Making the films he wanted to see, Tarantino broke through with *Reservoir Dogs* in 1992 and then cemented his reputation in 1994 with the release of *Pulp Fiction*. As his fame grew, he spread his love for movies that are far from commonplace through his promotion of older films and theaters and by reviving the stalled careers of actors such as John Travolta, Pam Grier and David Carradine. Quentin Tarantino FAQ examines the movies directed by Tarantino, the influences on his work and the inspiration he gave to others. There are also chapters on certain recurring elements in his films, from fake product placement to the music actors and even cinematic moments used. The book also reviews his work in television, the articles written about him or by him over
