## **From Apocalypse To Genesis:**

**From Genesis to Apocalypse** Roland James Faley, 2005 A complete introduction to the Bible aimed at high school and college students as well as Bible study groups      From Apocalypse to Genesis Anne Primavesi, 1991 Writing from a feminist and deep ecological standpoint Anne Primavesi argues for a radical reappraisal of human relationship to the whole of creation      Genesis and Apocalypse Thomas J. J. Altizer, 1990-12-01 Thomas Altizer's Genesis and Apocalypse engages a theological history of Western culture through the works of Augustine Luther Barth and other important figures in theology as well as critical theorists such as Hegel and Nietzsche to ultimately offer a Christology for our modern times      **Thinking through the Death of God** Lissa McCullough, Brian Schroeder, 2012-02-01 The leading exponent of the death of God theology of the 1960s Thomas J J Altizer created a media sensation at the time and defined a major new direction in philosophical theology Altizer has continued to refine his thought throughout his career and his systematic theological work has achieved its prime as shown in this collaborative critical response to his thought This book is also the first collection of its kind to appear in nearly thirty years and thus the first to deal with the most sophisticated period of his work A response from Altizer is included along with a comprehensive bibliography of his work      **Creation and Salvation: A companion on recent theological movements** E. M. Conradie, 2012 Christians trying to save the planet have to relate creation with salvation This volume explores the ways in which this task is approached by a wide range of recent theological movements      Marriage, Sex, and Procreation Steven Schafer, 2019-09-09 The contemporary church's debate on the inclusion of same sex individuals and their relationships has devolved into diametrically opposed positions Rather than resolving the argument the conversation between the two sides reflects the impasse that is taking place in denominations across the West It is clear that the dispute cannot be resolved while couched in these terms In this timely work Steven Schafer invites the reader to move beyond the terms of the current debate toward the underlying doctrinal concerns so often glossed over by that discussion This book is a work of hermeneutics that engages the contemporary discussion on the legitimacy of same sex relationships with the grand theological narrative handed down by the church By placing four contemporary revisionists in dialogue with the work of Augustine the book provides language and theological avenues to reframe the debate and contributes to the church's ongoing discernment      Godhead and the Nothing Thomas J. J. Altizer, 2012-02-01 Eminent theologian Thomas J J Altizer breaks new ground by exploring the ultimate transfiguration of the Godhead as a question of the Nihil or nothingness and God The Nihil is essential to the full actualization of the Godhead in that it fully occurs in both a primordial and an apocalyptic sacrifice of the Godhead Virtually unexplored by philosophical and theological thinking the Nihil is luminously enacted in the deepest expressions of the imagination and most clearly and decisively so in the Christian epic tradition Altizer looks at the works of philosophers and theologians such as Spinoza Barth Hegel Nietzsche and epic writers such as Dante Milton and Blake to ultimately posit a God that is necessarily a dichotomous God      **Haunted by**

**Paradise** James Bernard Murphy, 2021-01-07 The Bible today is weaponized by both liberals and conservatives side cherry picking their favorite verses Have you ever wondered why the Bible lends itself to supporting contradictory positions in moral debates why even the devil quotes Scripture If so you will enjoy this book Haunted by Paradise reveals the unity and coherence of the Bible in the light of paradise The Bible begins in Eden and ends in the new Jerusalem in between the Bible is haunted by the memory of paradise lost and the hope for paradise regained With paradise as the interpretive key Murphy unlocks biblical ethics He shows that there is no Old Testament ethics or New Testament ethics only a unified biblical ethics In sixteen short chapters this book addresses urgent moral questions about issues ranging from capital punishment to war including divine justice homosexuality marriage nature racism patriarchy and work In each chapter Murphy shows how the Bible negotiates the tension between divine ideals and human realities Challenging Women's Orthodoxies in the Context of Faith Susan Frank Parsons, 2019-07-31 This title was first published in 2000 Most of the papers in this volume were given at a day conference held at Heythrop College aimed at discussing challenging women's orthodoxies in the context of faith The book acts as an indication that gender matters in the understanding and living of faith **Textual Criticism and Dead Sea Scrolls Studies in Honour of Julio Trebolle Barrera** Andrés Piquer Otero, Pablo A. Torijano Morales, 2012-04-18 This volume includes papers on different topics of textual criticism of the Bible history of the Hebrew text and the Septuagint and Dead Sea Scrolls studies contributed by friends and colleagues of Julio Trebolle Barrera to honour him on the occasion of his 65th birthday The book presents a good selection of current research in the history and composition of the Bible the Septuagint and the Dead Sea Scrolls all with the aim of honouring a scholar who has excelled in those areas throughout his career *Sacred Sense* William P. Brown, 2015-07-07 All too often Scripture is read only to find answers to life's perplexing questions to prove a theological point or to formulate doctrine But William Brown argues that if read properly what the Bible does most fundamentally is arouse a sacred sense of life transforming wonder In this book Brown helps readers develop an orientation toward the biblical text that embraces wonder He explores reading strategies and offers fresh readings of seventeen Old and New Testament passages identifying what he finds most central and evocative in the unfolding biblical drama The Bible invites its readers to linger in wide eyed wonder Brown says and his Sacred Sense shows readers how to do just that Deep Economy Hans-Dirk van Hoogstraten, 2001 Both true and false notions of connection exist in society and in the human imagination In this work economic and ecological claims of supposed connectedness are compared on a profound level Starting with an historical analysis of the ethical and economic thought of Aristotle and Adam Smith the two main representatives of the first and second waves of Enlightenment this discussion clarifies the value of the term deep economy Concern about current ecological problems often confronts us with the history theories and experiences of natural and spiritual connectedness This book adds an indispensable factor It urges us to take into serious account the actual state of economic affairs Discussion of the clash between ecology and economy has long been avoided due to the paralysis it

threatens Dr Van Hoogstraten however searched for a paramount view and found it in religion In his in depth discussion of the character of both ecology and economy the hidden religious pretensions of both fields are uncovered A merely moral approach to the economy s devastating effects is deemed ineffective the author offers readers a perspective beyond good and evil The adoption of this Nietzschean approach he calls facing the fate Exposing unexplored forgotten treasures in Jewish wisdom Deep Economy lays out a possible way to proceed towards a new connectedness He confronts us with the necessity of rethinking conceptions of life and death sex and birth wealth and work He convincingly questions and explores hidden places both in society as a whole and in human imagination where basic decisions concerning living together are made Unlike established economic thought Deep Economy leads us through global economy s aspects of exclusion and enrichment of curse and blessing to the author s unique world view presented in this book Call it a provoking textbook for class discussion a talking piece for politicians and political scientists a philosophical work for economists an interpretative study for theologians and philosophers to work with or call it Deep Economy

*The Wrath of God Satisfied?* Tom Stuckey, 2012-08-22 What do Robben Island Colonel Gadaffi the earthquake in Haiti the riots in London credit crunch child abuse and the death of Christ have in common They are all linked by the common thread

of violence Tom Stuckey reexamines the traditional theories of atonement which he argues are contextual and utilitarian as he searches for meaning and hope in these contemporary events In *The Wrath of God Satisfied* Tom Stuckey argues that because we live in a violent world we should not dismiss the idea of the wrath of God or the disturbing metaphors of blood debt satisfaction and sacrifice While not subscribing to the theory of penal substitution he does not dismiss it Within a dynamic interpretation of the Trinity the author draws on the insights of Athanasius Anselm Abelard Luther Calvin Julian Girard Augustine Barth and contemporary theologians to show how divine wrath being satisfied poses the question of God in its most acute form Stuckey sees God's wrath as a necessary shadow cast by the powerful light of hope and argues that wrath cannot be dismissed if justice is to be restored [Journal of Jewish Lore and Philosophy](#) David Neumark, 1919 Includes section Reviews and notes

**Exploring Earthiness** Anne Primavesi, 2013-07-17 If we see ourselves as Earth rather than Earth as existing for us our perspective is transformed A variety of religious philosophical cultural and political self perceptions that dominate our sense of human identity are deeply challenged by this shift in perspective John Locke's doctrine of Earth as human property has been central to current presuppositions about our selves justified on the grounds of our possessing unique divinely bestowed rational abilities But today the effects of that doctrine on Earth's resource base and on its other than human creatures directly challenge such assumptions At the same time contemporary scientific findings about the evolution of earthly life demonstrate that while we belong to Earth and nowhere else Earth does not belong to us Exploring this role reversal raises fundamental questions about current theological philosophical scientific and economic presuppositions that underpin the business as usual viewpoint and human centered aims of contemporary policies and lifestyles It takes us beyond hierarchical Christian and philosophical doctrines toward a deeper Earth focused and peace based understanding of what it means to be human today [Journal of Biblical Literature](#), 2008
