From Fear to Courage Susie Linder-Pelz, 2002 How important is work to your wellbeing Before you answer think about this if you work an 8 hour day travel an hour have an hour for lunch usually at or near work and sleep 8 hours you've only 6 hours for everything else Suddenly it becomes very clear why having a fulfilling and satisfying career is so important Yet with the massively changing world of work there is widespread dissatisfaction and fear surrounding our ability to find work keep and enjoy it For many people the unspoken issues of fear and lack of confidence have a devastating impact on their careers and lives These are the issues addressed in *From Fear to Courage* Through the diary notes of career coach Dr Susie Linder Pelz we meet people of differing ages backgrounds and occupations each experiencing a real life career crisis For example a chirpy marketing professional reaching 40 and feeling trapped a regretful teacher a fear filled generation X training consultant and a midlife manager made redundant

NLP Coaching Susie Linder-Pelz, 2010-02-03 NLP Neuro Linguistic Programming is believed by many to be a powerful set of tools for facilitating change and enhancing performance Yet despite the success stories and proliferation of courses there is still much skepticism about the validity and effectiveness of NLP In *NLP Coaching* Susie Linder Pelz brings for the first time an evidence based perspective to this coaching methodology She explains how and where NLP coaching is used examines its links to established principles and practices and questions aspects of NLP where the empirical evidence is missing She reviews recent developments in NLP based coaching practice and proposes a specific research agenda that will move NLP coaching towards an evidence based approach *NLP Coaching* provides numerous case studies and real life examples which show how NLP assists personal professional team leadership and organizational development The book includes contributions from leaders in the field Andrew Bryant Michelle Duval Joseph O Connor Paul Tosey and Lisa Wake

What Next? Kaye Fallick, 2010 If the work you are doing is no longer doing it for you but you feel uncertain about how to change your situation then *What Next* is for you And you are not alone either More than five million Australians aged 45 64 are experiencing a new life stage not a mid life crisis so much as a turning point as they consider their options moving from full time traditional career or homemaker roles And countless younger people are looking for a better work life balance as well *What Next* Mixes loads of practical information and people's stories as it looks at all levels of the decision making process Kaye Fallick checks current workplace trends and choices and helps you ask the important questions as you ponder what you'd like to do next and how you are going to do it she also reveals the secrets to managing your finances and your time and explores a wide range of options including further education *What Next* is for those who want to change gear rather than retire or continue on in an unfulfilling role As AFL legend Sam Kekovich puts it I hope I work until they put me in the pit and unless my mind goes I'm a chance Retirement is the single biggest killer in today's society It has no place Our parents were duped by the system that says you must retire at 65 Put this aside for tomorrow so you have a nest egg a Hills Hoist and barbecue It's bullshit
