Hauptman, 1988-10-01 Contemporary scholarship and oral tradition come together in this unique account of the history and culture of the Oneida Iroquois particularly the Wisconsin Oneidas who have not been the subject of the intense scholarly attention accorded other Iroquois groups. Contributors include Oneida educators community leaders historians anthropologists and linguists essays vary from accounts of personal experience and oral history to presentations of academic research. The common denominator is the Oneida experience of cultural change and survival. Part I focuses on the history and adaptations of the Oneidas in their New York homeland. Part II describes the motives and methods used by New York State officials in divesting the Oneidas of their New York home and explores the aftereffects of the Indians removal to Wisconsin and the legal implications of allotment legislation on American Indians tribal jurisdiction today. Nineteenth century attempts by whites to take the Oneidas Wisconsin land base forced the Indians to develop strategies for survival described in

Brewer, 2024-10-15 In Susan A Brewer's fascinating *The Best Land* she recounts the story of the parcel of central New York land on which she grew up. Brewer and her family had worked and lived on this land for generations when the Oneida Indians claimed that it rightfully belonged to them. Why she wondered did she not know what had happened to this place her grandfather called the best land. Here she tells its story tracing over the past four hundred years the two families her own European settler family and the Oneida Mohawk family of Polly Denny who called the best land home. Situated on the passageway to the west the ancestral land of the Oneidas was coveted by European colonizers and the founders of the Empire State. The Brewer and Denny families took part in imperial wars the American Revolution broken treaties the building of the Erie Canal Native removal the rise and decline of family farms bitter land claims controversies and the revival of the Oneida Indian Nation. As Brewer makes clear in *The Best Land* through centuries of violence bravery greed generosity racism and love the lives of the Brewer and Denny families were profoundly intertwined. The story of this homeland she discovers unsettles the history she thought she knew. With clear determination to tell history as it was without sugarcoating or ignoring the pain and suffering of both families Brewer navigates the interconnected stories with grace humility and a deep love for the land. *The Best Land* is a beautiful homage to the people the place and the environment itself.

Sovereignty, Colonialism and the Indigenous Nations

Robert Odawi Porter, 2005 This book is an extensive compilation of readings focused on the meaning of sovereignty and self-determination in relation to Indigenous nations and peoples in the United States. The overall purpose of the book is to afford readers the opportunity to study and analyze the interplay of legal political economic and cultural factors that contribute to the debate surrounding the status of Indigenous nations and peoples within American society. The book is divided into three parts with each part prefaced by a set of questions for the reader to consider. The first part explores the meaning of Indigenous nation sovereignty from three different perspectives: the Indigenous nations and peoples, the colonizing peoples, and the international community. The second part then addresses the different ways in which this sovereignty is threatened. The last part of the book explores the variety of approaches by which Indigenous nation sovereignty may be preserved and strengthened in the future. The readings included are extraordinarily broad in scope and are designed to promote vigorous student inquiry and discussion. In addition to including a wide variety of authors, the works include speeches, testimony, policy statements, law cases, statutes, articles, book chapters, and newspaper stories. The materials are extensively edited with few footnotes and citations so as to focus the reader on important concepts and to facilitate overall understanding. The book is intended for use in both law school and non-law school courses relating to law and policy dealing with Indigenous nations and peoples, American history, and international law and policy governing minorities and Indigenous peoples. The book is also

designed for use in undergraduate courses and seminars

Native American Political Systems and the Evolution of

Democracy Bruce E. Johansen, 1996-05-14 For more than a decade scholars have debated the question of whether American Indian confederacies primarily the Iroquois helped influence the formation of U S basic law The idea has sparked lively debate in the public arena as well with Canadian diplomat Durling Voyce Jones contending it shows a paradigm shift in our thinking Patrick Buchanan calling it idiocy and George Will saying it s fiction For the first time this bibliography brings together some 450 citations on the debate The work describes the debate in the words of one of its major participants Bruce E Johansen author of three other books on the subject The bibliography also takes the reader back to suggestions of the idea long before the contemporary debate Lakota author Charles Eastman brought up the subject in 1919 Mohawk teacher Ray Fadden developed it in the 1940s and John F Kennedy touched on it in 1960 Bringing the debate to its full flower in the present day the bibliography illustrates both fervent support and equally emphatic denial in the academy and the public press The book is both a scholarly tool and a lively exploration of issues bearing on the study of history and multiculturalism

Reference Encyclopedia of the American Indian Barry T. Klein, 1998 *In Mohawk Country* Dean R. Snow, Charles T. Gehring, William A. Starna, 2023-08-15 For centuries the history of the Mohawk Valley has been shaped by the complex relationships among the valley s native inhabitants the Mohawk Indians and its colonists starting with the Dutch In Mohawk Country collects for the first time the principal documentary narratives that reveal the full scope of this Mohawk settler interaction Some of the sources have never before been translated into English and several have not been previously published Of those works that had been published nearly all are out of print The Mohawk location near Albany New York put them at the center of transactions between the Iroquois and European colonists The Mohawk were one of the constituent nations within the League of the Iroquois These narratives written by Dutch merchants French Jesuit missionaries English soldiers romantic European travelers and other literate observers provide often biased but always fascinating accounts of the Mohawk and their valley The reader is treated to over two centuries of history starting with the arrival of the Dutch in the early seventeenth century to the planning of the Erie Canal in the early nineteenth century These records bring to life the rapid changes experienced by both the Mohawk and their European neighbors Wars catastrophic epidemics and the diplomacy of nearly two centuries are all well represented in this volume Fascinating cultural differences are also unearthed the French for example dealt with the Mohawk much differently than the Dutch or the English Just as importantly these writings reveal from the unique perspectives of the observer the Mohawk s struggle to retain their culture in the midst of evolving political social and physical environments *Book of Indians, by the Editors of American Heritage. Editor in Charge: Alvin M. Josephy; Narrative by William Brandon*, 1961 *A Narrative of the Life of Mrs. Mary Jemison* James E. Seaver, 2015-01-26 Mary Jemison was one of the most famous white captives who after being captured by Indians chose to stay and live among her captors In the midst of the Seven Years War 1758 at about age fifteen Jemison was taken from her

Conflict in Caledonia Laura DeVries, 2011-11-07 On 28 February 2006 the Six Nations of the Grand River blocked workers from entering a half built housing development in southern Ontario They renamed the land Kanonhstaton the protected place The protest drew national and international attention to the issue of Aboriginal land rights and sparked a series of ongoing events known as the Caledonia Crisis Laura DeVries powerful account of the dispute links the actions of police governmental officials and locals to entrenched non Aboriginal discourses about law landscape and identity It encourages non Aboriginal Canadians to reconsider their assumptions to view facts such as the rule of law as culturally specific notions that prevent truly equitable dialogue DeVries not only reveals the conflicting visions of justice held by various parties to the dispute she also seeks out possible solutions in alternative conceptualizations of sovereignty over land and law embedded in the Constitution
