**God Spoke Tibetan** Allan Maberly, 1977-07      **God Spoke Tibetan** Allan Maberly, 1995      **Tibet** Paul Hattaway, 2025-01-14 The Tibetan Plateau is mountainous inaccessible and vast three times the land area of the UK but with only one tenth of the population Most Tibetans claim to be Buddhists but for many Buddhism is a veneer over older darker beliefs The spiritual realm is a daily reality in Tibet There are only tiny numbers of Tibetan Christians but the Roof of the World has a long and remarkable Christian history Paul Hattaway recounts the stories of the many courageous tenacious men and women who have attempted to exalt the Name of Jesus Christ in Tibet against overwhelming odds and in the face of powerful spiritual forces This is the fourth volume in The China Chronicles which tell the modern history of the Church in China      *Steps toward a Tibetan Understanding of Purity* James E. Morrison, 2025-03-27 Though of little concern to most westerners notions of what is considered clean and unclean pure and impure are of great importance to many cultures Both ritual and moral purity and impurity are significant concerns for Tibetan Buddhists and Buddhists at large being foundational to how they live their everyday lives Steps Towards a Tibetan Understanding of Purity provides a detailed analysis of Tibetan conceptions of purity and purification through a careful examination of salient Tibetan texts across a wide range of genres The practical applications of this study articulate ways to contextualize the good news of Jesus in a Tibetan Buddhist context with an emphasis on the gospel of purification Such an approach provides the reader with renewed impetus to share the gospel in meaningful and relevant ways to a Buddhist audience while also providing additional insights into the worldview of Tibetans      *Bordering Tibetan Languages* Gerald Roche, Gwendolyn Hyslop, 2025-10-01 *Bordering Tibetan Languages Making and Marking Languages in Transnational High Asia* examines the complex interactions between state ethnic and linguistic borders in the Himalayas These case studies from Bhutan China India and Nepal show how people in the Himalayas talk borders into existence and also how those borders speak to them and their identities These talking borders exist in a world where state borders are contested and which is being irrevocably transformed by rapid social and economic change This book offers a new perspective on this dynamic region by centring language and in doing so also offers new ways of thinking about how borders and language influence each other      **Tibetan Buddhism among Han Chinese** Joshua Esler, 2020-05-28 This study analyzes the growing appeal of Tibetan Buddhism among Han Chinese in contemporary China Hong Kong and Taiwan It examines the Tibetan tradition s historical context and its social cultural and political adaptation to Chinese society as well as the effects on Han practitioners The author s analysis is based on fieldwork in all three locations and includes a broad range of interlocutors such as Tibetan religious teachers Han practitioners and lay Tibetans      **Relative Tense and Aspectual Values in Tibetan Languages** Bettina Zeisler, 2011-06-24 This study presents a comparative approach to a universal theory of TENSE ASPECT and MOOD combining the methods of comparative and historical linguistics fieldwork text linguistics and philology The parts of the book discuss and describe i the concepts of

TENSE ASPECT and MOOD in the Tibetan system of RELATIVE TENSE and aspectual values with main sections on Old and Classical Tibetan Lhasa Tibetan and East Tibetan Amdo and Kham and iii West Tibetan Ladakhi Purik Balti Part iv presents the comparative view Discussing the similarities and differences of temporal and aspectual concepts the study rejects the general claim that ASPECT is a linguistic universal A new linguistic concept FRAMING is introduced in order to account for the aspect like conceptualisations found in e g English The concept of RELATIVE TENSE or taxis may likewise not be universal Among the Tibetan varieties West Tibetan is unique in having fully grammaticalized the concept of ABSOLUTE TENSE West Tibetan is compared diachronically with Old and Classical Tibetan documented since the mid 8th century and synchronically with several contemporary Tibetan varieties The grammaticalized forms of each variety are described on the basis of their employment in discourse The underlying general function of the Tibetan verbal system is thus shown to be that of RELATIVE TENSE Secondary aspectual functions are described for restricted contexts A special focus on the pragmatic or metaphorical use of present tense constructions in Tibetan leads to a typology of narrative conventions The last part also offers some suggestions for the reconstruction of the Proto Tibetan verb system     The Bible of Tibet ,2003 This is the first translated and edited collection of the most significant scripture from the Buddhist literature of South Asia It was on the basis of this collection that the English speaking reader became acquainted with the Bible of Tibet This collection still represents the most complete collection of Buddhist teachings and remains indispensable today     **Emerging Faith** Paul H. De Neui,2020-01-05 Mistakes are inevitable but repeating them isn't In non Western contexts Christianity has often been viewed as the religion of foreigners with a hidden political agenda Sharing the gospel in non imperialistic ways can be challenging particularly in Asia Every location to which God calls his messengers has its own rich history that should be shared with gospel workers and local people Those desiring to serve interculturally must learn as much as possible about the past before joining that history Are we learning from the past or are we simply repeating the same mistakes in our own times and places No culture in the world is a blank slate rather we can look for the initiating inviting work of the missio Dei already emerging from within every surprising source This book showcases the writings of sixteen reflective practitioners who offer insights based on their study and experience of history These women and men come from a wide variety of cultural and theological backgrounds Their stories include An American who brought Protestant Buddhism to Sri Lanka A Norwegian Lutheran who started a Christian monastic community in Hong Kong A local scholar who led a faith movement in China that nearly overthrew the government A Thai villager who became an evangelist and a silent film star Highlighting key people and places Emerging Faith surveys several Christian movements found in the mission history of Asia If you wish to challenge your thinking and respond to God's invitation to participate in the global context look here for encouragement and guidance     *Have a Cup of Tibetan Tea* David Woodward,2004-11 This book presents Tibet as a different and remarkable country but no Shangri La and the Tibetans we meet are real people Secondly it presents a vivid picture of the young evangelical

missionaries who fanned out around the world just after World War II real people ready for any sacrifice They believed in miracles and lived in that faith It s skillfully done a good read Rev Arne Sovik Ph D Former Missions ExecutiveLutheran World Federation     **Pioneer in Tibet** Douglas Wissing,2015-03-17 Dr Albert Shelton was a medical missionary and explorer who spent nearly twenty years in the Tibetan borderlands at the start of the last century During the Great Game era the Sheltons sprawling station in Kham was the most remote and dangerous mission on earth Raising his family in a land of banditry and civil war caught between a weak Chinese government and the British Raj Shelton proved to be a resourceful frontiersman One of the West s first interpreters of Tibetan culture during the course of his work in Tibet he was praised by the Western press as a family man revered doctor respected diplomat and fearless adventurer To the American public Dr Albert Shelton was Daniel Boone Wyatt Earp and the apostle Paul on a new frontier Driven by his goal of setting up a medical mission within Lhasa the seat of the Dalai Lama and a city off limits to Westerners for hundreds of years Shelton acted as a valued go between for the Tibetans and Chinese Recognizing his work the Dalai Lama issued Shelton an invitation to Lhasa Tragically while finalizing his entry Shelton was shot to death on a remote mountain trail in the Himalayas Set against the exciting history of early twentieth century Tibet and China *Pioneer in Tibet* offers a window into the life of a dying breed of adventurer     *Invading the Mountain of Darkness* Sr. Jim Barger,2011-08-22 An amazing story of a quest to invade Satan s strongholds on behalf of an enslaved nation the miracles along the way and a plea for intercession on their behalf

recognition as an independent entity Since the late 1950s the rugged resolve of the Dalai Lama and his people and the growing respect for their efforts to free their homeland from Chinese occupation have made Tibet's political and cultural status a pressing issue in international affairs So has the realization by nations including the United States that their geopolitical interests would best be served by the defeat of the Chinese and the achievement of Tibetan self determination Beyond Shangri La provides unique insight into the efforts of the U S government and committed U S citizens to support a free Tibet
