One night a man lay
on a beach, with the
moon shining down on him. For
hours he had been
thinking about the
footprints in the sand.

He thought about the
footprints in the sand, and
about the man who had
left them there.

The man thought the
footprints in the sand
were his own. But he
knew that was not true.
He knew that the
footprints in the sand
were the footprints of
the man who had left
them there.

The man thought the
footprints in the sand
were his own. But he
knew that was not true.
He knew that the
footprints in the sand
were the footprints of
the man who had left
them there.

He thought about the
footprints in the sand,
and about the man who
had left them there.

Footprints Scripture Interior Diary:

Jesus in History, Legend, Scripture, and Tradition Leslie Houlden, Antone Minard, 2015-06-23 This multifaceted work contextualizes Jesus in religion and culture by bringing together articles on folklore history literature philosophy popular culture and theology Many books have been written about Jesus but this two volume work takes a different approach than most What sets it apart is that it emphasizes Jesus lasting impact on world history and his legacy in the imagination over 2 000 years Written as an introduction the encyclopedia is equally suitable for Christians who wish to better understand the history and philosophy of their religion and for non Christians who wish to grasp Christianity in its historical and social contexts Alphabetically arranged entries cover representations of Jesus in the bible and the writings of key theologians examining the essentials of philosophical and religious views across history The set also includes hundreds of entries that reflect on the role Jesus has played in popular culture and contemporary vernacular religion perspectives that are not usually placed alongside theology Through the encyclopedia students will see how artists writers philosophers church figures and others have imagined Jesus and been influenced by their perceptions of him At the same time primary documents will encourage students to compare and contrast ideas and evaluate arguments that have arisen over 20 centuries
