

A photograph of a woman sitting at a wooden desk, typing on a laptop. The desk is cluttered with various items: a white cup of coffee, a plate of food, a box of Minute Tapioca, a metal thermos, and several papers. In the background, there are stacks of books and a framed picture on the wall. The text 'Food, Drink, and the Female Sleuth' is overlaid on the image in a large, white, serif font.

recipe when one cooks they also add prescribed ingredients in a predefined way in order to produce the final dish This surprising parallel serves as the starting point for this book's analysis of classical detective novels by Agatha Christie Here a structuralist approach to Golden Age crime fiction is complemented by methodology developed in the field of food studies in order to demonstrate the twofold role that food plays in Christie's novels namely its function as an element of the formula a literary device but also as a cultural sign Christie employed food on various different levels of her stories in order to portray characters construct plots and depict settings What is more incorporating domesticity and food in her novels helped her fundamentally alter the rigid conventions of the crime fiction genre as it developed in the nineteenth century and enabled her to successfully introduce the character of the female detective and to feminise the detective novel as such **Twisted Path** Melissa F.
