Godard and the Essay Film Rick Warner, 2018-07-15 Godard and the Essay Film offers a history and analysis of the essay film one of the most significant forms of intellectual filmmaking since the end of World War II Warner incisively reconsiders the defining traits and legacies of this still evolving genre through a groundbreaking examination of the vast and formidable oeuvre of Jean Luc Godard The essay film has often been understood by scholars as an eccentric development within documentary but Warner shows how an essayistic process of thinking can materialize just as potently within narrative fiction films through self critical investigations into the aesthetic political and philosophical resources of the medium Studying examples by Godard and other directors such as Orson Welles Chris Marker Agnès Varda and Harun Farocki Warner elaborates a fresh account of essayistic reflection that turns on the imaginative constructive role of the viewer Through fine grained analyses this book contributes the most nuanced description yet of the relational interface between viewer and screen in the context of the essay film Shedding new light on Godard's work from the 1960s to the 2010s in film television video and digital stereoscopy Warner distills an understanding of essayistic cinema as a shared exercise of critical rumination and perceptual discovery

Verrone, 2011-11-08 Here is a critical and historical overview of unconventional and aesthetically challenging films all of feature length The author focuses on the particular forms of contemporary avant garde films which often rely on characteristics associated with historical films of the same genre Included are works by such visionary filmmakers as David Lynch Luis Bunuel Jean Cocteau Jean Luc Godard Guy Maddin and Derek Jarman The first of the two appendices contains a filmography of key avant garde feature films from *Haxan* *Witchcraft Through the Ages* 1922 to *Maximum Shame* 2010 The second appendix offers a brief list of directors who have made significant contributions to films that take alternative approaches to cinematic practice establishing new grounds for analysis and evaluation American Magic and Dread Mark Osteen, 2000-06-19 A strongly argued analysis and close reading of Delillo's works There is much here in the methodology and discussion of postmodern themes and techniques that will have relevance to American studies and cultural studies more widely Forum for Modern Language Studies Memory, Place and Autobiography Jill Daniels, 2019-01-03 There has been a significant growth in autobiographical documentary films in recent years This innovative book proposes that the filmmaker in her dual role as maker and subject may act as a cultural guide in an exploration of the social world It argues that in the cinematic mediation of memory the mimetic approach in the construction of documentary films may not be feasible and memory may instead be evoked elliptically through hybrid strategies such as critical realism and fictional enactment Recognizing that identity is formed by history and what goes on in the world the book charts the historical trajectory of the British independent filmmaking movement from the mid 1970s to the present growth of new online distribution outlets and new media through digital technologies and social media *Theorizing Adaptation* Kamilla Elliott, 2020-05-20 From intertextuality to postmodern cultural studies narratology to affect theory poststructuralism

to metamodernism and postcolonialism to ecocriticism humanities adaptation studies has engaged with a host of contemporary theories Yet theorizing adaptation has been declared behind the theoretical times compared to other fields and charged with theoretical incorrectness by scholars from all theoretical camps In this thorough and groundbreaking study author Kamilla Elliott works to explain and redress the problem of theorizing adaptation She offers the first cross disciplinary history of theorizing adaptation in the humanities extending back to the sixteenth century revealing that until the late eighteenth century adaptation was valued for its contributions to cultural progress before its eventual and ongoing marginalization by humanities theories The second half of the book offers ways to redress the troubled relationship between theorization and adaptation Ultimately Theorizing Adaptation proffers shared ground upon which adaptation scholars can debate productively across disciplinary cultural and theoretical borders
