Gay Talese Here is a tapestry of stories about the complex and unique relationship that exists between brothers In this book some of our finest authors take an unvarnished look at how brothers admire and admonish revere and revile connect and compete love and war with each other With hearts and minds wide open and in some cases with laugh out loud humor the writers tackle a topic that is as old as the Bible and yet has been heretofore overlooked Contributors range in age from twenty four to eighty four and their stories from comic to tragic Brothers examines and explores the experiences of love and

loyalty and loss of altruism and anger of competition and compassion the confluence of things that conspire to form the unique nature of what it is to be and to have a brother Brother One of our eternal and quintessential terms of endearment Tobias Wolff writes The good luck of having a brother is partly the luck of having stories to tell David Kaczynski brother of The Unabomber I ll start with the premise that a brother shows you who you are and also who you are not He s an image of the self at one remove You are a we with your brother before you are a we with any other Mikal Gilmore refers to brotherhood as a fidelity born of blood We ve heard that the apple doesn t fall far from the tree But where do the apples fall in relation to each other And are we in fact our brothers keepers after all These stories address those questions and more and are like the relationships full of intimacy and pain joy and rage burdens and blessings humor and humanity

through our teenage years and become adults it travels with us to Western Australia and then back to Chipinga We share the lives of others as the Rhodesian Bush War escalates in what was a quiet and idyllic country town to one of the most dangerous and deadly districts in Rhodesia Then the books deals with our final move back to Western Australia and our struggle to once again build a life for our children and ourselves To most people this may seem to be an unusual life but to a Rhodesian it would be considered pretty much the same story as many other families Although it is our story there are many stories told by others who have shared our way of life It is about love hate and humor It is about determination and desperation It is about life and death and friendship and community spirit Most of all I hope it is a monument to those who died or were seriously injured physically or mentally black or white It is also a salute to those incredible farmers the Rhodesian armed forces and those who worked in the rural areas during those troubled times For me personally writing this book has been a huge emotional journey
