When Half Is Whole Stephen Murphy-Shigematsu,2012-10-10 I listen and gather people s stories Then I write them down in a way that I hope will communicate something to others so that seeing these stories will give readers something of value I tell myself that this isn t going to be done unless I do it just because of who I am It s a way of making my mark leaving something behind not that I m planning on going anywhere right now So explains Stephen Murphy Shigematsu in this touching introspective and insightful examination of mixed race Asian American experiences The son of an Irish American father and Japanese mother Murphy Shigematsu uses his personal journey of identity exploration and discovery of his diverse roots to illuminate the journeys of others Throughout the book his reflections are interspersed among portraits of persons of biracial and mixed ethnicity and accounts of their efforts to answer a seemingly simple question Who am I Here we meet Norma raised in postwar Japan the daughter of a Japanese woman and an American serviceman who struggled to make sense of her ethnic heritage and national belonging Wei Ming born in Australia and raised in the San Francisco of the 1970s and 1980s grapples as well with issues of identity in her case both ethnic and sexual We also encounter Rudy a Mexipino Marshall a Jewish adopted Korean Mitzi a Blackinawan and other extraordinary people who find how connecting to all parts of themselves also connects them to others With its attention on people who have been regarded as half this or half that throughout their lives these stories make vivid

the process of becoming whole *Legacies of the Asia-Pacific War* Roman Rosenbaum, Yasuko Claremont, 2012-09-10 When we look in detail at the various peripheral groups of disenfranchised people emerging from the aftermath of the Asia Pacific War the list is startling Koreans in Japan migrants or forced labourers Burakumin Hibakusha Okinawans Asian minorities comfort women and many others Many of these groups have been discussed in a large corpus of what we may call disenfranchised literature and the research presented in this book intends to add an additional and particularly controversial example to the long list of the voice and powerless The presence of members of what is known as the yakeato sedai or the generation of people who experienced the fire bombings of the Asia Pacific War is conspicuous in all areas of contemporary Japan From literature to the visual arts from music to theatre from architecture to politics their influence and in many cases guiding principles is evident everywhere and in many cases forms the keystone of modern Japanese society and culture The contributors to this book explore the impact of the yakeato generation and their literary creative and cultural and works on the postwar period by drawing out the importance of the legacy of those people who truly survived the darkest hour of the twentieth century and re evaluate the ramifications of their experiences in contemporary Japanese society and culture As such this book will be of huge interest to those studying Japanese history literature poetry and cultural studies *Japan's Colonization of Korea* Alexis Dudden, 2006-12-18 From its creation in the early twentieth century policymakers used the discourse of international law to legitimate Japan's empire Although the Japanese state aggrandizers reliance on this discourse did not create the imperial nation Japan would become their fluent use of its terms inscribed Japan's claims as legal practice within Japan and abroad Focusing on Japan's annexation of Korea in 1910 Alexis Dudden gives long needed attention to the intellectual history of the empire and brings to light presumptions of the twentieth century's so called international system by describing its most powerful and most often overlooked member's engagement with that system Early chapters describe the global atmosphere that declared Japan the legal ruler of Korea and frame the significance of the discourse of early twentieth century international law and how its terms became Japanese Dudden then brings together these discussions in her analysis of how Meiji leaders embedded this discourse into legal precedent for Japan particularly in its relations with Korea Remaining chapters explore the limits of these universal ideas and consider how the international arena measured Japan's use of its terms Dudden squares her examination of the legality of Japan's imperialist designs by discussing the place of colonial policy studies in Japan at the time demonstrating how this new discipline further created a common sense that Japan's empire accorded to knowledgeable practice This landmark study greatly enhances our understanding of the intellectual underpinnings of Japan's imperial aspirations In this carefully researched and cogently argued work Dudden makes clear that even before Japan annexed Korea it had embarked on a legal and often legislating mission to make its colonization legitimate in the eyes of the world **Revolutionary Suicide and Other Desperate Measures** Adrienne Carey Hurley, 2011-09-14 This volume examines how child abuse and youth violence are understood manufactured

represented but still disavowed in contemporary everyday life and culture in Japan and the United States **Intimate Encounters** Lieba Faier, 2009-08-10 This groundbreaking study explores the recent dramatic changes brought about in Japan by the influx of a non Japanese population Filipina brides Lieba Faier investigates how Filipina women who emigrated to rural Japan to work in hostess bars where initially they were widely disparaged as prostitutes and foreigners came to be identified by the local residents as ideal traditional Japanese brides Intimate Encounters an ethnography of cultural encounters unravels this paradox by examining the everyday relational dynamics that drive these interactions Faier remaps Japan the Philippines and the United States into what she terms a zone of encounters showing how the meanings of Filipino and Japanese culture and identity are transformed and how these changes are accomplished through ordinary interpersonal exchanges Intimate Encounters provides an insightful new perspective from which to reconsider national subjectivities amid the increasing pressures of globalization thereby broadening and deepening our understanding of the larger issues of migration and diaspora Gift-Giving in Japan Katherine Rupp, 2003-06-10 Gift giving is extremely important in Japanese society not only at personal and household levels but at the national and macroeconomic levels as well This book is the first in English to document the extraordinary scale complexity and variation of giving in contemporary Japan Gift Giving in Japan is based on eighteen months fieldwork in the Tokyo metropolitan area as well as short term research in other parts of Japan The core of the study is the experience of family representatives of different ages classes genders occupations neighborhoods and religions The author also interviewed experts including the author of gift giving etiquette books Buddhist and Shinto priests department store and funeral home employees and workers at Tokyo s Tsukiji fish market She participated in neighborhood festivals election rallies house building rites and other ceremonies of which gift giving was an integral part Recent anthropological interest in drawing a strong contrast between commodities and gifts both reflects and reinforces the conception of the gift as part of the giver and the related distinction between the realm of the gift and the realm of the marketplace The author argues that Japanese practices of giving and receiving challenge assumptions related to this idea of the gift **Five Faces of Japanese Feminism** Ineko Sata, 2016-09-30 This exquisite collection of short fiction by Sata Ineko 1904 1998 offers readers a fascinating glimpse into the lives of women rarely dignified in fiction glamorous caf waitresses feisty communist activists a tortured novelist a soldier s wife and single women in Japan s Korean colony Her delicately penned portraits challenge the tired erotic tropes of the geisha and schoolgirl while delving into the dilemmas women themselves faced in their personal and professional relationships The stories and novella translated here span a period of two decades and the most important events and themes in twentieth century history Caf Kyoto 1929 takes up the glamorous if tragic lives of caf waitresses in the wake of the late 1920s Depression Tears of a Factory Girl in the Union Leadership 1931 offers a unique portrait of a woman who works with the underground Communist Party The Scent of Incense 1942 written as a work of home front literature was meant to help mobilize women as productive workers and supportive housewives during

World War II White and Purple 1950 one of Sata's rare postcolonial works penned just after the outbreak of the Korean War reflects on the psychological damage inflicted on women during Japan's occupation of Korea Sata's first novella Crimson 1936 1938 joins a long tradition of women's writing in Japan that sought to assert women's liberation from what was seen as the oppressively patriarchal institution of marriage Translator Samuel Perry's critical introduction weaves the story of Sata's life into an examination of the historical and cultural milieu that helped to generate her stories about working women their lives in the workplace and in the home As the celebrated author herself once wrote The kinds of womanhood available today exist precisely because literary masters of different ages and cultures have drawn us to them the woman we pity the woman with a heart of gold the cruel woman the clever woman the hen pecker the cheapskate and the good wife wise mother As terms we use to describe the kinds of women who exist in the world today they have simply outgrown their usefulness

Southern Exposure Michael Molasky, Steve Rabson, 2000-08-01 Southern Exposure is the first anthology of Okinawan literature to appear in English translation and it appears at a propitious time Although Okinawa Prefecture comprises only one percent of Japan's population its writers have been winning a disproportionate number of literary awards in recent years including the prestigious Akutagawa Prize for fiction which was awarded to Matayoshi Eiki in 1996 and to Medoruma Shun in 1997 Both Matayoshi and Medoruma are represented in this anthology which includes a wide range of fiction as well as a sampling of poetry from the 1920s to the present day Modern Okinawa has been forged by a history of conquest and occupation by mainland Japan and the United States Its sense of dual subjugation and the propensity of its writers to confront their own complicity with Japanese militarism imbues Okinawa's literary tradition with insightful perspectives on a wide range of issues But this tradition is as deeply rooted in the region's lush semitropical landscape as in the forces of history As this anthology demonstrates Okinawan writers often suffuse their works with a lyricism and humor that disarms readers while bringing them face to face with the region's richly ambiguous legacy **Capturing Contemporary Japan**

Satsuki Kawano, Glenda S. Roberts, Susan Orpett Long, 2014-08-31 What are people's life experiences in present day Japan This timely volume addresses fundamental questions vital to understanding Japan in the first decade of the twenty first century Its chapters collectively reveal a questioning of middle class ideals once considered the essence of Japaneseness In the postwar model household a man was expected to obtain a job at a major firm that offered life long employment his counterpart the professional housewife managed the domestic sphere and the children who were educated in a system that provided a path to mainstream success In the past twenty years however Japanese society has seen a sharp increase in precarious forms of employment higher divorce rates and a widening gap between haves and have nots Contributors draw on rich nuanced fieldwork data collected during the 2000s to examine work schooling family and marital relations child rearing entertainment lifestyle choices community support consumption and waste material culture well being aging death and memorial rites and sexuality The voices in these pages vary widely They include schoolchildren teenagers career women

 Seymour Eades,1999 The Tokyo region of Japan is in terms of population the largest urban area on earth Its centre comprises
 the 23 wards of Tokyo itself but the urban sprawl has long since extended to include the other major cities of Kawasaki and
 Yokohama From the early 16th century when the Tokugawa rulers of Japan established their administrative headquarters
 there Edo as it was known developed quickly into one of the largest cities in the world It was renamed Tokyo or Eastern
 Capital when the Emperor moved there in 1868 In the 20th century most of Tokyo was destroyed first by the Kanto
 earthquake of 1923 and then by the American bombing of 1945 Nonetheless it was rapidly rebuilt and is now along with
 London and New York one of the major control centres of the global economy Yet behind the ultramodern facade of the main
 commercial areas Tokyo remains largely a city of narrow streets and small intimate neighbourhoods However the threat of
 serious earthquakes remains and the relocation of the capital is being increasingly discussed This is the first annotated
