**A Lay Preacher but God's Work?** A. Sinner, 2013-10-17 In A Sinners second book he again states he has to keep to his pen name and again changes all names of churches friends and family because of as he puts it historical freedoms long ago fought and died for in my country but now lost to dangerous forces that are not only unchallenged but appeased and encouraged He gives a chapter on his own English roots and background where he says his Saviour showed him the first signs of sin of which he needed to take to His cross He mentions first hand experience of Jesuit and Christian Brother school teachers who not surprisingly he is no fan of Yet his criticisms again are not left to Roman Catholicism alone As in his first book often humorous often tragic words but now not just in sermon notes but observations experiences speaking notes modern parables one or two poems and also in his own mostly pen and ink illustrations He gives a little more detail than in his first book of his working for his Saviour in missionary organisations such as Prison Fellowship SASRA and local church work Through it all he leaves the same message for all look to the Bible for inspiration but especially to unbelievers for salvation only in the Bibles Author The Holy Spirit and the Word of God Jesus Christ John Then they asked Him What must we do to do the works God requires Jesus answered The work of God is this to believe in the one He has sent John 6 28 29

*Reflections of God's Work* Paul McLean, 2010-08-23 This work by Paul McLean is a deep weekly devotional that is both introspective and interactive It is a weekly study as opposed to a daily reading in order to involve the reader on a more contemplative journey into focused biblical issues By use of a weekly instead of a daily study this devotional allows an opportunity to go deeper with God by narrowing the reader s focus on particular biblical principles that impact his or her personal sphere McLean vigorously maintains that Bible study deep personal analysis and prayer are critical anchors in weathering any of life s storms while at the same time producing Christian growth and maturity They are also the pillars from which growth life balance and fulfillment are achieved This book is interactive through the use of journaling thoughts impressions and messages received through connecting with God s word Bible during the week Essentially the reader evaluates his or her life by answering in journalistic form pointed and personal life questions McLean believes that prayer and contemplative study play critical roles in the process of hearing from God This devotional can also be used as a study guide for group sharing and personal growth Each chapter touches on insights and personal experiences McLean has encountered in his work as a probation officer and from his involvement in prison ministry He discovered that by witnessing the transforming power of Jesus Christ in the lives of criminal offenders he was changed and shaped by God for a higher purpose

Jacobsen,2004-04-01 In recent years Old Testament scholars have come to see that the aesthetic and rhetorical richness of Hebrew poetry goes far beyond simple synonymous antithetic and synthetic parallelism One aspect that has yet to receive sustained treatment is the poetic device known as direct discourse or quotation the direct citation of a person s speech Rolf A Jacobson remedies this lack and makes a significant contribution to Old Testament studies by offering a sustained investigation into the function of direct discourse in the Hebrew Psalter This leads to a greater understanding both of direct discourse and also of those psalms in which this poetic device occurs

Shollenberger,2014-01-30 In the book *God and His Coexistent Relations to the Universe* the author is rejecting the universe that Judaism Christianity Islam Isaac Newton and Albert Einstein have accepted for a long period To replace this old universe an improved universe appeared from the thoughts of Confucius Anaxagoras Plato and Jesus who taught the death of our sun in Ch 24 of Matthew Unfortunately this teaching by Jesus was quieted for fifteen centuries by Irenaeus until Copernicus stood up and said that earth is not the center of the universe So an improved universe was becoming very interesting to many scientists This improved universe of Copernicus would expand when Kepler found that our sun has a system of eight precise planets Slowly the improved universe would become very clear when Leibniz found the immortal human souls and when Galileo found the bodies are made by these immortal souls In 1766 Ben Franklin went to Germany in order to learn the immortal souls of Leibniz In the next ten years Americans would separate America from England which still accepts the old universe After this separation more discoveries would come to the USA from German and Chinese thoughts For example Riemann would tell the world that the relationships of bodies in the universe can be determined only by our senses and measurements With Riemanns statement the author concluded that God is always active The author also found that God and the bodies in the universe come together with co existent concepts With these advances the author rejects the old universe and says that the people of many nations will form a new religion under an active God

**Jonathan Edwards's Philosophy of History** Avihu Zakai, 2009-02-09 Avihu Zakai analyzes Jonathan Edwards's redemptive mode of historical thought in the context of the Enlightenment. As theologian and philosopher, Edwards has long been a towering figure in American intellectual history. Nevertheless, and despite Edwards's intense engagement with the nature of time and the meaning of history, there has been no serious attempt to explore his philosophy of history. Offering the first such exploration, Zakai considers Edwards's historical thought as a reaction in part to the varieties of Enlightenment historical narratives and their growing disregard for theistic considerations. Zakai analyzes the ideological origins of Edwards's insistence that the process of history depends solely on God's redemptive activity in time as manifested in a series of revivals throughout history, reading this doctrine as an answer to the threat posed to the Christian theological teleology of history by the early modern emergence of a secular conception of history and the modern legitimation of historical time. In response to the Enlightenment refashioning of secular historical time and its growing emphasis on human agency, Edwards strove to re-establish God's preeminence within the order of time. Against the de-Christianization of history and removal of divine power from the historical process, he sought to re-enthrone God as the author and lord of history and thus to re-enchant the historical world. Placing Edwards's historical thought in its broadest context, this book will be welcomed by those who study early modern history, American history, or religious culture and experience in America.
