Congress. House. Select Committee on Assassinations, 1979 **I Want Shoes That Fit and Grape Jelly** Margie Tullos, 2022-02-03 Margie has been writing in her mind for most of her life You could say she has been telling stories in her mind She talks through situation arguments and various other scenarios in her mind She mentioned to a friend that she wanted to write The friend s question made her withdraw She asked her Do you have something to say She thought Who am I to have anything to say I am not a scholar I have not done anything outstanding I guess I have nothing to say Little did she know that there is a lot to share Sometimes people need to know that someone has lived through the same problems and came out okay She said the situation doesn t have to be huge to be important to the individual Little things can be very helpful too Also humor goes a long way After writing her first story she decided to share it with a friend Her friend laughed and told her she could almost see the story being played out She told her that she should get it published She thought no one would want to publish just a short story However they might consider a group of stories So the quest began All of the stories are about real people with real lives Some are simply observations by Margie a real person **Where is the Nightglow?** Paul Klinger, 2025-06-19 This is the third poetry anthology by Paul Klinger As with the previous books each chapter starts with one of the author s paintings relevant to a poem title With a portfolio of almost eight hundred paintings to date there were plenty to choose from *Where the Truth Lies* Adeanna Chandler, 2015-04-17 Sam receives a call from an old childhood friend requesting she return to her childhood home to help finally put to rest a mystery which had plagued her small group of friends The return home pulls Sam back into childhood memories and nightmares she wishes she could forget Her memories pull her back to when she was thirteen fourteen fifteen and finally sixteen before she can finally figure out who she is and how shes supposed to move forward from where she is now **An Uncharted Journey** Dr. Stephen Zemanek, 2016-10-11 Life is an uncharted journey for each of us Regardless of how much we plan how hard we strategize and how strenuously we save life will always be a series of unplanned events These unexpected experiences make up our lives Learning to navigate through the uncharted territories of life allows us to leave bitterness emptiness and hopelessness behind It also allows us to live each moment of life s ups and downs fully It is my hope that as you read this collection of short thoughts on life s uncharted journey you will discover the joy peace and purpose for which you were created We only have one life before we each pass into life after death Wasting it would be a tragedy of the greatest order **He Said** John Amerson, 2018-08-22 He said Long before Earth and the stars that you see in the night sky were created there were thousands upon thousands of planets throughout the universe supporting life The inhabitants of the planets live in peace The gods were pleased Yes I said the gods not one not just your god but all the gods Even back then no one knew how many there

were how they came to be or where they came from Some of the inhabited planets were only a few million miles apart As the inhabitants of the planets began to venture out into space they encountered other races and cultures Wars broke out And soon the whole universe was filled with warring planets determined to conquer one another The gods became angry Mankind had become a disappointment The gods decided to put an end to all the violence Your scientists got the big bang theory practically right It wasn't the creation of the universe It was the destruction of the universe Earth and what you see in the night sky is the aftermath the rubble you might say of a universe that had been home to thousands upon thousands of inhabited planets
