Dating the Four Gospels Lawrence A. Murray,2003-06 Dating the Four Gospels This monograph begins by reviewing the various Higher Critical Analyses that tend to hold that Mark wrote first that Matthew and Luke copied him that John s works were probably not written by the Apostle John and that Matthew and Luke were written long after the prophesied destruction of Jerusalem by non eye or earwitnesses This author looks only at internal evidence within the four gospels By comparing more than 100 verses and passages in them he deduces that the hypothesized Q written document does not exist and that the source is very likely the common developed oral gospel preached by the twelve apostles from 31 to 42 AD From these comparisons he shows the authors were first Matthew then Mark then Luke then John and that the three Synoptics were all written down in Greek well before 70 AD
