From Loneliness To Intimacy:

From Loneliness to Solitude in Person-centred Health Care Stephen Buetow, 2022-08-26 This innovative book provides a new conceptual analysis of loneliness a condition associated with severe health consequences including increased morbidity and early death Arguing that social connection is not the only answer it explores pathways for transforming loneliness to healthy solitude The first part of the book draws on the humanities and arts including psychology philosophy and literature to analyse the common and potentially serious problem of loneliness It makes the case that the condition is less a deficiency than a state of self disconnection that modernity feeds through social forces The second part of the book looks at how person centred health care can help educate persons to transform loneliness into healthy solitude It provides an analysis of self connection and spiritual connection discussing how these forms of contact can mitigate risks associated with both lack of social connection and social connection itself such as self disconnection and rejection by others It goes on to demonstrate that connection to the self and spirit can make aloneness a resource and facilitate access to benefits of connecting with others This thought provoking book provides students scholars and practitioners from a range of health and social care backgrounds with a new way of thinking about researching and practising with lonely people *In search of intimacy* Carin Rubenstein, Phillip R. Presence Vinu V Das, 2025-02-08 *Art of Being Alone in God's Presence: A Biblical Perspective* explores the transformative power of solitude in the Christian journey. In a world that often equates being alone with loneliness or insignificance, this book offers a biblical perspective on how solitude can become a sacred space for encountering God, deepening faith, and discovering divine purpose. The book unfolds in five key chapters, beginning with the foundational truth that solitude is not an accident but an invitation from God. It addresses the emotional struggles of loneliness, providing scriptural insights on how God meets His children in quiet places. Readers will learn how to shift their mindset, embracing solitude as a spiritual discipline that fosters inner healing, clarity, and deeper communion with the Lord. Additionally, the book highlights how solitude prepares believers to serve in God's kingdom. By withdrawing to pray, study, and reflect, we are empowered to return to our communities with renewed purpose and spiritual gifts. Drawing from biblical examples such as Moses, Elijah, Jesus, and Paul, the book reveals how solitude has been a transformative experience for many of God's chosen leaders. With a blend of scripture, personal application, and practical strategies, this book guides readers to embrace solitude as a vital aspect of their walk with Christ. Rather than fearing loneliness, believers are encouraged to see it as an opportunity for spiritual renewal, allowing God's presence to fill every empty space with His love, wisdom, and purpose. *Nondual Therapy* Georgi Y. Johnson, 2017-12-05 In *Nondual Therapy*, Georgi Y. Johnson offers tools to release energetic contractions in the psyche through the healing power of Nondual Qualities. This is a new healing modality through which you'll discover the evolutionary form of the human psyche. The transformative power of Nondual Qualities: How to recognize and release energetic contractions. When to engage and when to let go. How to manifest individuality in unity. *It's Never Too Late to Be Happy!* Muriel James, 2002 Internationally known speaker, marriage and family counselor, therapist, and author, coauthor of 19 books, including the 4.2 million copy best seller *Born to Win*. Muriel James continues to offer her insights, warmth, and support with *It's Never Too Late to Be Happy*, a step-by-step guide that shows the reader how to be a better self, parent, in order to find true happiness at any age. *Thinking Through Loneliness* Diane Enns, 2022-04-21 This is the peculiar paradox of loneliness: I am unseen yet I feel exposed, as though my most internal suffering were on public display, as though I am disclosing to the world the vulnerability it does not want to see. By reflecting on the experience of loneliness through the author's own life, the narratives of others, and analyses from Arendt to Berardi, *Thinking Through Loneliness* explores the ambiguities of being alone. It seeks to defy the reductionist tendencies of the current loneliness experts, looking beyond loneliness as a collective health crisis to consider what it tells us about our great need for one another and what happens when we fail to meet this need. Our social needs vary, however; to investigate loneliness is to inquire into the contradictions of the human condition: we are alone and together, separate and attached, which gives rise to the need for individuality on the one hand and for intimacy on the other. To be lonely is to suffer from an unfulfilled desire to be close to others. But we can also suffer from an unfulfilled desire to be separate from others. Diane Enns explores how loneliness might be an inescapable

dimension of human existence but also the collective symptom of social failure The lonely are not to blame for their distress they are witnesses to the failure of our contemporary social world dramatically transformed in recent decades by digital technology and changes in how we work love socialize and live together in households neighbourhoods and cities Enns argues it is crucial to recognise the structural conditions economic political institutional technological that give rise to the isolation that produces loneliness Only then can we work to undermine these conditions preserving all that is best about human social life
