

God's Ways with the World

Thinking and Practising Christian Faith

DANIEL W. HARDY

'This is some of the richest theology to have been produced in Britain or America in recent decades. It faces one after another of the key questions and always illuminates them. It is rare to be able to unite such profound engagement with God and the fundamentals of Christian faith together with a sense of getting inside the critical and constructive contributions of a range of other disciplines.'

PROFESSOR DAVID F. FORD

'During the last few decades, Daniel Hardy has been a leading contributor to the revival of systematic theology in Britain. These papers provide a conspectus of the range and depth of his thinking, and will long continue to serve as sources of profound insight and understanding.'

PROFESSOR COLIN E. GUNTON
