traditionally interpreted as a religious spiritual text the Bhagavad G t teaches these values which can be extrapolated and applied to practical management lessons in today s corporate boardrooms Applying the text of the Bhagavad G t to the context of management this book views the manager as an enlightened sage who operates from higher stance guided by self knowledge and self mastery It demonstrates how character is the key ingredient for effective management and leadership This book is therefore applicable to all managers from first line to CEOs in their management and leadership roles in organizations
