the Lord These and other events are told in this biography which investigates the ways in which Peter sought to enlighten and catch souls of men that they be set on a righteous path to God and the Holy Spirit Peter s humble beginnings soon transform through his pursuit of God he accompanies Jesus as one of his twelve apostles and is listed foremost among them in all sources His spiritual guidance and devotion to the mission of Christ has great bearing on the foundation of the Christian church Peter also witnessed the Resurrection of Jesus first hand and delivered some of the first sermons following this revelatory event Peter is considered by tradition to be the first Bishop of Rome It is assumed that he traveled there and began his ministry although opinions differ most Christian denominations in the modern day consider his time in Rome to have been of immense importance to the early church while Catholicism s custom is that Peter is the first pope Throughout his account of Saint Peter s many deeds F B Meyer is certain to imbue the text with the emotions and atmosphere of the era This striving for tone confers depth to his biography while his quotation of sources is impeccable **Peter: Fisherman,**

Disciple, Apostle; A Biblical Biography F. B. Meyer,2018-12-14 Peter comes nearer to us than any of his brother Apostles We revere James the brother of our Lord for his austere saintliness We strain our eyes in the effort to follow John to the serene heights whither his eagle wing bore him But Peter is so human so like ourselves in his downittings and upittings so compassed with infirmity that we are encouraged to hope that perhaps the Great Potter may be able to make something even of our common clay When walking over his farmstead with a friend we came on a field which on a former visit appeared to be choked with thistles He had bought it at a cheap rate because of its derelict condition But it had been carefully drained and enriched Much care and science had been expended on it and to my friend s surprise a rich crop of clover resulted The long buried seed had lain starved and hopeless in the soil till the rich culture had called it into evidence It needed the Saviour s insight to discover an Apostle in Simon Bar jona the fisherman and the Saviour s patient culture to elicit the dormant qualities of his character which speak in every paragraph of his Epistles and fitted him to be the leader of the Primitive Church But if the Master could do so much for him what may He not effect my reader for thee and me CrossReach Publications **Peter** Frederick Brotherton Meyer,2017-08-22 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Peter F b. 1847-1929 Meyer,2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book Peter F B 1847-1929 Meyer,2015-02-13 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United
