**Steven Mark Cohn**

## **From Comrade To Citizen The Struggle For Political Rights In China:**

**From Comrade to Citizen** Merle Goldman, 2007-09-30 A leading scholar of China's modern political development examines the changing relationship between the Chinese people and the state. Correcting the conventional view of China as having instituted extraordinary economic changes but having experienced few political reforms in the post Mao period, Merle Goldman details efforts by individuals and groups to assert their political rights. China's move to the market and opening to the outside world have loosened party controls over everyday life and led to the emergence of ideological diversity. Starting in the 1980s, multi-candidate elections for local officials were held and term limits were introduced for communist party leaders. Establishment intellectuals who have broken away from party patronage have openly criticized government policies. Those intellectuals outside the party structures, because of their participation in the Cultural Revolution or the 1989 Tiananmen Square demonstrations, have organized petitions, published independent critiques, formed independent groups, and even called for a new political system. Despite the party's repeated attempts to suppress these efforts, awareness about political rights has been spreading among the general population. Goldman emphasizes that these changes do not guarantee movement toward democracy, but she sees them as significant and genuine advances in the assertion of political rights in China.

**Political Change in China** United States. Congressional-Executive Commission on China, 2006 Reconsidering Chinese Citizenship Canglong Wang, Zhenzhou Zhao, Zhonghua Guo, 2025-04-03 This book reconsiders the concept of Chinese citizenship through the lens of cultural traditions and their deep historical roots. It challenges the state's monolithic interpretation of culture, exploring how cultural practices influence citizenship in modern China. The contributors to this volume examine how various actors, from government forces to grassroots activists, engage in culture-informed citizenship practices. They highlight the role of political ideology, spirituality, Confucianism, and minority religious traditions in shaping citizenship discourse. By broadening the understanding of Chinese citizenship beyond its Western-centric frameworks, this book delves into issues of socioeconomic injustice, cultural recognition, and the negotiation of civic rights. Readers are offered new perspectives on how China's unique cultural heritage intertwines with its political structures, providing a nuanced understanding of citizenship in rapidly changing societies. This thought-provoking analysis will engage anyone interested in Chinese politics, culture, and the development of citizenship in a global context. The chapters in this book were originally published as a special issue of *Citizenship Studies*.

**China's Modernization II** Gerhard Preyer, 2015-09-09 The idea of only one way leading to a modern society seems to be hardly tenable. But even if we agree to this, our theories and terms describing modernization are gained on our own Western history. So social science has to reconsider its basic terms to describe China's modernization and maybe even the understanding of modernization itself. The second of two volumes on China's modernization collects articles by leading Chinese and Western scientists focusing on the main conflicts and differences this process involves. In the first section, *On Contemporary Theory of Modernization*, Manussos Marangudakis

represents Shmuel N Eisenstadt's concept of Multiple Modernities and the Theory of Indeterminacy one of the best elaborated perspectives on modernity Changing China Dealing with Diversity the second section examines how China copes with dissent and discusses the significance of law and a civil society Merle Goldman begins with Dissent of China's Public Intellectuals in the Post Mao Era The Modernization of Law in China its Meaning Achievements Obstacles and Prospect is the subject of Qingbo Zhang Scott Wilson presents a Gramscian analysis of civil society in China's State in the Trenches And Francis Schortgen and Shalendra Sharma study how China is Manufacturing Dissent Domestic and International Ramifications of China's Summer of Labor Unrest Neoliberalism and the Changes in East Asian Welfare and Education is the focus of the third section Beatriz Carrillo Garcia investigates the Business Opportunities and Philanthropic Initiatives in China Time Politics and Homelessness in Contemporary Japan is the subject of Ritu Vij Different school books show the Educational Modernisation Across the Taiwan Straits by David C Schak And Ho fung Hung discusses the role of China in globalization following the question Is China Saving Global Capitalism from the Global Crisis The additional rubric On Contemporary Philosophy involves three articles about International Development Paradox and Phronesis by Robert Kowalski The World in the Head by Robert Cummins and Communication Cooperation and Conflict by Steffen Borge Content and abstracts [www.protosociology.de](http://www.protosociology.de)

*The Intellectual in Modern Chinese History* Timothy Cheek, 2016-01-05 This vivid narrative history of Chinese intellectuals and public life provides a guide to making sense of China today Timothy Cheek presents a map and a method for understanding the intellectual in the long twentieth century from China's defeat in the Sino Japanese war in 1895 to the Prosperous China since the 2008 Beijing Olympics Cheek surveys the changing terrain of intellectual life over this transformative century in Chinese history to enable readers to understand a particular figure idea or debate The map provides coordinates to track different times different social worlds and key concepts The historical method focuses on context and communities during six periods to make sense of ideas institutions and individual thinkers across the century Together they provide a memorable account of the scenes and protagonists and arguments and ideas of intellectuals and public life in modern China

**Manipulating Authoritarian Citizenship** Samantha A. Vortherms, 2024-10-15 The redistribution of political and economic rights is inherently unequal in autocratic societies Autocrats routinely divide their populations into included and excluded groups creating particularistic citizenship through granting some groups access to rights and redistribution while restricting or denying access to others This book asks why would a government with powerful tools of exclusion expand access to socioeconomic citizenship rights And when autocratic systems expand redistribution whom do they choose to include In *Manipulating Authoritarian Citizenship* Samantha A Vortherms examines the crucial case of China where internal citizenship regimes control who can and cannot become a local citizen through the household registration system hukou and uncovers how autocrats use such institutions to create particularistic membership in citizenship Vortherms shows how local governments explicitly manipulate local citizenship membership not only to ensure

political security and stability but also crucially to advance economic development Vortherms demonstrates how autocrats use differentiated citizenship to control degrees of access to rights and thus fulfill the authoritarian bargain and balance security and economic incentives This book expands our understanding of individual state relations in both autocratic contexts and across a variety of regime types *China in Search of a Harmonious Society* Sujian Guo,Baogang

Guo,2008-01-01 This edited volume examines the new concept of building harmonious society proposed by the Chinese leadership under Hu Jintao its important implications for the future of Chinese political development and some major issues and questions in China s academic and public debate on the search for a harmonious society **The Development of the**

**Chinese Legal System** Guanghua Yu,2010-11-17 In recent years the Chinese legal system has undergone many reforms and this book brings the literature up to date offering a contemporary account of the law and administration in China This book is the result of collective efforts in analysing the political economic and social factors which affect the development of Chinese law The volume contains contributions from a number of experts and scholars of Chinese law who examine some of the most important areas of Chinese law The book covers constitutional law criminal law property law mortgage law intellectual property law corporate law securities regulation banking regulation civil procedural law arbitration law environmental law and the regulation of telecommunications services Whilst the book addresses a number of diverse legal areas all the contributions look to explain the factors which led to the development of the law and the consequences of such developments as well as the progress made by developing legal institutions and the possible obstacles to future development *Global*

*Anti-Terrorism Law and Policy* Victor V. Ramraj,2012-01-12 This international work provides information on and analysis of anti terrorism law and policy by top experts in the field **Protest and Resistance in the Chinese Party State** Hank

Johnston,Sheldon Zhang,2022-02-24 Although contemporary China is a repressive state protests and demonstrations have increased almost tenfold between 2005 and 2015 This is an astounding statistic when one considers that Marxist Leninist regimes of the past tolerated little or no public dissent How can protests become so common in an autocratic state What are the trends of repression and mobilization This collection helps to answer these compelling questions through in depth analyses of several Chinese protest movements and state responses The chapters examine the opportunities and constraints for protest mobilization and explains their importance for understanding contemporary Chinese society **Competing**

**Economic Paradigms in China** Steven Mark Cohn,2017-09-05 When the Chinese economic reforms began in 1978 Marxist economics infused all the institutions of economic theory in China from academic departments and economics journals to government departments and economic think tanks By the year 2000 neoclassical economics dominated these institutions and organized most economic discussion This book explains how and why neoclassical economic theory replaced Marxist economic theory as the dominant economics paradigm in China It rejects the idea that the rise of neoclassical theory was a triumph of reason over ideology and instead using a sociology of knowledge approach links the rise of neoclassical economics

to broad ideological currents and to the political economic projects that key social groups inside and outside China wanted to enable The book concludes with a discussion of the nature of economic theory and economics education in China today

**The Impact of China's 1989 Tiananmen Massacre** Jean-Philippe Béja,2010-11-18 The 1989 pro democracy movement in China constituted a huge challenge to the survival of the Chinese communist regime This book assesses the impact of the movement and of the ensuing repression on the political evolution of the People s Republic of China It discusses how the events of 1989 are remembered and have affected China s international relations and diplomacy how human rights law enforcement policing and liberal thought have developed over two decades Powerful Patriots Jessica Chen

Weiss,2014-08-01 Powerful Patriots examines the role of nationalist protest in China s foreign relations from 1978 to 2012 arguing that the Chinese government s decision to allow or repress potentially destabilizing anti foreign street

demonstrations reveals information about its resolve and willingness to compromise in diplomacy **Social Mobilisation in Post-Industrial China** Jia Gao,Yuanyuan Su,2019 In recent years China has experienced intense economic development Previously a rapidly urbanising industrial economy the country has become a post industrial economy with a service sector that accounts for almost half the nation s GDP This transformation has created many socio political changes but key among them is social mobilisation This book provides a full and systematic analysis of social mobilisation in China and how its use as part of state capacity has evolved Politics in China William A. Joseph,2010 Sixty years ago China was one of the poorest countries in the world populated mostly by rural peasants and still suffering from more than a century of internal turmoil and international humiliation Today China is a rapidly modernizing economic dynamo with growing global influence Politics in China is an authoritative introduction to how this transformation occurred and how China is governed today Written by an international team of highly regarded China scholars each chapter offers an accessible overview of a key topic in Chinese politics The opening section provides readers with a firm grounding in China s modern political history from the fall of the last imperial dynasty through era of communist rule under Mao Zedong Deng Xiaoping and their successors The next section covers the political system with chapters on Communist Party ideology the structure of the political system and the policies behind the country s spectacular economic performance The book then focuses on several major issues in China today politics in the countryside and the cities the arts the environment public health and population policy The final chapters cover politics in four important areas located on China s geographic periphery Tibet Xinjiang Hong Kong and Taiwan Comprehensive and fully up to date in its coverage Politics in China is essential not only for students studying contemporary China but for any reader interested in learning how this rising power has evolved in recent times and the workings of its current political system *Chinese Intellectuals Between State and Market* Merle Goldman,Edward Gu,2005-08-03 This edited volume describes the intellectual world that developed in China in the last decade of the twentieth century How as China s economy changed from a centrally planned to a market one and as China opened up to the outside world and was

influenced by the outside world Chinese intellectual activity became more wide ranging more independent more professionalized and more commercially oriented than ever before The future impact of this activity on Chinese civil society is discussed in the last chapter

**The New Rich in China** David Goodman, 2008-05-07 Three decades of reform since 1978 in the People's Republic of China have resulted in the emergence of new social groups which have included new occupations and professions generated as the economy has opened up and developed and most spectacularly given the legacy of state socialism the identification of those who are regarded as wealthy However although China's new rich are certainly a consequence of globalization there remains a need for caution in assuming either that China's new rich are a middle class or that if they are they should immediately be equated with a universal middle class Including sections on class status and power agency and structure and lifestyle *The New Rich in China* investigates the political socio economic and cultural characteristics of the emergent new rich in China the similarities and differences to similar phenomenon elsewhere and the consequences of the new rich for China itself In doing so it links the importance of China to the world economy and helps us understand how the growth of China's new rich may influence our understanding of social change elsewhere This is a subject that will become increasingly important as China continues its development and private entrepreneurship continues to be encouraged and as such *The New Rich in China* will be an invaluable volume for students and scholars of Chinese studies history and politics and social change

*Allies of the State* Jie Chen, Bruce J. Dickson, 2010-06-15 *Allies of the State* is a finely tuned laser of a book With a rigorous yet elegant research design deployed with great dexterity the argument unfolds in tantalizing layers as Chen and Dickson get us closer than ever to understanding the political attitudes and behavior of China's private entrepreneurs

Scott Kennedy author of *The Business of Lobbying in China*

**Law and Politics in Modern China** Sharron Gu, 2009 This is an original interdisciplinary study of Chinese law its language and political institution Evolving within a complex literary framework over thousands of years Chinese language has lost its conceptual distinctiveness to its multilevel and overlapping meanings and connotations Chinese law has become inflated with contrary rulings and exceptions This mass of rules requires an extra lingual legal authority to redefine boundaries and specify applications This book follows and continues the author's *The Boundaries of Meaning and the Formation of Law* McGill University Press by illustrating how language shapes the formation application and administration of law in various cultural environments *Law and Politics in Modern China* is an important book for those interested in Chinese history culture law and politics It also provides refreshing insights about the way that law continues to function after its language matures and creates contradictions and loopholes within its system of rules one of the most important issues facing Western legal administration in the immediate future

*The Prospects for Liberal Nationalism in Post-Leninist States* Cheng Chen, 2007-08-27 The fall of communism in the Soviet Union led many to hope and expect that liberal democracy would immediately take root across postcommunist states marking what Francis Fukuyama famously referred to as the end of

history Since then however a very different picture has emerged most notably in the form of nationalist sentiments that have steered many postcommunist countries in an illiberal direction even in regimes committed to market reforms and formally democratic institutions Cheng Chen examines this phenomenon in comparative perspective showing that the different pathways of nation building under Leninism affected the character of Leninist regimes and later the differential prospects for liberal democracy in the postcommunist era In China and Russia Chen shows liberalism and nationalism were more difficult to reconcile because Leninism was indigenous and had a more significant impact on nation building In Hungary and Romania by contrast Leninism was a foreign import and had less of an effect on traditional national identity As we witness the struggle to establish democracy in places such as Afghanistan and Iraq a study that examines the salience of historical legacies seems particularly timely

Right here, we have countless book **From Comrade To Citizen The Struggle For Political Rights In China** and collections to check out. We additionally have the funds for variant types and afterward type of the books to browse. The all right book, fiction, history, novel, scientific research, as well as various further sorts of books are readily comprehensible here.

### **From Comrade To Citizen The Struggle For Political Rights In China Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading From Comrade To Citizen The Struggle For Political Rights In China free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading From Comrade To Citizen The Struggle For Political Rights In China free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file

type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading From Comrade To Citizen The Struggle For Political Rights In China free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading From Comrade To Citizen The Struggle For Political Rights In China. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading From Comrade To Citizen The Struggle For Political Rights In China any PDF files. With these platforms, the world of PDF downloads is just a click away.

### **FAQs About From Comrade To Citizen The Struggle For Political Rights In China Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. From Comrade To Citizen The Struggle For Political Rights In China is one of the best book in our library for free trial. We provide copy of From Comrade To Citizen The Struggle For Political Rights In China in digital format, so the resources that you find are reliable.
