Answering God's Call to Discipleship John Henderson,2024-07-17 In answering God s call to discipleship each person must willfully surrender his or her powerful and natural desire to live according to self seeking worldly rules and norms Instead comes the commitment to strive to live ever closer to Him in love trust and obedience This decision is radical and thus difficult But the rewards of striving to become a Christ centered spiritual being rather than a worldly one are profound

and miraculous The path to living according to God's will rather than our own is clearly directed by Scripture and is unequivocally defined by the life, teachings, sacrificial death and resurrection of Christ. Every step is guided by the Holy Spirit. This book of daily readings is designed to help take you day by day into seeking life in His very presence. In it you will find insights and advice on the struggles that are part of the spiritual growth each individual must have to be transformed into His image which He intended at the very moment of your creation. It is part of John's ministry of teaching, speaking and writing about the power and glory of actually answering Christ's universal call to His discipleship. Visit www.johnwhenderson.com

God Jean Paul Corriveau, 2021-07-31 Drawing on fundamental notions from quantum physics, this book uses logic and careful reasoning to prove that God exists but not in the way most think. Jean Paul Corriveau, who earned degrees in mathematics and computer science, explains how long-held beliefs about God are all wrong. After reading, you'll know God is neither the source of intelligence nor consciousness and not the least involved in life and its evolution. Nature has no design and intelligence is a product of evolution. God is nowhere in the universe but He is its energy source. There is no heaven, hell or afterlife. The author argues that the evolution of nature and life from the Big Bang onward is from randomness and luck. There was never an intent. God is the only nonphysical entity, so prayers don't reach Him. The relationships between God, humans, the universe and Earth aren't what the Bible tells us or what people think. Join the author as he explores how we know God exists and what that really means.

The Gospel of God's Reign Christoph Friedrich Blumhardt, 2013-11-06 No doubt it is common to

hear Christians today declaring their allegiance to God's kingdom. But what does this actually entail and what difference does it make? In his characteristically provocative and daring way, Christoph Blumhardt articulates a vision of God's kingdom that turns much of our understanding of modern Christianity upside down. In the present volume, available in English for the first time, Blumhardt leads readers to look at the gospel anew, challenging us to follow Jesus in a way that makes God's reign a reality here and now. Bypassing vague notions of spirituality as well as transcending simplistic approaches to faith, Blumhardt inspires us to actually live under the rule and reign of God.

The Glory of Christ and the Church ... Being the Whole Substance of Nine Chapters of "The Glory of Christ Unveiled," by J. Hussey. By J. Babb Joseph HUSSEY, 1844

Sacred Incidents, Doctrinally Considered and Poetically Described; Or The Harmony Subsisting Between the Book of Revelation and the Volume of Nature ... Psychologist, 1850 *Sacred incidents; or, The harmony subsisting between the*

Book of revelation and the volume of nature Psychologist (pseud.), 1850 God's Good Man Marie Corelli, 1904 *Chasing Elephants* Brent Crowe, 2014-02-27. Many people know what to believe and why to hold to those beliefs. But the majority of them don't know how to do when it comes to the countless decisions we must make that the Bible doesn't specifically address. *Chasing Elephants* carefully examines the biblical subject of freedom in Christ. Taking into account values, priorities, accountability, and cultural issues, Author Brent Crowe extracts a set of principles to act as a theology of belief for the seemingly gray areas of life. With these principles as a guide, you will be prepared to handle the moral or ethical decisions you will face in life.

The Fight of the Gospels: God's and Man's Jose N. Jijin, 2023-06-13. This book is about the life of the believers and non-believers who have been brainwashed about what in reality is the truth of the spiritual Gospel who end up believing in the gospel of religion, politics, and business. These subjects are carefully mentioned not to offend the righteous in their spirit for being public servants and God's. The corruption of hearts and souls are making man's faith go in the wrong direction while slowly disappearing from his life, a condition in man's life that believes in God but trusts more in man's promises and self-sufficiency for his future.
