Hell that does something to him he can't explain. He knew she was safe in Witness Protection, had to be, yet there was a part of him that needed to hear her voice. But not the panicked, shock-coated voice he gets when she calls him one night. The Cartel is hunting her and wants her dead, and he'll do anything to get between her and them. His unhealed pain destroys the ease that'd once been between them, but he swears to keep her safe. Even though his own heart is on the line. Zain. He's become one of them. Zain Mitry has lost everything. His name, his identity, and his humanity. All that's left is a cold shell of the alias he's become. An active member in Jaysh, a terrorist group. Afghanistan isn't for the faint of heart, but fear doesn't reach his veins until he witnesses Jaysh's leader take a woman hostage from a protest. Her electrifying blue eyes capture Zain's, and he's spellbound by her bold, fiery nature. Despite the distance between his heart and reality, he can't turn a blind eye when the woman is attacked. He rushes to rescue her, and the first word she speaks to him, a word no one on this side of the world identifies him with. The only tether to his old life. The name that will destroy him. Zain. She's vowed to find a man she's never met. Ex-FBI analyst Dana McAvery can't explain what drew her to Zain's case. But finding the missing Green Beret soldier became her mission. But coming face-to-face with the man who's monopolized every spare moment of her mind shakes her. His tall, dark, and formidable stare rocks her confidence. She expected to find a prisoner, a man in need of rescue, but a brutal killer stands before her.

**Forbidden Prayer** Giorgio Caravale, 2016-04-22. This book delineates the attempt carried out by the Congregations of the Inquisition and the Index during the sixteenth and early seventeenth century to purge various devotional texts in the Italian vernacular of heterodox beliefs and superstitious elements while imposing a rigid uniformity in liturgical and devotional practices. The first part of the book is focused on Rome's anxious activity toward the infiltration of Protestant ideas in vernacular treatises on prayer meant for mass consumption. It next explores how only in the second half of the sixteenth century, once Rome's main preoccupation toward Protestant expansion had subsided, the Church could begin thinking about a move from a rejection of any consideration of the merits of interior prayer to a recovery and acceptance of mental prayer. The final section is dedicated to the primary objective of the Church's actions in purging superstitious practices, which was not simply the renewal of the spiritual life of the faithful but also the control of the religious and social life of many faithful who were uneducated. Based on a careful examination of the archival records of the two Roman dicasteri in question, many of which have only been accessible to scholars since 1998, as well as a close reading of the many of suspect devotional texts themselves, this book offers a fascinating contribution towards a fuller appreciation of the complex landscape that characterized the spiritual realities of early modern Italy.
