Part One* David Finegold,Laurel McFarland,William Richardson,1993-01-01 For Part Two please see https://play.google.com/store/books/details/David_Finegold_Something_Borrowed_Something_Blue_P?id=CvXCgAAQBAJ A distinct pattern emerged in the British education and training reform process in the latter half of the 1980s A government minister or a team of policy experts paid a brief study visit to the United States a short time later a new initiative was announced which bore a close resemblance to a

US programme More recently the flow of policy ideas across the Atlantic appears to have reversed direction This book develops a three tiered approach to the analysis of policy borrowing The first section draws on a number of different literatures relevant to this area to create an analytical framework for the study of policy borrowing Section Two examines the specific context in which these borrowing episodes occurred asking Why did Britain look to America for policy inspiration in the latter half of the 1980s The final section examines individual cases of policy borrowing at the local and national levels attempting to distill lessons about the borrowing process

Youth, Diversity and Employment Rune Halvorsen, Bjørn Hvinden, 2018 Including youth in the labour market is a major challenge facing many European countries This book examines the transitions from education to employment with a focus on Nordic youth in the broader European context The book combines insights from the social sciences and law by linking the challenges facing young people in general and the more specific barriers facing the more vulnerable groups of young people Youth Diversity and Employment provides original insights on the interdependencies or interaction between redistributive and regulatory social policies
