Food around the World Bruce Kraig,Colleen Taylor Sen,2013-09-09 In this encyclopedia two experienced world travelers and
 numerous contributors provide a fascinating worldwide survey of street foods and recipes to document the importance of
 casual cuisine to every culture covering everything from dumplings to hot dogs and kebabs to tacos Street foods run deep
 throughout human history and show the movements of peoples and their foods across the globe For example mandoo manti
 momo and baozi all of these types of dumplings originated in Central Asia and spread across the Old World beginning in the
 12th century This encyclopedia surveys common street foods in about 100 countries and regions of the world clearly
 depicting how fast foods of the common people fit into a country or a region s environments cultural history and economy
 The entries provide engaging information about specific foods as well as coverage of vendor and food stall culture and issues
 An appendix of recipes allows for hands on learning and provides opportunities for readers to taste international street foods
 at home **Textural Characteristics of World Foods** Katsuyoshi Nishinari,2019-12-24 A complete guide to the textural
 characteristics of an international array of traditional and special foods It is widely recognized that texture has an intrinsic
 relationship to food preference A full understanding of its functions and qualities is therefore of crucial importance to food
 technologists and product developers as well as those working towards the treatment of dysphagia Textural Characteristics
 of World Foods is the first book to apply a detailed set of criteria and characteristics to the textures of traditional and popular
 foods from across the globe Structuring chapters by region its authors chart a journey through the textural landscapes of
 each continent s cuisines exploring the complex and symbiotic relationships that exist between texture aroma and taste This
 innovative text Provides an overview of the textural characteristics of a wide range of foods Includes descriptions of textures
 and key points of flavor release Examines the relationships between the texture taste and aroma of each food presented Is
 structured by geographic region Rich with essential insights and important research Textural Characteristics of World Foods
 offers all those working in food science and development a better picture of texture and the multifaceted role it can play
