Night Vision Dominic Angeloch, 2025-04-10 All his life Wilfred Bion strove to find a narrative form for the traumatic experiences he went through as a tank commander in the First World War The body of his autobiographical and literary works documents his efforts to wrest a biography of his own from the most devastating processes of world history As a whole it is the result of a lifelong struggle to express something unspeakable to restore something destroyed What emerges is something like the prehistory of the psychical catastrophe from which Bion was unable to escape until his death As such however these autobiographical fragments also reflect the prehistory of the historical catastrophe under whose spell the world still stands today This book is the first comprehensive study of Bion's autobiographical and literary writings Drawing on the concepts of experience and thinking developed in his theoretical and clinical works with which they are genetically linked it discusses Bion's strategies of writing and cognition and for the first time systematically places a hitherto unexplored part of his work in the context of his entire oeuvre Following the chronological thread of his life from childhood in India through youth in England to his experience of the First World War in France and Belgium the book traces how Bion developed his unique method of writing Detailed narrative analyses reveal the painful work of coming to terms with the war experiences which had haunted him throughout his life a crippling trauma whose causes extended far beyond the individual and private The book thus provides deep insights into Bion's life his thinking and his writing and offers the reader a portrait of the primal catastrophe of the twentieth century and its devastating effects

Good Night, Sweet Dreams, I Love You - Now Get Into Bed and Go to Sleep! Patrick Friman, 2010-12-22 The Book of the Thousand Nights and One Night, Volume I (Esprios Classics) John Payne, *Managing Cities at Night* Acuto, Michele, Seijas, Andreina, Jenny McArthur, Enora Robin, 2021-11-16 Urban experts consider the future of night time economies governance during the pandemic and beyond in this scholarly and accessible guide They use global case studies to illustrate a range of socio economic issues in cities after dark and investigate the role of public and private sectors and leaders in shaping urban planning and policy *'Till the night is gone', 30 sermons* Joseph Barnaby C. Murphy, 1900 **The Works of Edward Bulwer Lytton: Night and morning** Edward Bulwer Lytton Baron Lytton, 1901 **An English Garner** Edward Arber, 1880 Friday Night, 1870

Shakespeare's A Midsummer Night's Dream William Shakespeare, 1895 **The likeness of the night; a modern play in four acts** Lucy Lane Clifford, 1912 Tennyson's Poems R. H. Winnick, 2019-04-18 In Tennyson's Poems New Textual Parallels R H Winnick identifies more than a thousand previously unknown instances in which Tennyson phrases of two or three to as many as several words are similar or identical to those occurring in prior works by other hands discoveries aided by the proliferation of digitized texts and the related development of powerful search tools over the three decades since the most recent major edition of Tennyson's poems was published Each of these instances may be deemed an allusion meant to be recognized as such and pointing for definable purposes to a particular antecedent text an echo conscious or not deliberate or not meant to be noticed or not meaningful or not or merely accidental Unless accidental Winnick writes these new textual

parallels significantly expand our knowledge both of Tennyson's reading and of his thematic intentions and artistic technique. Coupled with the thousand plus textual parallels previously reported by Christopher Ricks and other scholars he says they suggest that a fundamental and lifelong aspect of Tennyson's art was his habit of echoing any work ancient or modern which had the potential to enhance the resonance or deepen the meaning of his poems. The new textual parallels Winnick has identified point most often to the King James Bible and to such canonical authors as Shakespeare, Milton, Dryden, Pope, Thomson, Cowper, Shelley, Byron, and Wordsworth. But they also point to many authors rarely if ever previously cited in Tennyson editions and studies including Michael Drayton, Richard Blackmore, Isaac Watts, Erasmus, Darwin, John Ogilvie, Anna Letitia Barbauld, Letitia Elizabeth Landon, John Wilson, and with surprising frequency Felicia Hemans. Tennyson's Poems: New Textual Parallels is thus a major new resource for Tennyson scholars and students, an indispensable adjunct to the 1987 edition of Tennyson's complete poems edited by Christopher Ricks. **The Stratford Journal**, 1916 **Healthy Sleep**
