The World of Goods Mary Douglas, Baron Isherwood, 2003 This text bridges the gap between what anthropologists know about why objects are desired and what economists say about consumption behaviour **Rules and Meanings** Mary Douglas, 2013-06-17 First published in 1973 Rules and Meanings is an anthology of works that form part of Mary Douglas's struggle to devise an anthropological modernism conducive to her opposition to reputedly modernizing trends in contemporary society The collection contains works by Wittgenstein Schutz Husserl Hertz and other continentals The underlying themes of the anthology are the construction of meaning the force of hidden background assumptions tacit conventions and the power of spatial organization to reinforce words The work serves to complement the philosophers work on everyday language with the anthropologists theory of everyday knowledge

Constructive Drinking Mary Douglas, 2013-10-16 First published in 1987 Constructive Drinking is a series of original case studies organized into three sections based on three major functions of drinking The three constructive functions are that drinking has a real social role in everyday life that drinking can be used to construct an ideal world and that drinking is a significant economic activity The case studies deal with a variety of exotic drinks

Edible Histories, Cultural Politics Franca Iacovetta, Valerie J. Korinek, Marlene Epp, 2012-01-01 Based on findings from menus cookbooks government documents advertisements media sources oral histories memoirs and archival collections Edible Histories offers a veritable feast of original research on Canada's food history and its relationship to culture and politics This exciting collection explores a wide variety of topics including urban restaurant culture ethnic cuisines and the controversial history of margarine in Canada It also covers a broad time span from early contact between European settlers and First Nations through the end of the twentieth century

From 'Mission-Shaped' to 'Jesus-Shaped' Church Susan Beverley Cross, 2025-03-10 Hospitality is often invoked without question in Church of England discourse but the importance of the practice to contemporary mission has not been subject to detailed analysis This book provides otherwise elusive in depth theological examination of the scope of Christian

understandings of hospitality From feasting in the Hebrew Scriptures and foot washing in the New Testament to online Communion during the COVID 19 pandemic hospitality is more than welcome or the evangelistic hospitality of the Alpha Course or Messy Church So this book encompasses racism ageing poverty tragedy storytelling minds bodies and belonging as well as the implications of allying food to Christian formation It shows that Christian hospitality has relevance not only to mission but also to ecclesiology eschatology disability theology and social and ecological justice **Metasex - The**

Discourse of Intimacy and Transgression Anne Storch,Nico Nassenstein,2020-09-15 This study focuses on the language around sexuality and discourses about sex labeled by the authors as metasex from a broad crosslinguistic perspective Unlike many existing studies on sexting that predominantly take into account the linguistic practices of teenagers often located in the Global North this book offers a more holistic approach by discussing Southern concepts of body parts their conceptualization and mediatization dick pics the interconnectedness of food and sex and its sensualization foodporn as well as processes of social cohesion around sex sociability and conviviality bonding Based on an anthropological linguistic perspective the authors analyze metasex practices from Nigeria DR Congo Uganda the Mediterranean and numerous other contexts Africanist Agnes Br hwiler s afterword on sex talk in Tanzania rounds off the various fresh insights this study offers

Mary Douglas Mary Douglas,2002 Mary Douglas is a central figure within British social anthropology Studying under Evans Pritchard at Oxford immediately after the second world war she formed part of the group of anthropologists who established social anthropology s standing in the world of scholarship Her works spanning the second half of the twentieth century have been widely read and her theories applied across the social sciences and humanities While her research in the Congo clearly inspired her later studies Douglas also applied her theories to Western societies and thus played a crucial role in normalizing the contemporary acceptance of the West as a legitimate field of anthropological investigation Douglas work has excited debate in such diverse areas as economics religion philosophy the sociology of food and risk analysis This collection reproduces in facsimile twelve of Mary Douglas s groundbreaking works all of which are also available for individual purchase The first volume includes a new introduction written by Douglas for this collection Essays on the Sociology of Perception Mary Douglas,2013-10-16 First published in 1982 this is one of Mary Douglas favourite books It is based on her meetings with friends in which they attempt to apply the grip group analysis from Natural Symbols The essays have been important texts for preparing grid group exercises ever since She is still trying to improve the argument of Natural Symbols and is always hoping to find better applications to illustrate the power of the two dimensions used for accurate comparison Implicit Meanings Professor Mary Douglas,Mary Douglas,2010-10-14 Implicit Meanings was first published to great acclaim in 1975 It includes writings on the key themes which are associated with Mary Douglas work and which have had a major influence on anthropological thought such as food pollution risk animals and myth The papers in this text demonstrate the importance of seeking to understand beliefs and practices that are implicit and a priori within what might

seem to be alien cultures Forging Communities Montserrat Piera,2018-09-15 Forging Communities explores the importance of the cultivation provision trade and exchange of foods and beverages to mankind s technological advancement violent conquest and maritime exploration The thirteen essays here show how the sharing of food and drink forged social religious and community bonds and how ceremonial feasts as well as domestic daily meals strengthened ties and solidified ethnoreligious identity through the sharing of food customs The very act of eating and the pleasure derived from it are metaphorically linked to two other sublime activities of the human experience sexuality and the search for the divine This interdisciplinary study of food in medieval and early modern communities connects threads of history conventionally examined separately or in isolation The intersection of foodstuffs with politics religion economics and culture enhances our understanding of historical developments and cultural continuities through the centuries giving insight that today as much as in the past we are what we eat and what we eat is never devoid of meaning *Eating and Ethics in Shakespeare's England* David B. Goldstein,2013-11-07 Goldstein presents a lively analysis of Shakespeare Milton religious writers and recipe book authors from the perspective of communal eating **Eating Culture** Gillian Crowther,2013-01-01 Humans have an appetite for food and anthropology as the study of human beings their culture and society has an interest in the role of food From ingredients and recipes to meals and menus across time and space Eating Culture is a highly engaging overview that illustrates the important role that anthropology and anthropologists have played in understanding food Organized around the sometimes elusive concept of cuisine and the public discourse on gastronomy nutrition sustainability and culinary skills that surrounds it this practical guide to anthropological method and theory brings order and insight to our changing relationship with food pub desc *The Institutional Dynamics of Culture, Volumes I and II* Perri Six,2018-12-20 These two volumes present the most important recent developments in the institutional theory of culture and demonstrate their practical applications Sometimes called grid group analysis or cultural theory they derive from the work of Durkheim in the 1880s and 1900s and develop the insights of the anthropologist Mary Douglas and her followers from the 1960s on First redefined within social and cultural anthropology the theory s influence is shown in recent years to have permeated all the main disciplines of social science with substantial implications for politics history business work and organizations the environment technology and risk and crime and consumption Today the institutional theory of culture now rivals the rational choice Weberian and postmodern outlooks in influence across the social sciences **Women and New and Africana Religions** Lillian Ashcraft-Eason,Darnise Martin,Oyeronke Olademo,2009-10-27 This volume explores the lives of women around the world from the perspective of the New and Africana faiths they practice This probing and thought provoking series of essays brings together in one volume the multifaceted experiences of women in the New and Africana religions as practiced today With this work religion becomes a lens for examining the lives of women of diverse ethnicities and nationalities across the social spectrum In Women and New and Africana Religions readers hear from women from a number

of religious spiritual persuasions around the world including Africa Asia the Caribbean South America and North America These voices form the core of remarkable explorations of family and environment social and spiritual empowerment sexuality and power and ways in which worldview informs roles in religion and society Each essay includes scene setting historical and social background information and fascinating insights from renowned scholars sharing their own research and firsthand experiences with their subjects

A Rainbow Palate Carolyn Cobbold,2024-05-31 We live in a world saturated by chemicals our food our clothes and even our bodies play host to hundreds of synthetic chemicals that did not exist before the nineteenth century By the 1900s a wave of bright coal tar dyes had begun to transform the Western world Originally intended for textiles the new dyes soon permeated daily life in unexpected ways and by the time the risks and uncertainties surrounding the synthesized chemicals began to surface they were being used in everything from clothes and home furnishings to cookware and food In *A Rainbow Palate* Carolyn Cobbold explores how the widespread use of new chemical substances influenced perceptions and understanding of food science and technology as well as trust in science and scientists Because the new dyes were among the earliest contested chemical additives in food the battles over their use offer striking insights and parallels into today's international struggles surrounding chemical food and trade regulation
