Chase Adonai Trudeau (CAT), 2022-06-24 Many people I have loved and who are no longer on this earth and many people I still love believe that a scientific way of thinking has removed the mysteries that led less educated people to believe in a god They think the scientific advances demonstrate superior scientific thinking that has led to the erosion of the foundations of faith an erosion that no longer supports rational faith If someone you love thinks along these lines this book may be for them **The**

Sherwin, 2004-09-24 Why do people follow a leader particularly a religious leader Is it because of personality or a particular vision or set of values or perhaps a felt need for direction or authority And why given that Americans are still an overwhelmingly religious people is the clergy declining in influence Sherwin argues that what is missing is the perception that religious leaders today are capable of working wonders Sherwin supports his claim by showing that throughout the history of the Jewish people certain leaders were regarded as having wonder working ability this was an essential feature of a holy person Sherwin leads the reader through five periods of Jewish history the era of biblical prophets Jesus and first century Israel Babylonian rabbis of the third and fourth centuries the east European Hasidic Masters of the eighteenth and nineteenth centuries and twentieth century North African rabbis In all cases the moral authority of the leaders came primarily from popular belief in their power to work wonders for the people Sherwin applies history to the current situation If the clergy is to be re empowered to reclaim leadership and authority as holy people they must reassert the ability to work wonders This does not require dramatic miracles but deeds that might well be perceived by people as nothing short of miraculous saving a marriage finding someone a job finding homes for the homeless bringing hope to the hopeless This is a book that every member of the clergy and every religious leader should read ponder and take to heart

World of Wonders Alf Hiltebeitel, 2022 In *World of Wonders* Alf Hiltebeitel addresses the Mahabharata and its supplement the Harivamsa through the critical lens of the Indian aesthetic theory of rasa juice essence or taste Rejecting the traditional reading of these texts he argues that the dominant rasa is adbhutarasa the mood of wonder The heart of his argument is that the Mahabharata and Harivamsa both deploy the terms for wonder and surprise vismaya in significant numbers that extend into every facet of these heterogeneous texts showing how adbhutarasa is at work in the rich and contrasting textual strategies which are integral to the structure of the two texts **Psalms of Wonder** Carey
