

The image features a pair of hands at the top, with fingers delicately holding several thin, vertical threads. These threads extend downwards and appear to support a small, detailed globe of the Earth. The globe shows continents and oceans, with a reddish-orange glow emanating from its base. The background is a deep, dark blue or black, suggesting a cosmic or mysterious setting. On the left side, there is a semi-transparent dark rectangle containing the title text.

Jaramillo,Laura Carlson,2021-06-23 This book maps various national legal responses to gender mobility including sex and name registration access to gender modification interventions and anti discrimination protection or lack thereof and regulations The importance of the underlying legislation and history is underlined in order to understand the law s functions concerning discrimination exclusion and violence as well as the problematic nature of introducing biology into the regulation

of human relations and using it to justify pain and suffering The respective chapters also highlight how various governmental authorities as well as civil society have been integral in fostering or impeding the welfare of trans persons from judges and legislators to medical commissions and law students A collective effort of scholars scattered around the globe this book recognizes the international trend toward self determination in sex classification and a generous guarantee of rights for individuals expressing diverse gender identities The book advocates the dissemination of a model for the protection of rights that not only focuses on formal equality but also addresses the administrative obstacles that trans persons face in their daily lives In addition it underscores the importance of courts in either advancing or obstructing the realization of individual rights

Virgil and his Translators Susanna Braund,Zara Martirosova Torlone,2018-10-04 This is the first volume to offer a critical overview of the long and complicated history of translations of Virgil from the early modern period to the present day transcending traditional studies of single translations or particular national traditions in isolation to offer an insightful comparative perspective The twenty nine essays in the collection cover numerous European languages from English French and German to Greek Irish Italian Norwegian Slovenian and Spanish but also look well beyond Europe to include discussion of Brazilian Chinese Esperanto Russian and Turkish translations of Virgil While the opening two contributions lay down a broad theoretical and comparative framework the majority conduct comparisons within a particular language and combine detailed case studies with in depth contextualization and theoretical background showing how the translations discussed are embedded in their own cultures and historical moments The final two essays are written from the perspective of contemporary translators closing out the volume with a profound assessment not only of the influence exerted by the major Roman poet on later literature but also why translation of a canonical author such as Virgil matters not only as a national and transnational cultural phenomenon but as a personal engagement with a literature of enduring power and relevance

Binswanger and Existential Analysis Michel Foucault,2025-09-16 In the early 1950s the young Michel Foucault took a keen interest in the method of existential analysis Daseinsanalyse developed by the Swiss psychiatrist Ludwig Binswanger He gave a lecture course on this topic at the University of Lille in the spring of 1953 and wrote a detailed introduction to the 1954 French translation of Binswanger s Dream and Existence 1930 in which he promised a forthcoming book that would situate existential analysis within the development of contemporary reflection on man This book presents Foucault s unpublished manuscript on Binswanger and existential analysis for the first time in English offering crucial insight into his intellectual development Foucault carries out a systematic examination of Daseinsanalyse contrasting it with psychiatry psychoanalysis and phenomenology and championing its ambition to understand mental illness In his critique of existential analysis Foucault began his turn toward emphasizing the primacy of experience which would lead to the radically new perspective and genealogical methods of The History of Madness and The History of Sexuality Revealing a little known influence on Foucault s historicist approach Binswanger and Existential Analysis reminds us of his unparalleled ability to
