started out as a teacher and physical education instructor playing amateur football in his spare time He was soon signed up by Manchester United playing his first game 1936 and winning promotion to the First Division in 1938 A spinal ailment curtailed his career but during World War II he served as an officer in the Royal Air Force before the FA appointed him as national director of coaching and England team manager in 1946 He remains the only manager to have taken the national side to more than two World Cup finals and was created an OBE in 1963 and a CBE in 1972 before being knighted in 1978 Walter died in 2002 but his legacy continues to inspire many in football today especially with the opening of the new St George's Park football academy With interviews and insight from top football names this book written by Winterbottom's son in law also draws on personal diaries photographs and letters However this is more than just a biography of one man it's the story of how modern football came about *Traditional Sporting Games and Play: Enhancing Cultural Diversity, Emotional Well-being, Interpersonal Relationships and Intelligent Decisions* Pere Lavega-Burgués, Marco Antonio Coelho
