McKenzie, 2010-09-01

Empowers the preacher to understand the role of wise leader to which he or she has been called and to claim that role with conviction and joy Pastors are called to an exciting ministry of proclamation and leadership That excitement however often turns to demoralization and burnout as pastors become increasingly uncertain of what their role is supposed to be Competing claims by the congregation the denomination and society about who and what the pastor is supposed to be breed confusion and disappointment Are they primarily managers Therapists Fundraisers A way out of this confusion lies in reclaiming the biblical understanding of who the pastor is One of the biblical roles within the pastoral vocation that often goes neglected is that of wise teacher or sage Scripture presents as a model of pastoral leadership those who interpret the word and will of God for daily living Especially in their preaching pastors are called to help the congregation understand their place in God's world In this book Alyce McKenzie lays out the four qualities of the wise teacher the bended knee the listening heart the cool head and the courageous voice and encourages pastors to make each of these integral to their ministry and vocation She goes on to demonstrate that the sermon is the prime opportunity to function in the role of wise teacher She offers strategies for applying biblical wisdom to all areas of everyday life The strategies include 1 Preaching that is as sensory as life is using imagery metaphor simile and story to connect with people's emotions as well as their intellect 2 Preaching that uses first person experiences without being narcissistic 3 Preaching that teaches without boring 4 Preaching on public often controversial issues that minimizes defensiveness and maximizes dialogue

Contesting the Terrain of the Ivory Tower  
Rochelle Garner, 2004-02-01 This study examines the leadership of three African American women administrators in higher education and how they have used their spirituality as a lens to lead in the academy The central questions in this case study include How do African American women make meaning of their spiritual selves in their everyday leadership practices How does their spirituality influence their work and the type of relationships they develop with others in the academy What are the ways in which these three women have used their spirituality as a lens to lead and how does this leadership impact the social cultural and political construct of a male dominated arena

*At the Intersection of Hermeneutics and Homiletics*  
Yung Suk Kim, 2025-04-18 While hermeneutics involves comprehensive study of the biblical text whether through historical or literary or reader focused approaches homiletics is concerned with a selected theme message and on the composition and delivery of sermonic discourse aimed at a particular audience But the border between hermeneutics and homiletics is blurry because both disciplines require readers to engage the biblical text from their own contexts This collection deals with the intersection of hermeneutics and homiletics by exploring two revelatory texts one from the Hebrew Bible and the other from the New Testament the book of Ruth and Matthew 15:21-28 a Canaanite woman's encounter with Jesus Both reflect agonizing issues that readers must tackle immigration family community identity agency race ethnicity gender class culture economy and religion A diverse group of scholars brings their transgressive perspectives to the above texts Unfolding new areas of interest inquiry and insight they will transgress authoritative readings of biblical texts fashion hermeneutic horizons

in dialogue with the text and forge homiletic trajectories toward contemporary audiences Without limiting interpretation to a box this volume looks to register bold voices to perennial issues in our day Homiletic transformation occurs through the relentless resistant reading of the text and through reimagining our world     *Hermeneutics and Empirical Research in Practical Theology* Chris Hermans, Mary Moore, 2021-09-20 There is a growing consensus among scholars in different countries about the object of practical theology Hans van der Ven has contributed much to this consensus through his writings on the foundations of practical theology the empirical paradigm within practical theology and specific subdisciplines within practical theology especially religious education moral education church development and ministry At the center of this growing consensus is an understanding of the independent hermeneutical role of religious experiences and practices of people in the process of theological theory building If contemporary religious experiences and practices have a critical role with regard to religious tradition and the ministry of this tradition then practical theology cannot just be a form of applied theology The contributors of this volume focus on this hermeneutical core foundations of practical theology and on empirical research as a research method within practical theology in the work of Van der Ven     **Matthew Nicole Wilkinson**

Duran, James P. Grimshaw, 2013 The Texts Contexts series gathers scholarly voices from diverse contexts and social locations to bring new or unfamiliar facets of biblical texts to light Matthew sheds new light from new perspectives on themes in the Gospel including community land labor and Empire children parents and families health and disabilities and border crossings The authors challenge us to consider how we deal with cultural distances between ourselves and these ancient writings and between one another in the contemporary world     *Womanist Ethical Rhetoric* Annette D. Madlock, Cerise L. Glenn, 2021-01-14 Womanist thought remains of critical importance given contemporary issues of social justice and advocacy Womanist Ethical Rhetoric centers discourses of religious rhetoric and its influence on Black women s aims for voice empowerment and social justice in these turbulent times The chapters utilize womanism in conjunction with other frames to examine how Black women incorporate different aspects of their identities into struggles for empowerment and celebrations of who they are in holistic ways that center love and community This approach embraces both the commonalities and differences between womanists through theoretical and applied contexts It advances the work of womanist predecessors and pays homage to them most notably Rev Dr Katie Cannon s work on womanism and religion Topics analyzed include Black women s spiritual and professional identities in religious organizations the role of Black churches in Black Lives Matter and the inclusion of all Black women in racial academic achievement gaps Chapters also examine Black women s leadership and activism including church leaders and representations in popular culture and women s inclusion in the beloved community This collection centralizes the plurality of Black women s lives which is key to advancing their voices     *Pastoral Bearings* Mary Clark Moschella, Jane F. Maynard, Leonard Hummel, 2010-03-18 The study of lived religion is an enterprise which attempts to elucidate how ordinary men and women in all times and places draw on religious behavior media and meanings

to make sense of themselves and their world Through the influence of liberation theology and postmodernism pastoral theologians like other scholars of religion have begun more closely to examine the particularity of religious practice that is reflected through the rubric of lived religion Pastoral Bearings offers up ten studies that exemplify the usefulness of the lived religion paradigm to the field of pastoral theology The volume presents detailed qualitative research focused on the everyday beliefs and practices of individuals and groups and explores the implications of lived religion for interdisciplinary conversation intercultural and gender analysis and congregational studies Reflecting upon the utility of this approach for pastoral theological research education and pastoral care the studies collected in Pastoral Bearings demonstrate the importance of the study of lived religion

**Ingenuity** Lisa L. Thompson, 2018-11-06 Ingenuity introduces a theology and practice of preaching that emerges from the faith and wisdom of black women Preaching has been resourced and taught from a narrow field of cultural or gendered experiences historically Without much support from established channels black women are left to figure it out on their own and others discern how to preach from a limiting scope The best preachers understand their own voices and the voices of others They stretch and grow and this enables them to preach more effectively Ingenuity equips readers to negotiate tradition life experiences and theological conviction in the creative work that makes way for sacred speech With Ingenuity Lisa Thompson offers deep insights for anyone seeking to enlarge their understanding their language and their sense of lived experiences and offers practical help through In Practice segments for those who preach Written from the deep well of the spirituality of Black women Thompson has given us a remarkable guide for what preaching should be and must be for the times we are in Accessible thoughtful probing pastoral prophetic all come together in this text A must read for anyone committed to faithful excellence in proclaiming the word Emilie M Townes Dean and E Rhodes and Leona B Carpenter Professor of Womanist Ethics and Society Vanderbilt University Divinity School

**Preaching Prophetic Care** Phillis Isabella Sheppard, Dawn Ottoni-Wilhelm, Ronald J. Allen, 2018-06-25 Preachers often think of prophetic preaching in the caricature of the prophet as the lonely outsider confronting the congregation often angrily with the congregation's complicity in social injustice and with a bracing call for repentance The twenty seven essays and sermons in this book offer a different perspective by viewing prophetic preaching specifically and ministry practical theology and theological education more broadly as pastoral care for the community in prophetic perspective Such preaching does indeed bring a critical theological analysis of justice concerns to the center of the sermon but in such a way as to invite the congregation to consider how the move toward justice is a pastoral move that is a move that seeks to build up community Rather than contributing to the polarization so rampant in today's social world the preacher seeks to help the congregation build bridges along which concern for justice can travel The contributions honor the work of the late Dale Andrews a scholar of preaching and practical theology at the Divinity School Vanderbilt University whose seminal work inspires the notions of prophetic care and building bridges to justice

Parker, 2010-04-01 Adolescent girls between the ages of fifteen and eighteen shared with Parker and her co authors life stories that show how they struggle to make sense of their experiences of racism sexism classism and heterosexism in light of their belief in God or their concept of a higher divine power The groups of adolescent girls interviewed include Korean Americans African Americans Native Americans Latinas working class whites and lesbians The closing chapter revisits the prominent themes from each chapter challenging those concerned about fostering a spirituality that is life giving for girls who struggle with racism classism sexism and heterosexism In addition it explores the concepts of realization resistance resilience and ritual as

four essential components for nurturing a wholesome spirituality in adolescent girls      *Places of Redemption* Mary McClintock Fulkerson, 2010-08-19 The primary aim of this book is to explore the contradiction between widely shared beliefs in the USA about racial inclusiveness and equal opportunity for all and the fact that most churches are racially homogeneous and do not include people with disabilities To address the problem Mary McClintock Fulkerson explores the practices of an interracial church United Methodist that includes people with disabilities The analysis focuses on those activities which create opportunities for people to experience those who are different as equal in ways that diminish both obliviousness to the other and fear of the other In contrast with theology's typical focus on the beliefs of Christians this project offers a theory of practices and place that foregrounds the instinctual reactions and communications that shape all groups The effect is to broaden the academic field of theology through the benefits of ethnographic research and postmodern place theory

**Introduction to the Practice of African American Preaching** Frank A. Black Theology--Essays on Global Perspectives Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of

the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures
