This comprehensive study of George Gissing's short stories and related non-fiction is essential reading for students of nineteenth-century realism. For the first time, readers will be able to follow the development which transformed Gissing's unremarkable early stories into the very individual tales that elevated his work to the vanguard of realistic short fiction. Gissing's American period is notable for its accumulation of themes that were repeatedly refined and adapted for his later work: causality emerging as the dominant voice. On his return to England, shifting political and philosophical beliefs expressed in his non-

fiction had a vital impact on his second phase of short fiction and the part played by realism in the author's short stories and his writings on Charles Dickens added further dimensions to his work as a whole. By the final phase of Gissing's remarkable development it is evident that his interest in the concept of causality as the major force in his short work had been replaced by a more challenging preoccupation with the human psyche. This introduced philosophical, sociological and psychological dimensions to Gissing's work that established him in the field of short fiction as a leading exponent of late nineteenth century realism.

The Risen Adam Virginia Hyde, 2010-11. Showing Lawrence's familiarity with biblical typology from both written and visual sources, Virginia Hyde explores its many ironic and paradoxical versions in his works. She demonstrates his use of typological precursors of Christ such as Adam and David, Moses and Aaron, and his development of a coherent cosmology centered on the cross and the Tree of Life. These features often take on radically revisionist meanings when informed by Lawrence's interests in theosophy and occult lore. Hyde fully recognized Lawrence's intensely dynamic style and examines the ways in which he works creatively with his models. Hyde sheds new light on Lawrence's leadership views, linking them to patriarchal assumptions inherent in biblical typology. She utilizes manuscripts and sketches as well as his traditional works to show that a complex form of biblical symbolism affects both his form and content in unexpected ways. His symbols are often traceable to iconographic models with typological significance. *The Risen Adam* includes pioneering treatments of the first Quetzalcoatl, the 1923 version of *The Plumed Serpent* so different in part from the final novel as to form a separate creative effort. Hyde also offers provocative new readings of *The Rainbow*, *Women in Love*, *Aaron's Rod*, *The Border Line*, *The Plumed Serpent*, *David*, *The Man Who Died*, *Birds, Beasts and Flowers*, and other works. The book is illustrated with artwork by Lawrence and with examples of the medieval and other iconography he knew.

American Racist Anthony Slide, 2004-09-10. Thomas Dixon has a notorious reputation as the writer of the source material for D. W. Griffith's groundbreaking and controversial 1915 feature film *The Birth of a Nation*. Perhaps unfairly, Dixon has been branded an arch conservative and a racist, obsessed with what he viewed as the Negro problem. As *American Racist* makes clear, however, Dixon was a complex, multitalented individual who, as well as writing some of the most popular novels of the early twentieth century, was involved in the production of some eighteen films. Dixon used the motion picture as a propaganda tool for his often outrageous opinions on race, communism, socialism, and feminism. His most spectacular production, *The Fall of a Nation* (1916), argues for American preparedness in the face of war and boasts a musical score by Victor Herbert, making it the first American feature film to have an original score by a major composer. Like the majority of Dixon's films, *The Fall of a Nation* has been lost, but had it survived, it might well have taken its place alongside *The Birth of a Nation* as a masterwork of silent film. Anthony Slide examines each of Dixon's films and discusses the novels from which they were adapted. Slide chronicles Dixon's transformation from a major supporter of the original Ku Klux Klan in his early novels to an ardent critic of the modern Klan in his last film, *Nation Aflame*. *American Racist* is the first book to discuss Dixon's work.

outside of literature and provide a wide overview of the life and career of this highly controversial twentieth century southern populist Anthony Slide is the author of numerous books including *Silent Players A Biographical and Autobiographical Study of 100 Silent Film Actors and Actresses* Continent ,1915 The Spectator ,1904 A weekly review of politics literature theology and art
