Montgomery, 2011-08-11 The standard location tool for full length plays published in collections and anthologies in England and the United States since the beginning of the 20th century Ottemiller's Index to Plays in Collections has undergone seven previous editions the latest in 1988 covering 1900 through 1985 In this new edition Denise Montgomery has expanded the volume to include collections published in the entire English speaking world through 2000 and beyond This new volume lists more than 3 500 new plays and 2 000 new authors as well as birth and or death information for hundreds of authors Representing the largest expansion between editions this updated volume is a valuable resource for libraries worldwide **The Nation**, 1920 *Germany* Joseph A. Crawford, Catherine Hurst, Michael Luger, 2010-01-07 Appropriate for both fundamental and advanced levels the authors ground their commentary on actor training on the process

of personalization and the innovative approaches to voice and movement training They define the personalization process as one in which the actor discovers and explores in the self characteristics qualities attitudes and experiences that are legitimate dimensions of the role being created Part I transitions from essential ingredients used in creating a role such as focusing and speaking to guidelines for auditioning and rehearsing including role analysis The discussions of basic acting principles are supported by skills building exercises Part II explores historical performance styles and shows how basic stylistic elements can be freshly adapted for modern audiences Thus in Part II the authors center their discussions of voice movement character and emotion around theatrical styles prevalent during certain historical periods and around sound acting theories gleaned from a wide range of acting traditions Each chapter in this part ends with a helpful checklist that summarizes voice movement gesture and other elements common to the era discussed **Lorca's Experimental Theater**

Andrew A. Anderson, 2024-11-25 Critical and historical discussions of the life and work of Federico García Lorca Spain's foremost poet and playwright of the twentieth century often obscure the author's more avant garde dramatic works In *Lorca's Experimental Theater* Andrew A. Anderson focuses on four of Lorca's most challenging plays *Amor de don Perlimplín con Belisa en su jardín* *El público* *As que pasen cinco años* and *El sueño de la vida* previously known as *Comedia sin título* and on the surrounding context in which they came to be written and in only one case performed during his lifetime While none of Lorca's plays can be considered conventional these four works stand out in his corpus for challenging theatrical conventions most forcefully both thematically and technically With discussions of stagecraft artistic modernism and the historical avant garde *Lorca's Experimental Theater* provides detailed interpretive readings of the four plays surveys their textual and performative history and examines the most important contemporary influences on Lorca's creation of these expressive innovative works The Dial Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, Marianne Moore, 1922

German Expressionism and the Messianism of a Generation Lisa Marie Anderson, 2011-01-01 This book reads messianic expectation as the defining characteristic of German culture in the first decades of the twentieth century It has long been accepted that the Expressionist movement in Germany was infused with a thoroughly messianic strain Here with unprecedented detail and focus that strain is traced through the work of four important Expressionist playwrights Ernst Barlach Georg Kaiser Ernst Toller and Franz Werfel Moreover these dramatists are brought into new and sustained dialogues with the theorists and philosophers of messianism who were their contemporaries Walter Benjamin Ernst Bloch Martin Buber Hermann Cohen Gershom Scholem In arguing for example that concepts like Bloch's utopian self encounter *Selbstbegegnung* and Benjamin's messianic now time *Jetztzeit* reappear as the framework for Expressionism's staging of collective redemption in a new age Anderson forges a previously underappreciated link in the study of Central European thought in the early twentieth century **The Granta**, 1927
