Part cultural history part biography this is the fascinating story of Richard Wagner s life influences gift for storytelling and artistic revolution culminating in the dramatic journey to write The Ring Cycle The Ring Cycle is one of the most epic and compelling operas of the nineteenth century created by a composer who was alongside Dickens Tolstoy and Victor Hugo also one of the century s master storytellers But the story of how Richard Wagner created the work is one full of intrigue and triumphs against unlikely odds as well as controversy due to the composer s anti semitic views and popularity with the Nazi party In Wagner and the Creation of the Ring Michael Downes combines cultural history and biography to recount the colorful fascinating and insightful journey behind the creation of The Ring and its mythology He tells the story of how and why this extraordinary masterpiece came into being why it takes the form it does why it fascinates and obsesses so many and horrifies others and why it still matters today     *The Dramatic Society* Klaas Tindemans,2022-10-26 All societies are by their

very nature dramatic They present themselves especially for those who want to look back in time as a fascinating and confusing whole of theatrical events and constructions Sometimes the theatre itself succeeds in capturing that fascination and confusion This book describes the dramatic society in the form of case studies that link politics history and culture The Dramatic Society uses selected plays to examine specific moments in history Its range of subjects are extremely diverse including Medea as an icon of terrorism a choreography based upon Shakespeare s As You Like It horror movies about the German unification a truth commission dealing with human zoos and the reconstruction of Ai Weiwei s troubles with the tax authorities This collection of insightful essays deals with theatrical performances including happenings installations and movies of the past fifty years with every chapter attempting to link artistic events with politics and political theory from Hannah Arendt to Slavoj i ek This is a revealing assessment of the ways in which drama and politics become intertwined offering crucial insights for scholars and students of theatre studies performance studies contemporary politics and cultural studies     **Quill & Quire** ,1992     *Library Journal* ,1989 Includes beginning Sept 15 1954 and on the 15th of each month

Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately     The Goddess Monologues Vandana Khanna,2016-02-18     Her Perspective: Gaia Speaks About Her True Story Alloya Huckfield,2012-04-26 Whilst traveling with friends to a crystal dig Alloya finds herself in an altered state Suddenly Mother Earth Gaia appears to her as a beautiful goddess I want to tell you my story she says Words and images flood over her like a continuous movie film for three days as Alloya is barely able to speak drink or eat Afterwards she

wonders how she will remember this amazing tale The Goddess tells her Do not worry This story you already know it is coded into the cells of your living body When you come to write my story all of this will come flooding back Journey with Alloya to the beginning of time as Gaia tells her true past If you ve ever wondered about your soul s many incarnations into various life forms created by Gaia or what really happened in the herstory of our planet Her Perspective will answer your questions This compelling work will fill in the missing gaps empowering readers as they discover our ancient origins and the glorious beings that lie dormant within us     [In Love with the Sun](#) Ryuho Okawa,2014-11-20     **The Ambivalence of Gaia and Pandora** Stanley Arthur Kirk,2002     **Friend of Gaia** Cristóbal Ambiente,2018-07-08 Mother Nature desperately needs our help Will you answer her call Friend of Gaia introduces you to this loving being who wants to connect with us and help us even as we continue to make choices that hurt her Gaia is not only the name given to the first goddess of Ancient Greece it is also the name of the very real living spirit of the Earth Yes Gaia is very much alive It is upon Gaia s body that we live our lives and make our mark Gaia s Earth is designed to seamlessly meet our every imaginable need as well as the needs of all other loving beings that call the Earth home However this beautiful and elegant self regulating system is failing quickly Where we would usually see the Earth self correct we are instead seeing the whole system becoming increasingly less able to cope with the extreme strain placed on the Earth by our own hands As climate change and other global threats intensify Gaia turns to us and asks that we use our free will to protect her Earth before we destroy everything that she holds dear Will you accept her call Will you awaken from your slumber and be a friend of Gaia at the very moment she needs us the most
