mother to daughter But he still remembers the day he was abducted from the home he shared with his mother and sister there at the direction of his powerful father who wanted to give him a chance at a respectable life Now Wajid once more dictating his fate from afar has sent Faraz back to Lahore installing him as head of the Mohalla police station and charging him with a mission to cover up the violent death of a young girl It should be a simple assignment to carry out in a marginalized community but for the first time in his career Faraz finds himself unable to follow orders As the city assails him with a jumble of memories he cannot stop asking questions or winding through the walled city s labyrinthine

alleyways chasing the secrets his family's and his own that risk shattering his precariously constructed existence Profoundly intimate and propulsive *The Return of Faraz Ali* is a spellbindingly assured first novel that poses a timeless question Whom do we choose to protect and at what price

The Longest August Dilip Hiro, 2015-02-24 The partitioning of British India into independent Pakistan and India in August 1947 occurred in the midst of communal holocaust with Hindus and Sikhs on one side and Muslims on the other More than 750 000 people were butchered and 12 million fled their homes primarily in caravans of bullock carts to seek refuge across the new border it was the largest exodus in history Sixty seven years later it is as if that August never ended Renowned historian and journalist Dilip Hiro provides a riveting account of the relationship between India and Pakistan tracing the landmark events that led to the division of the sub continent and the evolution of the contentious relationship between Hindus and Muslims To this day a reasonable resolution to their dispute has proved elusive and the Line of Control in Kashmir remains the most heavily fortified frontier in the world with 400 000 soldiers arrayed on either side Since partition there have been several acute crises between the neighbors including the secession of East Pakistan to form an independent Bangladesh in 1971 and the acquisition of nuclear weapons by both sides resulting in a scarcely avoided confrontation in 1999 and again in 2002 Hiro amply demonstrates the geopolitical importance of the India Pakistan conflict by chronicling their respective ties not only with America and the Soviet Union but also with China Israel and Afghanistan Hiro weaves these threads into a lucid narrative enlivened with colorful biographies of leaders vivid descriptions of wars sensational assassinations gross violations of human rights and cultural signifiers like cricket matches *The Longest August* is incomparable in its scope and presents the first definitive history of one of the world's longest running and most intractable conflicts
