From Jerusalem To Antioch The Gospel Across Cultures:

From Jerusalem to Antioch Jerome Crowe,1997 From Jerusalem to Antioch explains what happened when Jewish missionaries carried the Gospel from the Jewish world of Jerusalem into the Hellenistic world of Antioch to found the first Christian community It presents the results of modern research on the church of Jerusalem and the church of Antioch Parallel chapters discuss the historical origins the way in which they presented the Christian message and their distinctive patterns of worship teaching and organization This case study shows how the process of transculturation of the Gospel leads the Church to a deeper understanding of the mystery that lies at its heart The Church in Antioch in the First Century CE Michelle Slee,2003-01-01 The book explores the problems faced by the church in Antioch in the mid first century CE once the decision was taken to welcome Gentiles into the church Slee argues that a particular problem was the celebration of the Eucharist since some Jewish Christians felt that the table fellowship this involved inevitably brought the risk of contamination because of Gentile contact with idolatry She suggests this was the subject debated at the Jerusalem conference described in Acts 15 and Galatians 2 and it was the eventual decision of the Antioch church to hold separate Eucharists that led to Paul s break with the church Gal 2 11 14 Thus even at the end of the first century CE the Antioch church was still divided on the issue

The Church of Antioch and the Eucharistic Traditions (ca. 35-130 CE) Amiel Drimbe,2020-10-12 The author has chosen 1 to analyse the Eucharistic traditions of earliest Christianity and 2 to trace their use within the church of Antioch focusing on the following key texts 1 Cor 11 23 25 Matt 26 26 29 Did 9 1 10 6 and Ignatius Phil 4 1 Therefore connecting the four Eucharistic texts to the early church of Antioch constitutes the main objective of this study Introduction *The Emergence of the Church* Arthur G. Patzia,2001-09-28 Arthur G Patzia explores the story weighs the issues and traces the contours of the early church s expansion and growth life and practices leadership and worship *Anatomy of Inculturation* Magesa, Laurenti ,2014-12-03 In his quest to identify practices that strengthen the faith of African Christians Magesa examines the nature of being church today in Kenya Tanzania and Uganda Postcolonial Practice of Ministry Stephen Burns,Kwok Pui-lan,2016-07-13 Postcolonial studies has challenged the Eurocentric frameworks and methodologies in the fields of biblical studies and theology Postcolonial Practice of Ministry is a groundbreaking anthology that enables a new engagement between postcolonial and practical theologies focused on three key areas of the practice of ministry pastoral leadership liturgical celebration and interfaith engagement Postcolonial Practice of Ministry will make an impact in at least two areas of theological reflection first among postcolonial scholars it will stretch postcolonial theology into an area where it has been neglected second it will provide a comprehensive resource for rethinking the practice of ministry Contributors to this volume are well known scholars from different racial national and denominational backgrounds bringing with them experiences of hybrid identities and multicultural churches Many of them are pioneers in introducing postcolonial discourse to their fields

Like a Hammer Shattering Rock Megan McKenna,2013-02-05 Renowned Catholic author Megan

McKenna celebrates her 50th book with a controversial interpretation of the Gospels of Mark Matthew Luke and John and what they mean for the Church and society today In many ways modern audiences have become so familiar with the gospels that we've stopped listening and integrating their wisdom into our everyday lives Acclaimed author Megan McKenna explores the messages of the four gospels in the context of daily life when they were originally written and interprets their meaning for our modern world While some argue for the development of new gospels for the 21st century McKenna argues that we haven't paid due attention to the ones we already have in many cases we've ignored sections of these teachings entirely and twisted their meaning to suit our own agendas McKenna breaks it down gospel by gospel and shows us how the lessons of Jesus's apostles continue to resonate Jesus and Gospel Traditions in Bilingual Context Sang-Il Lee,2012-04-26

Most historical Jesus and Gospel scholars have supposed three hypotheses of unidirectionality geographically the more Judaeo Palestinian the earlier modally the more oral the earlier and linguistically the more Aramaized the earlier These are based on the chronological assumption of the earlier the more original These four long held hypotheses have been applied as authenticity criteria However this book proposes that linguistic milieus of 1st century Palestine and the Roman Near East were bilingual in Greek and vernacular languages and that the earliest church in Jerusalem was a bilingual Christian community The study of bilingualism blurs the lines between each of the temporal dichotomies The bilingual approach undermines unidirectional assumptions prevalent among Gospels and Acts scholarship with regard to the major issues of source criticism textual criticism form criticism redaction criticism literary criticism the Synoptic Problem the Historical Jesus provenances of the Gospels and Acts the development of Christological titles and the development of early Christianity There is a need for New Testament studies to rethink the major issues from the perspective of the interdirectionality theory based on bilingualism **United by Faith** Curtiss Paul DeYoung,Michael O. Emerson,George A. Yancey,2004 Presents an argument for multiracial Christian congregations in breaking down racial barriers in the United States *Luke the Theologian* François Bovon,2006 In this completely revised and updated edition François Bovon provides a critical assessment of the last fifty five years of scholarship on Luke Acts The study divides thematically with individual chapters covering the subjects of history and eschatology the role of the Old Testament Christology the Holy Spirit conversion and the church Each chapter begins with a consideration of the exegetical and theological problems unique to each theme in Luke Acts before providing a detailed survey and critique of contemporary English German French Spanish and Italian New Testament scholarship Gregorianum ,2000 **Christian Prophecy** Niels Christian Hvidt,2007-04-19 Throughout the Hebrew Bible God guides and saves his people through the words of his prophets When the prophets are silenced the people easily lose their way What happened after the incarnation death and resurrection of Christ Did God fall silent The dominant position in Christian theology is that prophecy did indeed cease at some point in the past if not with the Old Testament prophets then with John the Baptist with Jesus with the last apostle or with the closure of the canon of the New Testament

Nevertheless throughout the history of Christianity there have always been acclaimed saints and mystics most of them women who displayed prophetic traits In recent years the charismatic revival in both Protestant and Catholic circles has once again raised the question of the place and function of prophecy in Christianity Scholarly theological attitudes toward Christian prophecy range from modest recognition to contempt Mainstream systematic theology both Protestant and Catholic has mostly marginalized or ignored the gift of prophecy In this book however Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church Prophecy never died he argues but rather proved its dynamism by mutating to meet new historical conditions He presents a comprehensive history of prophecy from ancient Israel to the present and closely examines the development of the theological discourse that surrounds it Throughout though there is always an awareness of the critical discernment required when evaluating the charism of prophecy The debate about prophecy Hvidt shows leads to some profound insights about the very nature of Christianity and the church For example some have argued that Christianity is a perfect state and that all that is required for salvation is acceptance of its doctrines Others have emphasized how God continues to intervene and guide his people onto the right path as the full implementation of God's salvation in Christ is still far away This is the position that Hvidt forcefully and persuasively defends and develops in this ambitious and important work

Ten Great Ideas from First Corinthians George Renner, Mark Shaw, 2021-10-19 First Corinthians is one of the most relevant NT documents for both younger churches seeking maturity in the majority world and older churches seeking renewal in the Western world in the twenty first century The reason this epistle is so relevant is that it focuses on renewing the church through believing and living out the good news that because of Jesus's death and resurrection God has begun his new creation agenda amid the broken world of today This is not just another commentary there are many very good ones but rather we present a biblical theology of church renewal based on solid exegesis and our experience as teachers and pastors in both Africa and North America This book will pull out the essential teaching of Paul on renewal in ten manageable principles or great ideas Church renewal is not just following certain steps but results from nurturing a culture that practices both cross power and a life of new creation hope When churches make the shift from traditionalism to radical community and evangelical activism through a new experience of the gospel seen as both personal liberation and the transformation of all things the church begins to move and the world begins to change

Renewing the Church by the Spirit Amos Yong, 2020-11-03 In most parts of the world and especially where Christianity is flourishing Pentecostal and charismatic movements predominate What would it look like for the Western world beset by the narrative of decline to participate in this global Spirit driven movement According to Amos Yong it all needs to start with the way we approach theological education *Renewing the Church by the Spirit* makes the case for elevating pneumatology in Christian life allowing the Spirit to reinvigorate church and mission Yong shows how this approach would attend to both the rapidly deinstitutionalizing forms of twenty first century Christianity and the pressing need for authentic

spiritual experiences that marks contemporary religious life He begins with a broad assessment of our postmodern post Enlightenment post Christendom ecclesial context before moving into a detailed outline of how a Spirit filled approach to theological education its curriculum pedagogy and scholarship can meet the ecclesial and missional demands of this new age

On Your Mark Megan McKenna,2014-07-30 **Stop Taking Sides** Adam Mabry,2020-09-01 Love and wrath
