## **God Is A Trauma Vicarious Religion And Soulmaking:**

**God is a Trauma** Greg Mogenson,1989 It will not be easy at first to sense that God is a trauma that the jungle fire fight the early morning rape the speeding automobile of the drunk driver may be God images if like God they create us in their image after their likeness But little by little this gnostic analysis gets under the skin one begins to see indeed that whatever traumatises us becomes our parent our God that our religion has traumatised us by being religious kitsch covering our hurts Greg Mogenson makes the point sensitively therapeutically compellingly that the notion of salvation is eternally corruptible that we need salvation from the very notion of salvation itself It may be as important for souls today to wrestle God as a Trauma as it was for Jacob to wrestle God s angel traumatically for the same reason David L Miller *Trauma and Embodied Healing in Dramatherapy, Theatre and Performance* J. F. Jacques,2024-03-11 This edited volume explores the singularity of embodiment and somatic approaches in the healing of trauma from a dramatherapy theatre and performance perspective Collating voices from across the fields of dramatherapy theatre and performance this book examines how different interdisciplinary and intercultural approaches offer unique and unexplored perspectives on the body as a medium for the exploration expression and resolution of chronic acute and complex trauma as well as collective and intergenerational trauma The diverse chapters highlight how the intersection between dramatherapy and body based approaches in theatre and performance offers additional opportunities to explore and understand the creative expressive and imaginative capacity of the body and its application to the healing of trauma The book will be of particular interest to dramatherapists and other creative and expressive arts therapists It will also appeal to counsellors psychotherapists psychologists and theatre scholars

**The Inner World of Trauma** Donald Kalsched,2014-02-25 Donald Kalsched explores the interior world of dream and fantasy images encountered in therapy with people who have suffered unbearable life experiences He shows how in an ironical twist of psychical life the very images which are generated to defend the self can become malevolent and destructive resulting in further trauma for the person Why and how this happens are the questions the book sets out to answer Drawing on detailed clinical material the author gives special attention to the problems of addiction and psychosomatic disorder as well as the broad topic of dissociation and its treatment By focusing on the archaic and primitive defenses of the self he connects Jungian theory and practice with contemporary object relations theory and dissociation theory At the same time he shows how a Jungian understanding of the universal images of myth and folklore can illuminate treatment of the traumatised patient Trauma is about the rupture of those developmental transitions that make life worth living Donald Kalsched sees this as a spiritual problem as well as a psychological one and in *The Inner World of Trauma* he provides a compelling insight into how an inner self care system tries to save the personal spirit *The Theater of Trauma* Michael Cotsell,2005 *The Theater of Trauma* is a groundbreaking rereading of the relations between psychology and drama in the age of Eugene O Neill Susan Glaspell and their many brilliant contemporaries American modernist Theater of Trauma drew its vision from the

psychological investigation of trauma and its consequences among them hysteria and dissociation made by French and American psychiatrists such as the great Pierre Janet Alfred Binet William James Morton Prince and W E B Du Bois the European and American dissociationist culture that developed around their work and the resulting trauma of World War I American dramatists deep resistance to Freud's suppression of trauma challenges the equation of Freud and modernism that has become commonplace in modernist criticism *Trauma and Transcendence* Eric Boynton, Peter Capretto, 2018-08-07

Trauma theory has become a burgeoning site of research in recent decades often demanding interdisciplinary reflections on trauma as a phenomenon that defies disciplinary ownership While this research has always been challenged by the temporal affective and corporeal dimensions of trauma itself trauma theory now faces theoretical and methodological obstacles given its growing interdisciplinarity *Trauma and Transcendence* gathers scholars in philosophy theology psychoanalysis and social theory to engage the limits and prospects of trauma's transcendence This volume draws attention to the increasing challenge of deciding whether trauma's unassimilable quality can be wielded as a defense of traumatic experience against reductionism or whether it succumbs to a form of obscurantism Contributors Eric Boynton Peter Capretto Tina Chanter Vincenzo Di Nicola Ronald Eyerman Donna Orange Shelly Rambo Mary Jane Rubenstein Hilary Jerome Scarsella Eric Severson Marcia Mount Shoop Robert D Stolorow George Yancy **Betrayal in Psychotherapy and Its Antidotes** E Mark Stern, 2014-10-29

Betrayal in all its forms has been and is an ever present reality in every area of life politics business and human relationships to name a few Recent publications have chronicled the unethical actions of mental health and other human service professionals yet the psychology of betrayal has received little public interest and attention This book explores the many issues relating to psychotherapy and betrayal The contributing authors of *Betrayal in Psychotherapy and its Antidotes* present the various faces of betrayal as may be encountered by therapists in the office or in the profession They challenge therapists to understand the violations of trust that can occur within the therapeutic relationship Readers are reminded that the trauma of betrayal manifests itself within all patients regardless of the nature and expression of psychopathology More importantly the authors define betrayal as experienced with specific cases and they attempt to bring out underlying principles that are useful to therapists and the larger professional community Readers will find their understanding of the concept of betrayal much expanded from the chapters in *Betrayal in Psychotherapy and its Antidotes* For example betrayal is discussed as a failure in the interpersonal or intersubjective relationship between therapist and client in one chapter as opposed to the concept of betrayal as an act calculated to lead another person astray an act of deception or treachery and a breach of confidence and trust as considered in another chapter Other approaches to betrayal and psychotherapy include how to determine what is betrayal in psychotherapy the use of case examples to establish the importance of the therapist striving to remain true to the genuine potentiality of a patient how to avoid colluding with the patient's rejection of life the work of Alice Miller a psychoanalyst by training and the betrayal of children by abuse the paradoxical nature of psychiatric

practice and its necessary reliance upon moral reasoning an investigation on the link between therapists personal maturity and the success of therapy how traditional humanistic and analytic therapies can entrap both therapist and patient into a betrayal of self and the relationship implications of the betrayal of the feminine in males and their work with clients in a psychotherapy setting a case portrayal of Teddy the betrayal of the betrayed

**Working with Spiritual Struggles in Psychotherapy** Kenneth I. Pargament, Julie J. Exline, 2021-11-10 Does my life have any deeper meaning Does God really care about me How can I find and follow my moral compass What do I do when my faith is shaken to the core Spiritual trials doubts or conflicts are often intertwined with mental health concerns yet many psychotherapists feel ill equipped to discuss questions of faith From pioneers in the psychology of religion and spirituality this book combines state of the art research clinical insights and vivid case illustrations It guides clinicians to understand spiritual struggles as critical crossroads in life that can lead to brokenness and decline or to greater wholeness and growth Clinicians learn sensitive culturally responsive ways to assess different types of spiritual struggles and help clients use them as springboards to change

The Dove in the Consulting Room Greg Mogenson, 2004-06-02 Psychoanalysis began as a treatment for hysteria over a century ago and recently has returned to hysteria as a focus most notably in the works of Christopher Bollas and Juliet Mitchell This provocative and original book critically engages with psychoanalysis and in particular the phenomenon of the return of hysteria to analysis from a Jungian perspective asking such questions as what is the purpose of the concept of hysteria in psychoanalysis What does it say about the concept of the soul and of the analytical culture What place does spirituality generally have in psychoanalysis what place for the dove in the consulting room Drawing on the works of Jung Bollas Hillman and Giegerich the author provides a rich rejoinder to Bollas s proposed theory of hysteria and provides a unique Jungian analysis of analysis itself both Freudian and Jungian The Dove in the Consulting Room is illuminating reading for the professional analyst and for anyone interested in the spiritual and cultural importance of psychoanalysis and analytical psychology

**Harvesting Darkness** Dennis Patrick Slattery, 2006-03 As Dennis Patrick Slattery s writing shows the very stuff of the great traditions is life itself and the hurly burly of current culture is the ground in which tradition thrives Slattery s analyses are keen and thoughtful often scholarly and always deeply spiritual But they are better for being a bit pugnacious and intimate and virile They give evidence of a life lived in earnest one in which nothing is walled off into a category but all enters into the whole that is the mysterious grounding of the person Foreword by Louise Cowan Author of The Fugitive Group Series Editor The Terrain of Comedy The Epic Cosmos And The Tragic Abyss Founder Institute of Philosophic Studies The University of Dallas the Teachers Academy at the Dallas Institute of Humanities and Culture

**Greeting the Angels** Greg Mogenson, 2016-11-03 This book written in the genre of Imaginal Psychology presents the imaginal dimension of the mourning process The angels it greets are the interior figures who greet the bereaved during the course of their mourning process In memory reverie and dream images of the dead return to heal and be healed As the bereaved enter into

relationship with these images the grief in which they are sequestered is particularized and individualized into the precise nuances of significance which make mourning possible **Spring**, 2006 Greening of Psychology Peter Bishop, 1991
