Mondrian's Dress Nancy J. Troy, Ann Marguerite Tartsinis, 2023-10-24 An extraordinary look at how the style of Piet Mondrian's abstract paintings was posthumously appropriated by 1960s fashion Pop art and consumer culture Yves Saint Laurent's 1965 Mondrian dresses are among the twentieth century's most celebrated and recognizable fashions but the context of their creation involves much more than meets the eye In Mondrian's Dress Nancy J Troy and Ann Marguerite Tartsinis offer a fresh approach to the coupling of Piet Mondrian's interwar paintings with Saint Laurent's couture designs by exposing the rampant merchandising and commodification that these works experienced in the 1960s The authors situate the consolidation of Saint Laurent's fashion brand alongside the work of such Pop artists as Roy Lichtenstein Andy Warhol and Tom Wesselmann and show how conventional understandings of Mondrian's avant garde abstractions were transformed by the mass circulation of his signature style Beyond its attention to 1960s fashion Pop art and consumer culture Mondrian's Dress offers critical assessments of Saint Laurent's so called dialogue with art the remarkable art collection that he built with his partner Pierre Berge and the crucial role that photography plays in the marketing of couture The first book length study of its kind Mondrian's Dress is a provocative reevaluation of how art commerce and fashion became fundamentally intertwined in the postwar period

Discourse in Africa Matthew Gmalifo Mabefam,2023-09-18 Witch Camps and Witchcraft Discourse in Africa Critiquing Development Practices explores how local development interventions related to witchcraft in Africa intersect and conflict with globally accepted development practices This book argues that development practitioners need to pay attention to what concepts like witchcraft and occult mean to local people and provides a nuanced account of how different development actors conceptualize and approach development in Africa through communities of refuge Matthew Mabefam invites development practitioners to be open to culturally sensitive solutions to social inequalities rather than dismissing them and acting in ways that may further aggravate the challenges faced by individuals accused of witchcraft The foundational knowledge for the book is derived from ongoing ethnographic fieldwork in Gnani in Northern Ghana a rural community that provides refuge for people who have been banished from their communities and is deeply informed by the author s experiences of growing up and working within refuge communities in Ghana This book contributes to the decolonization of development epistemes knowledge and practices and contributes to a better understanding of the limits of the neo liberal paradigm of socio

economic development that has dominated the direction of development policy

Edgar Wind and Modern Art Ben Thomas, 2020-12-10 This book presents the first comprehensive study of the philosopher and art historian Edgar Wind's critique of modern art The first student of Erwin Panofsky and a close associate of Aby Warburg Edgar Wind was unusual among the Warburgians for his sustained interest in modern art together with his support for contemporary artists This culminated in his respected and influential book *Art and Anarchy* 1963 which seemed like a departure from his usual

scholarly work on the iconography of Renaissance art Based on extensive archival research and bringing to light previously unpublished lectures Edgar Wind and *Modern Art* reveals the extent and seriousness of Wind's thinking about modern art and how it was bound up with theories about art and knowledge that he had developed during the 1920s and 30s Wind's ideas are placed in the context of a closely connected international cultural milieu consisting of some of the leading artists and thinkers of the twentieth century In particular the book discusses in detail his friendships with three significant artists Pavel Tchelitchew Ben Shahn and R B Kitaj In the process the existence of an alternative to the prevailing formalist approach of Alfred Barr and Clement Greenberg to modern art based on the enduring importance of the symbol is revealed *Pieter Bruegel the Elder and Religion*, 2018-07-17 *Pieter Bruegel the Elder and Religion* offers new insight into the religious dimension of Bruegel's art With a number of highly original and thorough case studies the volume illuminates Bruegel's inventive and multifaceted engagement with the contemporary religious concepts and practices of his day and age Religion remains a vital question in the life and career of Bruegel because it was so long believed to be more or less absent from his work As a pioneer of the new genres of landscape and peasant scenes Bruegel was heralded as a ground breaking secular painter This volume highlights the most recent scholarship on the artist offering a much more nuanced portrait of Bruegel's engagement with the dynamic religious landscape of the mid sixteenth century Contributors are Jessica Buskirk Ralph Dekoninck Bertram Kaschek Walter S Melion Jürgen Müller Anna Pawlak Gerd Schwerhoff Larry Silver and Michel Weemans
