God's Word Paul Trinchard,1999-02-01 The Truth Seeker ,1928 **Gospel Herald** ,1926 **Children's Books in Print, 2007** ,2006 The Last Word M. E. Friesz,2005-02 THE LAST WORD of God takes one through the highlights of the Bible Part I is on Bible History Part II is on the Church Age Part III is on prophecy Christian Faith and Life ,1928 The Ever War Elder Conrad Jarrell,2015-08-23 The King James Bible teaches that God created the entire universe in Six Days that all the Holy Angels for they all still were sang together and shouted for joy and that God saw that Everything that He had made was very Good for it all still was Then the Seventh Day Everything changed save only God the Elect Holy Angels and their heavenly Abode This book is about Who and What and Why and How those Changes were made It is the Story of Life and Death Holiness and Sin Heaven and Hell Angels and Demons The Seed of The Woman and The The Seed of The Serpent It is the Story of the single Throne of God and of many Unidentified Flying Objects It is the Story of the Human Race and of Another Race which only looks human and of still Others which don t at all It is the Story of an Innocent Man Who died on a Cross and rose to be Lord on the Throne of Heaven and of a Guilty Cherub who fell from Glory and will rot forever in a Lake of Fire This book is The Story of The Ever War Philosophy David K. Naugle,2012-09-30 Philosophy pervades every sphere of life from the defense of the gospel to the formulation of Christian doctrine to the daily decisions we make In this work distinguished professor David Naugle gives us a firm understanding of the basic issues thinkers and sub disciplines in the field of philosophy as well as an invitation to engage with the contemporary challenges therein He discusses the importance of prolegomena assumptions and methods and the vocation of Christian philosophers Naugle also outlines the differences between the Hebrew and Greek mindsets and provides biblical perspectives through an Augustinian approach Above all Naugle teaches us how to philosophize in light of God and the gospel **Sword of the Spirit, Shield of Faith** Andrew Preston,2012-02-28 A richly detailed profoundly engrossing story of how religion has influenced American foreign relations told through the stories of the men and women from presidents to preachers who have plotted the country s course in the world Ever since John Winthrop argued that the Puritans new home would be a city upon a hill Americans role in the world has been shaped by their belief that God has something special in mind for them But this is a story that historians have mostly ignored Now in the first authoritative work on the subject Andrew Preston explores the major strains of religious fervor liberal and conservative pacifist and militant internationalist and isolationist that framed American thinking on international issues from the earliest colonial wars to the twenty first century He arrives at some startling conclusions among them Abraham Lincoln s use of religion in the Civil War became the model for subsequent wars of humanitarian intervention nineteenth century Protestant missionaries made up the first NGO to advance a global human rights agenda religious liberty was the centerpiece of Franklin Roosevelt s strategy to bring the United States into World War II From George Washington to George W Bush from the Puritans to the present from the colonial wars to the Cold War religion has been one of America s

most powerful sources of ideas about the wider world When just days after 9 11 George W Bush described America as a prayerful nation a nation that prays to an almighty God for protection and for peace or when Barack Obama spoke of balancing the just war and the imperatives of a just peace in his Nobel Peace Prize acceptance speech they were echoing four hundred years of religious rhetoric Preston traces this echo back to its source Sword of the Spirit Shield of Faith is an unprecedented achievement no one has yet attempted such a bold synthesis of American history It is also a remarkable work of balance and fair mindedness about one of the most fraught subjects in America The Case for Biblical Christianity Edward J. Carnell,2007-10-01 The Case For Biblical Christianity in which the full range and development of Carnell s mind is revealed gives the Christian community ready access to many of Carnell s finest articles They have been selected and edited by Ronald M Nash and in this collection as in all of Carnell s writings will be found thoughtful stimulating and often thought provoking essays on a variety of topics all of contemporary interest Fundamentalist Versus Modernist John Roach Straton,1988 **Evolution and Religion** Gail Kennedy,1949 Leaves of Healing ,1930 Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 **In the Beginning Was the Word: Language** Vern S. Poythress,2009-10-27 Language is not only the centerpiece of our everyday lives but it gives significance to all that we do It also reflects and reveals our all sustaining Creator whose providential governance extends to the intricacies of language Writes Vern Poythress God controls and specifies the meaning of each word not only in English but in Mandarin Chinese Hindi Italian and every other language When in our modernism or postmodernism we drop him from our account of language our words suddenly become a prison that keeps us from the truth rather than opening doors to the truth But we will use our words more wisely if we come to know God and understand him in relation to our language It is such biblically informed insights that make In the Beginning Was the Word especially valuable Words are important to us all and this book written at a level that presupposes no knowledge of linguistics develops a positive God centered view of language In his interaction with multiple disciplines Poythress offers plenty of application not just for scholars and church leaders but for any Christian thinking carefully about his speech **The New International Dictionary of the Christian Church** James Dixon Douglas,1974 Here for the first time is a comprehensive one volume reference work which traces the development of the Christian Church from a sound historical and evangelical perspective More than a million words in 4 800 articles lead us down the byways of 2 000 years of history to marvel at how colorful and exciting and many faceted is our Christian record and how musicians and missionaries seers and soldiers kings and councils poets and persecutors humanists and heretics have all for better or worse made a contribution to the heritage of our faith This volume sets out to give information not easily available elsewhere in such convenient form and thus to encourage the reader to appreciate the richness diversity and wholeness of the Christian tradition More than 180 scholars from United States Canada the United Kingdom and many other nations have contributed their expertise incorporating recent archaeological discoveries conclusions to documentary

research and specialized studies Useful cross references and bibliographies of significant works enhance this dictionary as a basic sourcebook and study tool Because the Christian faith has so profoundly influenced the course of Western civilization a knowledge of the Church s times and seasons institutions and aberrations triumphs and failings is essential to an understanding of contemporary culture and religious life Here in sound historical and critical perspective are described the New Catholicism the higher criticism of the Holy Scriptures the varying viewpoints of Jesus Christ as God man and God man the indigenous character of the Church in different countries and continents of the world This is a volume to give laymen and scholars alike a renewed sense of history an identification and feeling of fellowship with those who have carried the torch of truth before us and most of all an appreciation of the priceless heritage which is ours in Christ **The**
