From Early Judaism To Early Church:

From Early Judaism to Early Church David Syme Russell, 1986 Twenty five years ago Dr Russell wrote *Between the Testaments* Warmly welcomed by reviewers and readers alike it soon became established as an individual introduction to the period from Malachi to Matthew and has since been reprinted nine times Now it is joined by this second volume in the same format examining topics which might have been dealt with in the first volume but were not Its aim is to complement and supplement what was written there focussing attention on just a few subjects which continue to be matters of interest and debate These are Cultural and Religious Developments in the Hellenistic Age Sources and Scriptures Biblical Interpretation in Early Judaism and the New Testament The Development and Meaning of Torah Prayer and Mediation Demonology and the Problem of Evil The Secret Tradition of Jewish Apocalyptic and The Future Hope Ancient Judaism and Christian Origins George W. E. Nickelsburg, 2003 In the nineteenth and first half of the twentieth century Christian scholars portrayed Judaism as the dark religious backdrop to the liberating events of Jesus life and the rise of the early church Since the 1950s however a dramatic shift has occurred in the study of Judaism driven by new manuscript and archaeological discoveries and new methods and tools for analyzing sources George Nickelsburg here provides a broad and synthesizing picture of the results of the past fifty years of scholarship on early Judaism and Christianity He organizes his discussion around a number of traditional topics scripture and tradition Torah and the righteous life God s activity on humanity s behalf agents of God s activity eschatology historical circumstances and social settings Each of the chapters discusses the findings of contemporary research on early Judaism and then sketches the implications of this research for a possible reinterpretation of Christianity Still in the author s view there remains a major Jewish Christian agenda yet to be developed and implemented **The Christology of Early Jewish Christianity** Richard N. Longenecker, 1994-10 Tradition and Literature in Early Judaism and in the Early Church Geo Widengren, 1963 **For a Later Generation** Randal A. Argall, Beverly Bow, Rodney Alan Werline, 2000 Twenty seven scholars gather to honor George Nickelsburg in this collection of essays that uses his methods to examine the reuse or reinterpretation of authoritative tradition in early Judaism and Christianity **Resurrection of the Body in Early Judaism and Early Christianity** Claudia Setzer, 2021-10-01 How did the belief in resurrection become part of the symbolic construction of early Jewish and Christian communities Why was it a marker for who did or did not belong in certain groups Using insights from the social sciences and rhetorical studies the author discusses the development of belief in resurrection in early Jewish circles and the growth of a resurrection apologetic in early Christianity Examining materials on the Pharisees Jewish liturgy and the earliest rabbinic statements as well as the theology of resurrection in Paul Justin Athenagoras Irenaeus and Tertullian this study demonstrates the stability of certain tenets that coalesce around the concept of resurrection and its utility as a shorthand for a community s theology and self understanding **Studies in Ancient Judaism and Early Christianity** Pieter W. van der Horst, 2014-03-13 Over the past 45 years Professor Pieter W van der

Horst contributed extensively to the study of ancient Judaism and early Christianity The 24 papers in this volume written since his early retirement in 2006 cover a wide range of topics all of them concerning the religious world of Judaism and Christianity in the Hellenistic Roman and early Byzantine era They reflect his research interests in Jewish epigraphy Jewish interpretation of the Bible Jewish prayer culture the diaspora in Asia Minor exegetical problems in the writings of Philo and Josephus Samaritan history texts from ancient Christianity which have received little attention the poems of Cyrus of Panopolis the Doctrina Jacobi nuper baptizati the Letter of Mara bar Sarapion and miscellanea such as the pagan myth of Jewish cannibalism the meaning of the Greek expression without God the religious significance of sneezing in pagan antiquity and the variety of stories about pious long sleepers in the ancient world pagan Jewish Christian In the Shadow of the Temple Oskar Skarsaune, 2008-10-28 Oskar Skarsaune gives us a new look into the development of the early church and its practice by showing us the evidence of interaction between the early Christians and rabbinic Judaism He offers numerous fascinating episodes and glimpses into this untold story **Tolerance and Intolerance in Early Judaism and Christianity** Graham Stanton, Guy G. Stroumsa, 1998-05-28 The essays in this book consider issues of tolerance and intolerance faced by Jews and Christians between approximately 200 BCE and 200 CE Several chapters are concerned with many different aspects of early Jewish Christian relationships Five scholars however take a different tack and discuss how Jews and Christians defined themselves against the pagan world As minority groups both Jews and Christians had to work out ways of co existing with their Graeco Roman neighbours Relationships with those neighbours were often strained but even within both Jewish and Christian circles issues of tolerance and intolerance surfaced regularly So it is appropriate that some other contributors should consider inner Jewish relationships and that some should be concerned with Christian sects

The Formation of the Early Church Jostein Ådna, 2005 Essays presented are adapted papers read at the 7th Nordic New Testament Conference in Stavanger Norway June 14 18 2003 **New Vistas on Early Judaism and Christianity** Lorenzo DiTommaso, 2016 *A Guide to Early Jewish Texts and Traditions in Christian Transmission* Gabriele Boccaccini, Lorenzo DiTommaso, David Hamidovic, Michael E. Stone, 2019-10-14 The Jewish culture of the Hellenistic and early Roman periods established a basis for all monotheistic religions but its main sources have been preserved to a great degree through Christian transmission This Guide is devoted to problems of preservation reception and transformation of Jewish texts and traditions of the Second Temple period in the many Christian milieus from the ancient world to the late medieval era It approaches this corpus not as an artificial collection of reconstructed texts a body of hypothetical originals but rather from the perspective of the preserved materials examined in their religious social and political contexts It also considers the other non Christian channels of the survival of early Jewish materials including Rabbinic Gnostic Manichaean and Islamic This unique project brings together scholars from many different fields in order to map the trajectories of early Jewish texts and traditions among diverse later cultures It also provides a comprehensive and comparative introduction to this new field

of study while bridging the gap between scholars of early Judaism and of medieval Christianity **Tradition and Literature in Early Judaism and the Early Church** Geo Widengren, 1963 **The World of Jesus and the Early Church** Craig A Evans, 2022-05-03 How do religious texts impact the way communities of faith understand themselves In The World of Jesus and the Early Church Identity and Interpretation in Early Communities of Faith Craig Evans leads an interdisciplinary team of scholars to discover and explain how the dynamic relationship between text and community enabled ancient Christian and Jewish communities to define themselves To this end scholars composed two sets of essays The first examines how communities understood and defined themselves and the second looks at how sacred texts informed communities about their own self understanding and identity in earliest stages of Christianity and late Second Temple Judaism Whether revealing new understandings of Jesus before Pilate the rituals governing the execution and burial of criminals or the problems of dating ancient manuscripts The World of Jesus and the Early Church draws the reader into the world of the early Christian and Jewish communities in fresh and insightful ways **Early Jewish and Christian Monotheism** Loren T. Stuckenbruck, Wendy North, 2004-05-01 Early Christology must focus not simply on historical but also on theological ideas found in contemporary Jewish thought and practice In this book a range of distinguished contributors considers the context and formation of early Jewish and Christian devotion to God alone the emergence of monotheism The idea of monotheism is critically examined from various perspectives including the history of ideas Graeco Roman religions early Jewish mediator figures scripture exegesis and the history of its use as a theological category The studies explore different ways of conceiving of early Christian monotheism today asking whether monotheism is a conceptually useful category whether it may be applied cautiously and with qualifications or whether it is to be questioned in favor of different approaches to understanding the origins of Jewish and Christian beliefs and worship This is volume 1 in the Early Christianity in Context series and volume 263 in the Journal for the Study of the New Testament Supplement Series **'Noncanonical' Religious Texts in Early Judaism and Early Christianity** Lee Martin McDonald, James H. Charlesworth, 2012-04-05 Discusses ancient religious texts especially the so called non canonical texts by focusing on how they were used or functioned in Early Judaism and Early Christianity Jewish Traditions in Early Christian Literature, Volume 5 The Didache H.W.M. van den Sandt, David Flusser, 2002-01-01 This volume demonstrates that we should understand nascent Christianity and early Judaism as sharing to a large extent the same traditions It throws fresh light on the Jewishness of the Two Ways teaching in Didache 1 6 as it presents a cautious reconstruction of the Jewish prototype of the Two Ways and traces the Jewish life situation in which the instruction could flourish In the field of liturgical studies a significant contribution is made to the discussion of Didache 7 10 It improves our understanding of the Jewish provenance and historical development of Baptism and Eucharist The book also presents an intriguing look into the ministry of itinerant apostles and prophets Didache 11 15 considering the larger environment of Jewish religious and cultural history Sacrifice, Cult, and Atonement in Early

Judaism and Christianity Henrietta L. Wiley, Christian A. Eberhart, 2017-09-28 Critical and creative studies that offer fresh perspectives on ancient ideas and practices The contributions to this volume deal in various ways with the cult at the Jerusalem Temple that epitomized the religious cultural and socio political identity of Judaism for many centuries Some essays examine ancient constitutive practices and concepts such as purification rituals sacrifices atonement or sacred authorities at the temple with the goal of interpreting their meanings for modern readers Other essays explore alternatives to ancient cultic meaning and practice Essays critique established traditions attempt to renegotiate them or use metaphor and spiritualization to expand the potential of these phenomena to serve as terminological and ideological resources Thus they examine and affirm the continuing relevance of ancient Jewish cultic notions long after the destruction of the Second Temple in 70 CE An international group of scholars representing different fields and diverse religious backgrounds A thorough examination of traditions as through the lens of contemporaneous interpretive traditions such as Jewish prophecy the Dead Sea Scrolls and Early Christian literature Examination of topics such as purification sacrifice and atonement and the depiction and development of sacred authority throughout the Bible *Qumran, Early Judaism, and New Testament Interpretation* Jörg Frey, 2019-08-28 Back cover How did the Qumran discoveries change New Testament scholarship What are the main insights to be gained from the Qumran corpus with regard to the Jesus tradition Paul's language and theology the dualistic language and worldview of the Fourth Gospel or the formation of the biblical Canon The articles of this volume present the fruits of 25 years of scholarship on Qumran and the New Testament *Early Judaism* John J.
