God Is Simple Everything Else Is Complex Salient Points On The Road To Enlightenment:

God Is Simple - Everything Else Is Complex Pemmaraju Rao, 2001-11-08 There are so many complex volumes written on spirituality however God is essentially simple and the experience of the Divine is available to all We are already enlightened beings and we are our own masters It is a matter of rediscovery and remembrance This book succinctly summarizes key elements in the process of enlightenment Read it as an invitation to deepen understanding about the main underlying elements of all religions and paths of light Everything in our lives is considered spiritual practice when we take a different angle of vision Yet enlightenment seems elusive to humanity because of the complexities within our own restless minds Reading the book will awaken a deeper appreciation of what the basic principles are behind the inner life regardless of what path we are on The clarity gained from this work in spiritual understanding enables us to go deeper and deeper into our own being until we reach the infinite consciousness or Source that is beyond as well as within the body and mind We then move closer and closer to rest in enlightenment our true nature and essence This book directly states that we are all the great Self as the ancient and modern masters and mystics have experienced and proclaimed and states that the purpose of life is to rediscover our own enlightenment It then addresses and discusses issues of Spirit that we may intuitively know but perhaps have not yet clarified or solidified a deeper understanding It goes on to filter down to the core elements of spiritual practice that lead us to a state of enlightenment It discusses the nature of the mind and ego and what keeps us from spontaneously experiencing the Inner Light The book then discusses healing and why we must keep the body and mind as fit instruments to more fully experience balance equanimity and equipoise Optimal health is resting in enlightenment through the balance of body and mind as ancient seers discovered eons ago The book embraces a freeing and refreshing philosophy of life that validates the choice to pursue any path that is suitable to us as we understand the underlying common elements on the road to enlightenment The shared common goal of all paths in essence is to rediscover the simplicity of the God Source within us all

God Is Simple; Everything Else Is Complex Ramakrishna Rao, 2001-08 God is Simple but our mind seemingly complicates Spirit's essence This book succinctly summarizes salient points on our road to enlightenment By knowing the common elements all paths share we dive deeper within ourselves to our true inner Source

Beneath the Umbrella's Edge Rama Pemmaraju Rao, MD, 2002-04-01 Beneath the Umbrella's Edge is a sequel to the book Be SELF Centered not self centered It is an intimate dialogue in question and answer form between Dr Rama's Higher Self and the feminine aspect of Source known as the Divine Mother In this book the Divine Mother essence discusses how living on Earth is a paradox of rain and shine where we have the opportunity to learn to live in balance and harmony to appreciate life's shades of gray

[On the Road to Enlightened Duality](#) M.

Young,2015-08-28 While traveling the road on pilgrimage or following American Baul Master Khepa Lee Lozowick 1943 2010 in his daunting travel schedule author Mary Angelon Young crafted a collection of essays that explore and evoke the many moods of Enlightened Duality one of Lozowick's core teachings in the path of Western Bauls This dynamic spiritual principle suggests that the spiritual seeker can combine an integrated awareness of the nondual all is One with a lively conscious relationship to the duality or play of opposites that is the constant fare of everyday life Unlike those strictly nondual perspectives that relegate the human experience to an illusion of the mind Lozowick asserted that while nondual unity is the foundation of what is simultaneously life is real These original essays cover such universal themes as Impermanence Beauty and Transformation and comprise one wayfarer's reflections reveries and research Some are flavored with academic spice but most are predominantly experiential presenting a kaleidoscopic journey that unfolds much like a large multifaceted jewel looked at from many different directions Each essay has its own integrity and stands on its own authority Yet taken as a whole they form a useful map of the tantric path charting its depths through daily events travel relationships creativity and work all continuous integrated aspects of the transformational path The teaching of enlightened duality can be found in many guises within the world's great traditions including Sufi Vajrayana Buddhist and both bhakti and tantric Hindu paths It is a universal theme and yet the treatment here runs true to the theistic underpinnings of the lineage from which it comes Khepa Lee Lozowick Sri Yogi Ramsuratkumar and Swami Ramdas From this view the highest aim of spiritual practice is to integrate mystical experience and insights of nonduality into ordinary life This book provides a genuine feast of practical wisdom for the hungry seeker who yearns for a path through life that is both transformational and yet honoring of the innate dignity and potential of the human incarnation The author has travelled extensively in India and Europe has studied the Sanskrit Hindu and Buddhist traditions and has written published an extensive treatise on the Baul Path The Baul Tradition Hohm Press 2014
