D, 2014-10-02 The author has been a Christian since his youth Upon discovering a love for science in grade school he pursued that interest throughout his entire life Sadly he found disagreement and conflict between the Christian only and Science only viewpoints Since he was both a Christian and a scientist he had to resolve in his mind these differences for his own spiritual and scientific well being For more than sixty years he has carefully formulated the words and concepts in this book that he hopes and prays will help others reach an understanding that both the Bible and the discoveries in science are true and reconcilable God does not lie to us or mislead us God is responsible for both His Bible and His Creation Thus any conflicts we find in the study of these two revelations from God result from our inability to interpret and understand properly either one or the other or some of each To more fully understand God one must study both God's words the Bible and the scientific discoveries of the footprints and fingerprints He left during the creation process that we are now able to find and interpret We must correlate His words and His works to more fully understand Him We must always be aware that our first impressions may not be entirely correct and that we must always continue to compare all our findings and interpretations with each other in an effort to seek and achieve the greater truth **The 10 Minute Bible Journey**

The Bible's First History Robert B. Coote,David Robert Ord,2018-01-04 This is a book about an ancient writer the J writer the Yahwist who produced a work of political imagination This work is embedded mainly in the first four books of the Bible best known for some of the most popular and influential biblical stories in Genesis and Exodus The purpose of the book is to represent the whole of the original story with attention to its own meaning without the influence of the other literary

strands with which it was later supplemented Therefore the work includes a fresh complete translation of the text of the J writer who produced the Bible s first history The translation itself helps to establish more clearly than ever the integrity of the J writer The concern here is WHEN and WHY this history was written especially in light of the concerns for justice and prosperity Throughout it is demonstrated HOW and WHY this history comes from the court of David it is a royal history of David s subjects as though they were descended from pastoral nomads such as Abram Isaac and Jacob It is argued that the intended audience of the history was probably those bedouin who regularly visited the court of David in Hebron and Jerusalem Here is a bold and brilliant representation of the J writer s composition perhaps as it was originally intended to be read or heard This ancient tour de force takes on new life in the hands of these skilled interpreters
