Folksongs From Southern New Brunswick:

Folksongs from Southern New Brunswick Helen Creighton, Kenneth Peacock, 1971 *Quest of the Folk* Ian McKay, 2009-05 Debunking the myth of Nova Scotians as simple folk Folksongs from Southern New Brunswick Helen Creighton, 1971 **Folksongs of the Maritimes** Kaye Pottie, Vernon Ellis, Kathy Kaulbach, 1992-01-01 This book is a collection of 90 traditional Maritime folksongs selected by Kaye Pottie and Vernon Ellis two of Nova Scotia's most respected music educators The authors have made extensive use of the famous Helen Creighton collection and most of the songs included in this book are published for the first time Each song includes a brief historical introduction complete chording information melodic lines and the words to all verses Songs are illustrated with images inspired by authentic folk arts Folksongs of the Maritimes reflects the region's rich musical traditions including examples from Scottish Irish English French German and African Canadian cultures **Folksongs from Southern New Brunswick** Helen Creighton, Kenneth Peacock, 1995-06-01 Folksongs from Southern New Brunswick **Post-Colonial Distances** Denis Crowdy, Bev Diamond, Daniel Downes, 2020-10-27 This anthology emanated from a conference in St John's Newfoundland that brought together popular music scholars folklorists and ethnomusicologists from Canada and Australia Implicit in that conference and in this anthology is the comparability of the two countries Their post colonial status if that is indeed an appropriate modifier in either case has some points of similarity On the other hand their distance from hegemonic centres from colonial histories is arguably more a matter of contrast than similarity Canada and Australia are similar in various regards Post colonial in the sense that they are both former British colonies they now each have more than a century of stature as nation states By the beginning of the 21st century they are each modest in size but rich in ethnocultural diversity Nonetheless each country has some skeletons in the closet where openness to difference to indigenous and new immigrant groups are concerned Both countries are similarly both experiencing rapid shifts in cultural makeup with the biggest population increases in Australia coming from China India and South Africa and the biggest in Canada from Afro Caribbean South Asian countries and China The chapters in this anthology constitute an important comparative initiative Perhaps the most obvious point of comparison is that both countries create commercial music in the shadow of the hegemonic US and British industries As the authors demonstrate both proximity specifically Canada's nearness to the US and distance have advantages and disadvantages As the third and fourth largest Anglophone music markets for popular music they face similar issues relating to music management performance markets and production A second relationship as chapters in this anthology attest is the significant movement between the two countries in a matrix of exchange and influence among musicians that has rarely been studied hitherto Third both countries invite comparison with regard to the popular music production of diverse social groups within their national populations In particular the tremendous growth of indigenous popular music has resulted in opportunities as well as challenges Additionally however the strategies that different waves of immigrants have adopted to devise or localize

popular music that was both competitive and meaningful to their own people as well as to a larger demographic bear comparison The historical similarities and differences as well as the global positionality of each country in the early 21st century then invites comparison relating to musical practices social organization lyrics as they articulate social issues career strategies industry structures and listeners

Music and the Making of a New South Gavin James Campbell, 2005-12-15 Startled by rapid social changes at the turn of the twentieth century citizens of Atlanta wrestled with fears about the future of race relations the shape of gender roles the impact of social class and the meaning of regional identity in a New South Gavin James Campbell demonstrates how these anxieties were played out in Atlanta's popular musical entertainment Examining the period from 1890 to 1925 Campbell focuses on three popular musical institutions the

New York Metropolitan Opera which visited Atlanta each year the Colored Music Festival and the Georgia Old Time Fiddlers Convention White and black audiences charged these events with deep significance Campbell argues turning an evening s entertainment into a struggle between rival claimants for the New South s soul Opera spirituals and fiddling became popular not just because they were entertaining but also because audiences found them flexible enough to accommodate a variety of competing responses to the challenges of making a New South Campbell shows how attempts to inscribe music with a single public fixed meaning were connected to much larger struggles over the distribution of social political cultural and economic power Attitudes about music extended beyond the concert hall to simultaneously enrich and impoverish both the region and the nation that these New Southerners struggled to create

Yearbook of the International Folk Music Council International Folk Music Council, 1972 *Howard W. Odum's Folklore Odyssey* Lynn Moss Sanders, 2003 Howard W Odum 1884 1954 the pioneering social scientist and founder of the University of North Carolina s department of sociology played a leading and well documented role in the modernization of the South This is the first book length study of Odum s contributions to southern folklore which had important but largely unappreciated consequences for his legacy of social justice Lynn Moss Sanders shows how Odum as a collector of African American blues and work songs anticipated some important precepts of modern folklore Notably Odum perceived the benefits of a collaborative and nonhierarchical approach to folk studies Influenced by a racially tolerant former student and by one of his black folk informants Odum changed his previous paternal segregationist attitudes about race Comparing Odum s two song collections *The Negro and His Songs* 1925 and *Negro Workaday Songs* 1926 Sanders links the growing influence of Odum s coauthor and former student Guy Johnson to a decrease in instances of racial condescension between the first and second book The three folk novels in Odum s *Black Ulysses* trilogy completed in 1931 also reveal a progressive refinement of Odum s racial views The change Sanders believes came with Odum s growing ability to see John Wesley Left Wing Gordon the black working class model for the trilogy s hero as a friend rather than simply as a representative of the Negro From his authorship of *Social and Mental Traits of the Negro* 1910 now a relic of scientific racism to his final publication *Agenda for Integration* Odum exemplifies how the study of folklore changed the folklorist a change felt by a whole generation of southern liberals whose work Odum encouraged and shaped

Recentring Anglo/American Folksong Roger deVeer Renwick,2010-01-06 A wealth of texts of British and Anglo North American folksong has long been accessible in both published and archival sources For two centuries these texts have energized scholarship Yet in the past three decades this material has languished as literary theory has held sway over textual study In this crusading book Roger deV Renwick argues that the business of folksong scholars is to explain folksong folklorists must liberate the material s own voice rather than impose theories that are personally compelling or appealing To that end Renwick presents a case study in each of five essays to demonstrate the scholarly value of approaching this material through close readings and comparative analysis In the first on British traditional ballads in the West Indies he shows how even the best of folklorists can produce an unconvincing study

when theory is overvalued and texts are slighted In the second he navigates the many manifestations of a single Anglo American ballad The Rambling Boy to reveal striking differences between a British diasporic strain on the one hand and a southern American post Civil War strain on the other The third essay treats the poetics of a very old extremely widespread but never before formalized trans Atlantic genre the catalogue Next is Renwick s claim that recentring folksong studies in our rich textual databanks requires that canonical items be identified accurately He argues that Oh Willie a song thought to be a simple variety of Butcher s Boy is in fact a distinct composition In the final essay Renwick looks at the widespread popularity of The Crabfish sung today throughout the English speaking world but with roots in a naughty tale found in both continental Europe and Asia With such specific case studies as these Renwick justifies his argument that the basic tenets of folklore textual scholarship continue to yield new insights
