Dembski,2016-04-15 For a thing to be real it must be able to communicate with other things If this is so then the problem of being receives a straightforward resolution to be is to be in communion So the fundamental science indeed the science that needs to underwrite all other sciences is a theory of communication Within such a theory of communication the proper object of study becomes not isolated particles but the information that passes between entities In Being as Communion philosopher and mathematician William Dembski provides a non technical overview of his work on information Dembski attempts to make good on the promise of John Wheeler Paul Davies and others that information is poised to replace matter as the primary stuff of reality With profound implications for theology and metaphysics Being as Communion develops a relational ontology that is at once congenial to science and open to teleology in nature All those interested in the intersections of theology philosophy and science should read this book      **The Power of God Given Imagination** Ray McCollum,2015-10-06 God has already given you the power to create your own future you just need to learn how to use it The Power of God Given Imagination awakens the dreamer within you by unveiling this incredible gift and explaining its quiet necessity in your life No faith has ever sprouted and no prayer has ever been prayed without the use of imagination For too long the power of imagination has been associated with New Age mysticism or the secular realm of positive thinking Ray McCollum defies this trend by demonstrating that the power of the human mind and imagination belongs to the church and God expects us to use it Within the pages of this book you will discover exactly what the power of imagination is how it works and how you can use it to both transform your personal life and transform the culture around you by releasing the kingdom of God      **Angels in My Path: A Testimony to God's Plan for Our Lives** Dick Veale,2010-01-21 Dick Veale wants to let people know that God has a plan
