My Twisted Life Suzie Q Valentine, 2009-06 *My Twisted Life* is about the life of Randolph Douglas Hopkins His voice takes the reader on a journey through Randy's first childhood memory of being brutally beaten for a crime he didn't commit Then living in unimaginable pain as punishment for that crime With a strong will to live and simply being too stubborn to die he endured brutal amputations and bullet wounds using his self taught skills to patch himself back together Randy never knew his father and can't remember even knowing his name He grew up roaming the country with his psychotic mother and alcoholic stepdad never knowing any stability in his life With little formal education due to the frequency and extent of his wounds and the gypsy lifestyle of his folks he used his self driven motivation to educate himself in the skills that he most needed to survive Aside from the basics of reading and writing he became skilled in street smarts and survival with things such as petty theft pool hustling as well as doctoring and mind control He turned to drugs at a young age and used heavily throughout half of his childhood and all of his teen years He was constantly faced with

life threatening obstacles and always found himself longing for death but yet struggling to live Randy was determined to not let the abuse against him result in his death so he struggled to do what ever it took to stay alive Along the journey of his life he made true friends and true love Step inside Randy s memories as he tells his story **Unleash Your Imagination** Dennis Kleidon,2022-04-05 Unleash Your Imagination is all about the wonderful adventure of developing a vision for a new life Written by acclaimed fine artist and designer Dennis Kleidon Unleash shows how to use design thinking to challenge your normal routines increase the power of your imagination and harness new sources of creativity A designer s approach encourages an open mind and curious spirit leading to fresh solutions you may never have imagined By approaching change like a designer you can find your life s purpose and shape a direction guided by it Both analytical and creative this process replaces blank page panic with the thrill of new possibilities Unleash Your Imagination brings in the wisdom of many artists architects and designers from ancient philosophers to today s leaders in positive psychology letting great thinkers guide you toward an exciting future of optimism happiness and achievement Kleidon reminds us that we are each responsible for our life and for designing our life As Buckminster Fuller said You never change things by fighting the existing reality To change something build a new model that makes the existing model obsolete As the designer of your life and with Unleash Your Imagination as your guide you can plan an extraordinary life with greater purpose and meaning This is especially useful if you are facing or planning for an important turning point in life Unleash helps you think through the process of change by using your imagination to unleash your long standing desires and integrate them into your current life Changing in this authentic way can enhance the quality of your life It can let you go beyond yourself to contribute to the world Life is a continuous design process Kleidon says as he describes a thoughtful methodical approach to discovery experimentation and planning *Grief and Bereavement in Contemporary Society* Robert A.
