Edvard Munch Sue Prideaux, 2005 **Edvard Munch**, 2007 *Edvard Munch* Jim Whiting, 2019-12-05 Many people instantly recognize The Scream a harrowing painting of a person in pain It appears on countless posters T shirts and coffee mugs Yet not many people are familiar with the artist Norwegian painter Edvard Munch He lost his mother and his sister to tuberculosis and he was raised by an aunt and his very strict father With another sister on the verge of mental collapse Munch became familiar with death and mental anguish at a young age These feelings are reflected in The Scream and much of his other masterpieces From his troubles Munch spawned a new type of art called Expressionism and produced over 20 000 pieces Find out how Munch became one of just a handful of artists who has an entire museum devoted exclusively to his works **The Art of Walking** William Chapman Sharpe, 2023-05-23 A lively and thought provoking tour of the intertwined histories of art and walking A broad ranging book that has something for every rambler Benjamin Riley New Criterion What does a walk look like In the first book to trace the history of walking images from cave art to contemporary performance William Chapman Sharpe reveals that a depicted walk is always more than a matter of simple steps Whether sculpted in stone painted on a wall or captured on film each detail of gait and dress each stride and gesture has a story to tell for every aspect of walking is shaped by social practices and environmental conditions From classical statues to the origins of cinema from medieval pilgrimages to public parks and the first footsteps on the moon walking has engendered a vast visual legacy intertwined with the path of Western art The path includes Romantic nature walkers and urban fl neurers as well as protest marchers and cell phone zombies It features works by artists such as Botticelli Raphael Claude Monet Norman Rockwell Agn s Varda Maya Lin and Pope L In 100 chronologically arranged images this book shows how new ways of walking have spurred new means of representation and how walking has permeated our visual culture ever since humans began to depict themselves in art **Ethics in a Time of Barbarism** Carl P. Ellerman, 2025-08-19 During a time of widespread intraspecific aggression and barbaric captivity throughout the planet this study of the ethics of survival asks the burning question At the extremes of experience when captives are struggling to survive is there a line at which the moral judgment of survival behavior ceases Stated differently Are there times in the lives of humans when the valiant attempt to maintain moral scruples clashes with the way the world is moments when moral pretension moral aspiration and the expectation of moral agency are absurd Putting the burning question under strain Carl P Ellerman offers testimony from the confessional publications of survivors who were subjected to life threatening barbaric experiences He also critically scrutinizes the competing ethical perspectives of Hume Kant Nietzsche and the U S Department of Defense Military Code of Conduct to show how the ethics of

survival has been handled philosophically and militarily Empirical evidence from Evolutionary Biology Primatology and the Neurosciences is interwoven to advance a biological realism in the ethics of survival Readers are also invited to undertake an honest self examination using active imagination to answer unsparing questions as if each reader were wearing the shoes of a captive who abjures the fictions of an ideal self
