Richard K. Scotch

From Good Will To Civil Rights Transforming Federal Disability Policy

Lisa Schur, Douglas Kruse, Peter Blanck

From Good Will To Civil Rights Transforming Federal Disability Policy:

From Good Will to Civil Rights Richard Scotch,2009 An updated edition of the landmark book on disability policy

From Good Will to Civil Rights Richard K. Scotch,1984-01-01 Now that curb cuts braille elevator buttons and closed captioned television are commonplace many people assume that disabled people are now full participants in American society This book tells a rather different story It tells how America s disabled mobilized to effect sweeping changes in public policy not once but twice and it suggests that the struggle is not yet over **Foundations of Disability Studies** M.

Wappett,K. Arndt,2013-11-11 A collection of eight essays by scholars who have published extensively within the disability studies literature and who have helped build the field to its current state Includes contributions from Robert Bogdan Doug Biklen Susan Schweik and more **Americans with Disabilities** Leslie Francis,Anita Silvers,2015-12-22 In this

groundbreaking work leading philosophers legal theorists bioethicists and policy makers offer incisive looks into the philosophical and moral foundations of disability law and policy **Disability Studies in India** Renu Addlakha,2020-11-29 Since the 1970s the international disability rights movement the United Nations and national governments across the world have attempted to ameliorate the status of the disabled population through a range of legislative and policy measures primarily in the areas of health education employment accessible environments and social security While the discourse in the disability sector in India has shifted from charity and welfare to human rights and entitlements disability studies as an interdisciplinary academic terrain that focuses on the contributions experiences history and culture of persons with disabilities has not yet taken root This volume collates some of the most recent pioneering work on disability studies from across the country The essays presented here engage with the concept of disability from a variety of disciplinary positions sociocultural contexts and subjective experiences within the overarching framework of the Indian reality The contributors including some with disabilities themselves provide a well rounded perspective in shifting focus from disability as a medical condition only needing clinical intervention to giving it due social and academic legitimacy This book outlines key issues that would be germane to any disability studies endeavour in India and South Asia and will appeal to academics activists institutions laypersons and professionals involved in social welfare sociology disability studies women s studies psychiatry rehabilitation and social and preventive medicine **Architecture's Disability Problem** Wanda Katja

Liebermann,2024-06-21 Architecture s Disability Problem explores the intersection of architecture and disability in the United States from the perspective of professional practice This book uncovers why despite the profound effect of the Americans with Disabilities Act on the architectural profession there has been so little interest in design for disability in mainstream architecture To counter this the book investigates alternative approaches to designing with disability through three case studies These showcase both buildings and how design processes driven by disabled people shape design and professional roles Combining historical research formal and discourse analysis and interviews with people who design

construct use buildings and advocate for access the book develops a social understanding of how the buildings work at functional affective and symbolic levels Architecture s Disability Problem is aimed at three primary readers practicing architects architectural scholars and members of disability scholar activist communities Grounded in detailed design studies the author hopes to unearth the social meaning making of architecture related to disability Ultimately the book makes an argument for a focus on disability in its own right as well as on the body in place of the dominance of formal object oriented approaches This book presents and argues for a fundamental shift in the way architectural education policy and practice views and engages with disability It will be key reading for students researchers practitioners and policy makers

American Political Culture Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process

Eugenics, Genetics, and Disability in Historical and Contemporary Perspective Gerald O'Brien, 2023 In the U S the eugenic alarm grew in the first three decades of the twentieth century leading to sterilization institutionalization and other laws to restrict procreation especially among persons with certain disabilities This period also marked the beginning of the social work profession and many social workers struggled with coming to grips with eugenics as a possible means of improving society These historical issues have evolved in many ways but the continued inter relationship between the social work profession and persons with disabilities has particular importance during an era marked by continued genetic innovations and controversies

The Disability Studies Reader Lennard J. Davis, 1997 The Disability Studies Reader collects for the first time representative texts from the newly emerging field of disability studies This volume represents a major advance in presenting the most important writings about disability with an emphasis on those writers working from a materialist and postmodernist perspective Drawing together experts in cultural studies literary criticism sociology biology the visual arts

pedagogy and post colonial studies the collection provides a comprehensive approach to the issue of disability Contributors include Erving Goffman Susan Sontag Michelle Fine and Susan Wendell

The Routledge History of Disability Roy Hanes,Ivan Brown,Nancy E. Hansen,2017-10-25 The Routledge History of Disability explores the shifting attitudes towards and representations of disabled people from the age of antiquity to the twenty first century Taking an international view of the subject this wide ranging collection shows that the history of disability cuts across racial ethnic religious cultural gender and class divides highlighting the commonalities and differences between the experiences of disabled persons in global historical context The book is arranged in four parts covering histories of disabilities across various time periods and cultures histories of national disability policies programs and services histories of education and training and the ways in which disabled people have been seen and treated in the last few decades Within this the twenty eight chapters discuss topics such as developments in disability issues during the late Ottoman period the history of disability in Belgian Congo in the early twentieth century blind asylums in nineteenth century Scotland and the systematic killing of disabled children in Nazi Germany Illustrated with images and tables and providing an overview of how various countries cultures and societies have addressed disability over time this comprehensive volume offers a global perspective on this rapidly growing field and is a valuable resource for scholars of disability studies and histories of disabilities

Barriers to Inclusion Justin J. W. Powell,2015-12-03 Barriers to Inclusion offers a comparative and historical account of the rise of special education over the twentieth century in the United States and Germany This institutional analysis demonstrates how categorical boundaries professional groups social movements and education and social policies shaped the schooling of children and youth with disabilities It traces the evolution of special education classification explores growing special education organizations and examines students learning opportunities and educational attainments Highlighting cross national differences over time the author also investigates demographic and geographic variability within the federal democracies especially in segregation and inclusion rates of disabled and disadvantaged children Germany s elaborate system of segregated special school types contrasts with diverse American special education classrooms mainly within regular schools Joining historical case studies with empirical indicators this book reveals persistent barriers to school integration as well as factors that facilitate inclusive education reform in both societies

Social Issues in America James Ciment,2015-03-04 Truly comprehensive in scope and arranged in A Z format for quick access this eight volume set is a one source reference for anyone researching the historical and contemporary details of more than 170 major issues confronting American society Entries cover the full range of hotly contested social issues including economic scientific environmental criminal legal security health and media topics Each entry discusses the historical origins of the problem or debate past means used to deal with the issue the current controversy surrounding the issue from all perspectives and the near term and future implications for society In addition each entry includes a chronology a bibliography and a directory of Internet resources for further research as well as primary

documents and statistical tables highlighting the debates

People with Disabilities Lisa Schur, Douglas Kruse, Peter Blanck, 2013-06-10 To what extent are people with disabilities fully included in economic political and social life People with disabilities have faced a long history of exclusion stigma and discrimination but have made impressive gains in the past several decades These gains include the passage of major civil rights legislation and the adoption of the 2006 UN Convention on the Rights of Persons with Disabilities This book provides an overview of the progress and continuing disparities faced by people with disabilities around the world reviewing hundreds of studies and presenting new evidence from analysis of surveys and interviews with disability leaders It shows the connections among economic political and social inclusion and how the experience of disability can vary by gender race and ethnicity It uses a multidisciplinary approach drawing on theoretical models and research in economics political science psychology disability studies law and sociology

Law and Social Movements Michael McCann, 2017-07-05 The work of both socio legal scholars and specialists working in social movements research continues to contribute to our understanding of how law relates to and informs the politics of social movements In the 1990s an important line of new research most of it initiated by those working in the law and society tradition began to bridge the gaps between these two areas of scholarship This work includes new approaches to group legal mobilization politics analysis of the judicial impact on social reform struggles studies of individual legal mobilization in civil disputing and an almost entirely new area of research in cause lawyering It brings together the best of this research introduced by a detailed essay by the editor

Institutional Disability Robert A. Katzmann, 2010-12-01 This case study of transportation policy for disabled people illustrates the flaws in policymaking that lead many Americans to believe government is not working as it should Robert A Katzmann examines the workings of the legislative administrative and judicial processes both separately and in interaction as he relates the erratic path of transportation policy for the disabled over two decades An estimated 13 4 million people in this country have difficulty using public transportation but the federal response to their problems of mobility is of fairly recent vintage beginning with legislation in the early 1970s Since then there have been many twists and turns in policy involving a wide array of governmental institutions These constant shifts have confused state and local governments the transit industry and the disabled community Assessing why policy was so erratic Katzmann concludes that in part the confusion resulted from the inability to choose between conflicting approaches to the problem one oriented toward the rights of equal access for the disabled and the other favoring effective mobility by any practical means In addition the conflict between these two policy approaches was compounded by increasing fragmentation within and among national institutions

Chasing the Intact Mind Amy S. F. Lutz, 2023-09-20 In Chasing the Intact Mind Amy Lutz traces the history of the intact mind concept explaining how it influences current disability policy and practice in the United States Lutz describes how we got to this moment where the severely autistic are elided out of public discourse and the intensive disability specific supports they need defunded or closed altogether Lutz argues that focusing on the intact

mind and marginalizing those with severe disability reproduces historic patterns of discrimination that yoked human worth to intelligence and that it is only by making space for the impaired mind that we will be able to resolve these ongoing clashes as well as even larger questions of personhood dependency and care

Social Histories of Disability and Deformity David M. Turner, Kevin Stagg, 2006-09-27 Collecting together essays written by an international set of contributors this book provides an important contribution to the emerging field of disability history It explores changes in understandings of deformity and disability between the sixteenth and twentieth centuries and reveal the ways in which different societies have conceptualised the normal and the pathological Through a variety of case studies including early modern birth defects homosexuality smallpox scarring vaccination orthopaedics deaf education eugenics mental deficiency and the experiences of psychologically scarred military veterans this book provides new perspectives on the history of physical sensory and intellectual anomaly Examining changes over five centuries it charts how disability was delineated from other forms of deformity and disfigurement by a clearer medical perspective Essays shed light on the experiences of oppressed minorities often hidden from mainstream history but also demonstrate the importance of discourses of disability and deformity as key cultural signifiers which disclose broader systems of power and authority citizenship and exclusion The diverse nature of the material in this book will make it relevant to scholars interested in cultural literary social and political as well as medical history

Disability Rights Peter Blanck, 2017-05-15 There is great diversity of definitions causes and consequences of discrimination against persons with disabilities yet there are fundamental themes uniting countries in their pursuit of human rights policies to improve the social and economic status of those with disabilities In this volume are twenty five important articles examining historical contemporary and comparative issues crucial to the advancement of disability rights The volume foreshadows the future of disability rights as a medium for ensuring that those living with disabilities participate as equal citizens of the world

Disability in American Life Tamar Heller, Sarah Parker Harris, Carol J. Gill, Robert Gould, 2018-12-07 Disability as with other marginalized topics in social policy is at risk for exclusion from social debate This multivolume reference work provides an overview of challenges and opportunities for people with disabilities and their families at all stages of life Once primarily thought of as a medical issue disability is now more widely recognized as a critical issue of identity personhood and social justice By discussing challenges confronting people with disabilities and their families and by collecting numerous accounts of disability experiences this volume firmly situates disability within broader social movements policy and areas of marginalization providing a critical examination into the lived experiences of people with disabilities and how disability can affect identity A foundational introduction to disability for a wide audience from those intimately connected with a person with a disability to those interested in the science behind disability this collection covers all aspects of disability critical to understanding disability in the United States Topics covered include characteristics of disability disability concepts models and theories important historical developments and milestones for people with

disabilities prominent individuals organizations and agencies notable policies and services and intersections of disability policy with other policy *Disability Works* Patrick McKelvey, 2024-07-16 *Disability Works* offers a cultural history of disability performance and work in the modern United States
