field Redressing the lack of environmental perspectives in the study of media ecomedia studies asserts that media are in and about the environment and environments are socially and materially mediated The book gives form to this new area of study and brings together diverse scholarly contributions to explore and give definition to the field The Handbook highlights five critical areas of ecomedia scholarship ecomedia theory ecomateriality political ecology ecocultures and eco affects Within these areas authors navigate a range of different topics including infrastructures supply and manufacturing chains energy e waste labor ecofeminism African and Indigenous ecomedia environmental justice environmental media governance ecopolitical satire and digital ecologies The result is a holistic volume that provides an in depth and comprehensive overview of the current state of the field as well as future developments This volume will be an essential resource for students educators and scholars of media studies cultural studies film environmental communication political ecology science and technology studies and the environmental humanities The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license Deep gratitude for the generous support of those institutions that provided funding to enable this volume to be available simultaneously in print and open access University of Oregon Libraries Open Access Publishing Award Frank J Guarini School of Business at John Cabot University University of Vermont Humanities Center University of California Santa Barbara University of Lausanne and School of Humanities at Nanyang Technological University

Beyond Blood J.
Morgan, 2023-06-29 John Hunter and Tom Byner are two young men from the Saline District of the Cherokee Nation during the fateful period between the United States Civil War and Oklahoma statehood Theirs is a land and a people caught between the courts of Hanging Judge Parker and local tribal authority In a time and place where most still carried a gun events were occurring almost daily that were to bring about change to their people Intent on survival nonetheless the blood that flows in their veins propels them down a path where they find themselves struggling to maintain the convictions and beliefs that had been passed down to them since the Trail of Tears It is their anonymity that provides the illusion of sanctuary but even this is shattered with the arrival of Katie Dickinson an attractive young girl caught up in the designs of those who see the opportunities to be had at the expense of the Cherokee people It is through her friendship with Mary Baldridge that she connects with the young men and finds in these three friends her only hope for escape But Katie s presence places the young men on a path that directly collides with the powers that be unscrupulous powers that see the friends as impediments to plans for control and reward As events unfold each must search within themselves and come face to face with their own core beliefs and choose whether to strengthen or weaken in the face of adversity They are aided by the oversight of their enemies that simply do not recognize the abilities of John Hunter As they are forced to maneuver the changing world of their people each step must be placed with care on a path where the gate is strait and the way increasingly narrow 1
