Managing Coastal and Inland Waters Kenneth Ruddle, Arif Satria, 2010-09-08 Besides the erroneous assumption that tropical fisheries are open access the cases demonstrate that pre existing systems 1 are concerned with the community of fishers and ensuring community harmony and continuity 2 involve flexible multiple and overlapping rights adapted to changing needs and circumstances 3 that fisheries are just one component of a community resource assemblage and depend on both the good management of linked upstream ecosystems and risk management to ensure balanced nutritional resources of the community and 4 pre existing systems are greatly affected by a constellation of interacting external pressures **Reindeer Husbandry** Svein Disch Mathiesen, Inger Marie Gaup Eira, Ellen Inga Turi, Anders Oskal, Mikhail Pogodaev, Marina Tonkopeeva, 2022-12-09 This open access book focuses on climate change Indigenous reindeer husbandry and the underlying concept of connecting the traditional knowledge of Indigenous reindeer herders in the Arctic with the latest research findings of the world's leading academics The Arctic and sub Arctic environment climate and biodiversity are changing in ways unprecedented in the long histories of the north challenging traditional ways of life well being and food security with legitimate concerns for the future of traditional Indigenous livelihoods The book provides a clear and thorough overview of the potential problems caused by a warming climate on reindeer husbandry and how reindeer herders knowledge should be brought to action In particular the predicted impacts of global warming on winter climate and the resilience of the reindeer herding communities are thoroughly discussed *Ethnobiology and Biocultural Diversity* John R. Stepp, Felice S. Wyndham, Rebecca K. Zarger, 2002-01-01 The most comprehensive collection of papers in the field to date this volume presents state of the art research and commentary

from more than fifty of the world's leading ethnobiologists. Covering a wide range of ecosystems and world regions, the papers center on global change and the relationships among traditional knowledge, biological diversity, and cultural diversity. Specific themes include the acquisition, persistence, and loss of traditional ecological knowledge, intellectual property rights, and benefits sharing, ethnobiological classification, medical ethnobotany, ethnoentomology, ethnobiology, and natural resource management, homegardens, and agriculture and traditional knowledge. The volume will be of interest to scholars in anthropology, ecology, and related fields, and also to professionals in conservation and indigenous rights organizations.

Ethnobiology E. N. Anderson, Deborah Pearsall, Eugene Hunn, Nancy Turner, 2011-08-09. The single comprehensive treatment of the field from the leading members of the Society of Ethnobiology. The field of ethnobiology, the study of relationships between particular ethnic groups and their native plants and animals, has grown very rapidly in recent years, spawning numerous subfields. Ethnobiological research has produced a wide range of medicines, natural products, and new crops, as well as striking insights into human cognition, language, and environmental management behavior from prehistory to the present. This is the single authoritative source on ethnobiology, covering all aspects of the field as it is currently defined. Featuring contributions from experienced scholars and sanctioned by the Society of Ethnobiology, this concise, readable volume provides extensive coverage of ethical issues and practices, as well as archaeological, ethnological, and linguistic approaches. Emphasizing basic principles and methodology, this unique textbook offers a balanced treatment of all the major subfields within ethnobiology, allowing students to begin guided research in any related area, from archaeoethnozoology to ethnomycology to agroecology. Each chapter includes a basic introduction to each topic, written by a leading specialist in the specific area addressed, and comes with a full bibliography citing major works in the area. All chapters cover recent research, and many are new in approach; most chapters present unpublished or very recently published new research. Featured are clear, distinctive treatments of areas such as ethnozoology, linguistic ethnobiology, traditional education, ethnoecology, and indigenous perspectives. Methodology and ethical action are also covered up to current practice. Ethnobiology is a specialized textbook for advanced undergraduates and graduate students; it is suitable for advanced-level ethnobotany, ethnobiology, cultural and political ecology, and archaeologically related courses. Research institutes will also find this work valuable, as will any reader with an interest in ethnobiological fields. *Introduction to Cultural Ecology* Mark Q. Sutton, E. N. Anderson, 2009-08-16. A newer edition of this book is available for ordering at the following web address: <https://rowman.com>. ISBN 9780759123298. *Introduction to Cultural Ecology* provides a comprehensive discussion of the history and theoretical foundations of cultural ecology, featuring nine case studies from around the world. **School Desegregation**

Research Jeffrey Prager, Douglas Longshore, Melvin Seeman, 2012-12-06 The desegregation situation is the keynote theme of the following chapters I Each of them touches on a different dimension of the situation the historical the temporal the spatial But the reader perusing the essays with the situation in mind should remember that the desegregation situation should not be interpreted literally Authorities and adults certainly school age children probably are influenced by their awareness of a sequence of past and future situations Some may even operate with William James's 1890 p 608 notion of the specious present that has melted in our grasp fled ere we could touch it gone in the instant of becoming thus reducing the potency of the present situation Others may be dancing to a slower tempo of change thus becoming more responsive to the present situation Whatever the perceived tempo many must share the view that the future may reverse the direction of the past Some may see that new future direction as unswerving unending or long lasting others may see it as short lived And it is through attention to the phenomenological description of desegregation that these issues can be explored a theme that is considered in several of the following chapters

Political Ecology in a Yucatec Maya Community Eugene Newton Anderson, 2005-10 For instance traditional subsistence agriculture is broadly sustainable at current population densities but hunting is not and modern mechanized agriculture has an uncertain future Bringing the voice of contemporary Maya to every page the authors offer an encyclopedic overview of the region history environment agriculture medicine social relations and economy Whether discussing the fine points of beekeeping or addressing the problem of deforestation they provide a remarkably detailed account that immerses readers in the landscape

Implementation of decentralised food procurement programmes and the impact of the policy, institutional and legal enabling environment: Food and Agriculture Organization of the United Nations, 2018-10-26 The paper aims to demonstrate the role of pilot initiatives in supporting this adaptation process Different procurement modalities impose different challenges and require different types of support from and adaptations to policy institutional and legal frameworks Pilot initiatives can play an important role in testing and providing a better understanding of the challenges and opportunities of different decentralised procurement models supporting the choice of the most appropriate one within the country context and in particular on informing the adaptations needed to these frameworks for effective implementation of the modality chosen

The Oxford Handbook of the Archaeology of Childhood Sally Crawford, Dawn Hadley, Gillian Shepherd, 2018-05-10 Real understanding of past societies is not possible without including children and yet they have been strangely invisible in the archaeological record Compelling explanation about past societies cannot be achieved without including and investigating children and childhood However marginal the traces of children's bodies and bricolage may seem compared to adults archaeological evidence of children and childhood can be found in the most astonishing places and spaces The archaeology of childhood is one of the most exciting and challenging areas for new discovery about past societies Children are part of every human society but childhood is a cultural construct Each society develops its own idea about what a childhood should be what children can or should do and how they are trained to take their place in the world Children also play a part in creating the archaeological record itself In this volume experts from around the world ask questions about childhood thresholds of age and growth childhood in the material culture the death of children and the intersection of the childhood and the social economic religious and political worlds of societies in the past

The Anthropology of Childhood David F. Lancy, 2022-03-10 How are children raised in different cultures What is the role of children in society How are families and communities structured around them Now in its third edition this deeply engaging book delves into these questions by reviewing and cataloging the findings of over 100 years of anthropological scholarship dealing with childhood and adolescence It is organized developmentally moving from infancy through to adolescence and early adulthood and enriched with anecdotes from ethnography and the daily media to paint a nuanced and credible picture of childhood in different cultures past and present This new edition has been expanded and updated with over 350 new sources and

introduces a number of new topics including how children learn from the environment middle childhood and how culture is transmitted between generations It remains the essential book to read to understand what it means to be a child in our complex ever changing world Report of the Regional Study on the State of the Art of National School Food and Nutrition Programmes in Africa Food and Agriculture Organization of the United Nations,2018-10-12 Using the Brazilian National School Feeding Programme PNAE as reference this study highlights the need for greater multisectoral collaboration while addressing specific issues such as coverage targeting nutrition standards and guidelines local procurement food and nutrition education FNE policy frameworks and institutional arrangements All of these are essential for the best implementation strategy of school food and nutrition SFN programmes in Africa **Food and Nutrition Information and Educational Materials Center catalog** Food and Nutrition Information Center (U.S.),1976
